

Math Placement

Yes

I have successfully completed a credit bearing College Math course (e.g. College Algebra, Elementary Statistics, Pre-Calculus, Calculus I) at a regionally accredited insitution.

No

No placement needed.
Submit FINAL, OFFICAL transcript to MSU.

I did not take an ACT/SAT Test.

My **Math Subscore**
ACT/SAT subscore submitted to MSU was...

Take the ACCUPLACER Elementary Algebra Math placement exam prior to or on the day of orientation.

Math Subscore
ACT 29+
SAT 690+

Math Subscore
ACT 25-28
SAT 600-680

Math Subscore
ACT 21-24
SAT 530-590

Math Subscore
ACT 0-20
SAT 0-520

No placement needed.

**Does your major require you to take Calculus I in your first semester?

*Does your major require a math class beyond College Algebra or Statistics (e.g. Pre-Calculus or Calculus I) in your first semester?

No

Yes

Take the ACCUPLACER College Level Math placement exam prior to or on the day of orientation.

No placement needed. Talk with your advisor about which math course to take.

Take the ACCUPLACER College Level Math placement exam prior to or on the day of orientation.

No placement needed. Talk with your advisor about which math course to take.

Unsure

You can choose to take the ACCUPLACER College Level Math placement exam prior to or on the day of orientation.

All students need to submit their final test scores to MSU.

***Majors which require Pre-Calculus or higher:**

Bioinformatics

Biology Education

Chemistry

Chemistry Education

Computer Science

Geology

Mathematics

Mathematics Education

Pre-Optometry

Pre-Pharmacy

Radiologic Technology

****Majors which require Calculus I or higher:**

Bioinformatics

Chemistry

Chemistry Education

Computer Science

Mathematics

Mathematics Education

Pre-Pharmacy
