

Minot State University Teacher Education
Student Diversity Profile
(Categories Determined by North Dakota Department of Public Instruction)

Diversity is represented in many forms, including differences in ethnicity, race, gender, socioeconomic status, language, religion, exceptionalities, and geographical area. Minot State University encourages its candidates to interact with students from all backgrounds in its field experiences and clinical practices. Working with your cooperating teacher and your school's records office, construct a student diversity profile by answering the following questions.

Student Teacher _____ Date _____

School Name _____

Total enrollment _____ Grade Levels in the School _____

Total Number of Title I Students _____

School District _____

Public/Parochial _____

Cooperating Teacher _____
