Please forward original Program of Study to the Graduate School.

The maximum time limit for completion of a graduate program is seven (7) years. This is calculated from the date the student first enrolls in coursework for graduate credit required for the degree. Should any of the coursework exceed the time limit, the classes would have to be revalidated or repeated. It is the student's responsibility to see that transfer credit (maximum of 12 semester hours) or other program changes have the written recommendation of his/her advisor and department/division chairperson. Forms to transfer credit may be obtained from the Graduate School website. Students are responsible for acquiring letters, with department/division chairperson approval, explaining changes from their original program of study.
