The schedule of classes can be viewed in a non-printable PDF format found at www.minotstateu.edu > CampusConnection and is available to purchase in the bookstore on campus. However, the most accurate up-to-date information is found on CampusConnection. The schedule can be viewed prior to logging in under “View Schedule of Classes”, or after logging in under “Catalogs and Course Schedules”, and while registering (see instructions “How to Enroll, Drop, Wait list and Swap Courses”).

1. Open “Campus Connection” - found at www.minotstateu.edu.

3. Select the institution “Minot State University.”
4. Enter the term (Summer 2008 -0840, Fall 2008 -0910, Spring 2009 -0930).
5. Select either “Basic Search” or “Advanced Search” and turn to the appropriate directions.
Schedule of Classes: **Basic Search**

1. Enter as much or as little as 2 criteria to generate a list of classes.
2. After the department is entered, the screen will refresh.
   * **Hint:** if only the department is entered it will bring up all the courses being offered in that department. Enter the catalog number to help narrow the search.
   * **Hint:** make sure the “Open Classes Only” box is checked so closed or cancelled classes don’t appear.
3. Click “search.”

**Course Catalog Information (pre-requisites and descriptions):**
1. Click on the detail icon.
2. Click on “Course Catalog Detail”
Schedule of Classes: **Advanced Search**

The advanced search allows the results to be refined even more than the basic search. Use the hints below to locate a specific class.

**Hint:** Always enter the **subject**.

**Hint:** Enter the catalog number to locate a specific class.

**Hint:** Use the location box to specify distant education classes (i.e. MAFB classes) or leave the block blank to list all classes.

**Hint:** Select the days of the week to locate classes offered on those days only.

**Hint:** Enter a start time to locate classes at that time.

**Hint:** Enter as many or as few as 2 criterion to generate a list of classes. To locate classes at a specific time, only enter the days of the week and start time. This will generate a list of all the classes in all the subjects that are offered during the days and times searched.

Write down the “Class Nbr.” This number can be used to register for the class. Use the directions titled “How to Enroll, Drop and Swap Courses”
