

Minot State University

Policy Manual

Section 4.8

Natural Disaster

Source: SBHE 906

1. The guidance set forth in this policy is intended to address general responses to natural disasters affecting the Minot State University campus. In the event of a natural disaster:
 - a. all employees shall respond to the guidance and directions of local authorities and supervisors.
 - b. all employees shall take reasonable measures, as reasonable, to secure campus property and resources to prevent damage or loss.
 - c. all campus functions that provide for the essential welfare of students in-residence shall continue as employees are able to respond. (MSU shall continue to provide for the welfare of students through alternative methods as necessary.)
