Speech Sound Disorders in Infants, Toddlers, and School Aged Students

Abstract

The presentation will consist of two independent sections. The morning’s topic is promoting speech development in infants and toddlers. The afternoon’s topic is controversies arising in treating late acquired consonants (the late eight), including the role of speech in school success, the best grade to treat the late eight, and the research-base for non-speech music and oral motor treatment approaches.

Schedule:

April 1, 2016

Conference Center
Third Floor, Student Center

7:30 a.m.-8:00 a.m.
Registration

10:00 a.m.-10:15 a.m.
