

# Subject Searching in Business Source Premier

Take advantage of *Academic Search Premier's* controlled vocabulary by browsing for subject terms.

1. Click the green **Thesaurus** button on the toolbar at the top of the page.

2. Click on the little round button in front of the phrase **Relevancy Ranked** to list your search results according to relevance.
3. In the **yellow section** of the screen, enter your search terms in the **Browse for** field.
4. Click **Browse** to view your terms as they appear in the Subjects Authority File.
5. Click on the small square box before the term or terms that most closely match the concepts for which you want to search.
6. Click **Add** to insert your terms in the search box.
7. Click **Search** to perform a search using the subject terms you have selected.

To refine your search:

1. Click **Refine Search** tab at the top of your results screen. The search refinement page appears.
2. Here, add further terms or limit your search by publication date, publication, publication type. etc.
3. You may also limit your search to articles that are peer-reviewed, in full-text, contain images, include references, etc.
4. Click **Search** to re-run your query with the limits you have set.
