Minot State University Hispanic students invite students, faculty and staff to learn about their culture at an all Hispanic heritage celebration Thursday, Sept. 15, from 11 a.m. to noon in the Beaver Dam. There will be food and dance.

MSU Diversity Council undergoes changes

By Annette Mennem

The Minot State University Diversity Council was originally established in 1996 under the name Cultural Diversity Committee with the purpose of compiling information and creating a diversity plan. A March, 1999, report, "Multiculturalism & Diversity at Minot State University: An Assessment," recommended that in order to "enhance multiculturalism and diversity at MSU" the institution should "utilize the diversity committee to encourage and establish additional opportunities for meaningful student-tostudent interaction." The committee was revived in the fall of 2002 under the new name, Diversity Committee.

The membership is made up of faculty, staff and students at MSU, including a staff member that sits on the North Dakota University System Diversity Council. Annette Mennem, MSU Native American Center director, and Evelyn Klimpel, MSU Disability Services coordinator, co-chair the committee.

Over the 2016 summer, the Diversity Committee chose to change its name to the DIVER-SITY COUNCIL, to set itself apart from numerous committees on campus.

The council also met for strategic planning, starting with an analysis of the council and campus. During this process, the council learned a few things; it is already doing many things, it could be doing more, and it needs to get the word out to encourage more campus involvement. The diversity of people on the MSU campus has grown more than 50 percent in

Mennem

the last five to 10 years, and that should be celebrated.

Klimpel

The final outcome of the strategic planning was to create a document (poster) to present to the

Minot State

DIVERSITY

university, which outlines the events it will facilitate and/or cosponsor. The poster (below) only presents the overall plan; refer to follow-up posters as activities happen each month or check the online campus calendar.

The first planned event is Sept. 15 from 11 a.m. to noon. MSU Hispanic students invite everyone on campus and in the community to learn about their heritage through food, dance and family

It is that time again, where summer has passed and many of us are getting used to our new schedules for the semester.

For those who are returning after the summer break and those who are new to the campus, I would like to welcome both students and faculty members to MSU. I hope many of you enjoyed the summer, whether you were enjoying the bright temperatures or watching new summer films.

Many interesting films were featured throughout the summer, from comic-based films such as "X-Men: Apocalypse," "Captain America: Civil War" and "Suicide Squad" to comedies that included "Central Intelligence" and "Bad Mom."

However, while summer is done, there are plenty of films coming soon that might attract your attention.

On Sept. 16, the horrifying woods from "The Blair Witch Project" return after 17 years in "Blair Witch."

This time a group of students, led by the younger brother of one of the three missing people, investigates these mysterious woods.

On Movies

Beginning the semester

However, they will soon learn that there is something dark living deep within.

On Sept. 23, get ready for a showdown in the remake of the western classic, "The Magnificent Seven."

This film stars Denzel Washington, Chris Pratt, Ethan Hawk and Vincent D'Onofrio. In the old west, a small town is being threatened by a group of bandits, and their salvation is in the hands of seven gunfighters.

On Nov. 4, enter a world beyond our own in "Dr. Strange" starring Benedict Cumberbatch, Tilda Swinton, Chiwetel Ejiofor and Mads Mikkelsen.

Dr. Steven Strange is a skilled surgeon who is brought into a society that protects our world from evil that threatens it, and now he learns an ancient power that will allow him to become the sorcerer supreme.

These are only a few of the variety of films that are coming out this semester.

I hope all of you will have a great time at MSU and that this school year will be good to you. Good luck and I'll see you at the movies.

Between the Lines

Apology and regret

By Dan Fagan Staff Writer

We the people often forget that our politicians are in fact, people, too. People are flawed. People make mistakes. Inevitably our government leaders will fumble the ball, drawing the scorn of public opinion. The situation is often compounded when attempts at deception and rationalizing are made. Great leadership starts with accountability, not evasion. The handling of a mistake often tells us more about the politician than the mistake itself.

Exhibit number one is Donald Trump. In response to criticism over his re-occurring offensive and inflammatory comments, Trump stated publicly, "Sometimes, in the heat of debate, and speaking on a multitude of issues, you don't choose the right words or you say the wrong thing. I have done that, and believe it or not, I regret it."

Kudos to Trump for finally recognizing that he often doesn't use the right words. My heart goes out to all you English majors who cringe when Trump continually overuses words like "great" or "totally better" to explain his vacuous policy positions, let alone when he completely misuses words, showcasing his disregard for the rules of proper English. Grammatical assassination is never pleasant, but I digress.

Trump continued, "I do regret it particularly where it may have caused personal pain."

This seems to be a new chap-

ter for him in his outlandish journey to claim the White House. Regret seems out of character for a man who prides himself on being brutally honest. However, the public's irritation with his slew of ugly insults needed to be handled, and Trump chose to handle it by offering a vague admission of regret. Such a lazy attempt at reconciliation seems disingenuous and is hardly presidential.

Trump's nemesis, Hillary Clinton, has had her own tangled web of controversy to tackle. Secretary Clinton's decision to use her private email server rather than a government-provided account has continued to plague her. The reason for this is twofold. First, the Trump camp masterfully uses this narrative to paint Clinton as a reck"I have been asked many, many questions in the past year about emails, and what I have learned is that when I try to explain what happened, it can sound like I am trying to excuse what I did. And there are no excuses. I want people to know that the decision to have a single email account was mine. I take responsibility for it. I apologize for it. I would certainly do differently if I could."

This is what a leader does when they make a mistake. They take responsibility and they apologize. Hillary may be a flawed candidate, but her statement shows that she is willing to admit a mistake and make it right with the American public by offering a clear and specific apology.

It would ultimately benefit Trump to learn something from his opponent on this matter. Expressing regret is not an apology. It's intrapersonal and does very little for the individuals who were wronged. An apology is interpersonal, a steppingstone to forgiveness and ultimately resolution. This is what Trump's statement fails to accomplish. Moreover, it's opaque. Who exactly is he addressing with his expression of regret, and why not go a step further and apologize for his countless blundering attacks?

To be specific, here are a few things Trump should apologize for: claiming that Sen. John McCain isn't a war hero because he was captured, conducting a witch-hunt over the validity of President Obama's valid birth certificate and for calling him the founder of ISIS, calling Fox News reporter Megyn Kelly a bimbo, calling Mexican immigrants rapists and drug-dealers, promoting an unconstitutional ban on Muslims from entering the country, vilifying Federal Judge Gonzalo Curiel for doing his job, and for making disparaging remarks against Khizr and Ghazala Khan whose son was killed in combat while serving in the US Army.

It's abundantly clear that Trump has much to apologize for but, unlike Hillary, he can't bring himself to do it. Perhaps his political calculations estimate such an act to be an affront to his bravado, making him look weak in front of his followers. After all, why would Trump take the time to apologize when many of his supporters agree with his statements? His rallies have been underscored by chants of "Lock her up," and the slogan, "Make America Great Again." To apologize for his behavior would denounce the very nature of the political climate he has stirred up.

The irony is America can only be great if we have leaders who are accountable and who ultimately seek to resolve conflict wherever it may be. It's no wonder Trump is hemorrhaging support, most notably among Republican allies such as Sen. Susan Collins, Con. Adam Kinzinger and Richard Hanna, 2012 presidential nominee Mitt Romney and former California gubernatorial candidate and CEO Meg Whitman.

If Trump doesn't learn to drop the bully act and apologize for his ridiculous verbal and twitter attacks, he will surely regret it this November.

Updates made to dorms

By Alexus Arthur Comm 281

All Minot State University residence life halls will be co-ed for the new school year to provide more opportunities for a better college experience for the students, according to Devin McCall, Residence Life director.

"When we look at basic research, we see a stronger community, you see fewer disciplinary issues and you see better engagement when you have a coed environment," he said.

Last year, Lura Manor, Crane

Hall and Dakota Hall were the only co-ed dorms, but this year Cook Hall and McCulloch Hall have made the switch, also.

Last fall the Residence Hall Association received insight about co-ed dorms. After considering the idea, research was done to see how this change could benefit the university.

"There was a lot of philosophical need behind it, and looking to see if we could help provide a better community and better community development," McCall said.

Homecoming activities planned

By Ton Yamashita Comm 281

Minot State University is getting ready to host one of its biggest events of the year, Homecoming, from Sept. 11-17.

This year's theme is "Wild with Beaver Pride."

During Homecoming Week, organizers will present athletic events, music, free food, roller skating, karaoke, a parade and more.

Aaron Hughes, student activities coordinator at MSU, encourages all students to attend the events.

"The best part of Homecoming is seeing the Minot State team spirit of students, faculty and staff spread across campus for the entire week," Hughes said. "The campus is full of energy and excitement!"

Elections for Homecoming King and Queen are Monday from 4 to 6 p.m. outside the Beaver Creek Cafe and Tuesday from 11 a.m. to 1 p.m. in the Beaver Dam.

Coronation is Tuesday at 6:30 p.m. at the Block Party.

The Block Party, located in front of the Dome, begins at 5 p.m. and includes free food and music by the MSU Marching Band. It is free and open to the public. After the Block Party, the soccer team hosts the University of Mary at 7 p.m. in Herb Parker Stadium.

Hypnotist Doug Thompson will entertain students Wednesday evening at 8 p.m. in Ann Nicole Nelson Hall.

Student events continue Thursday, Sept. 15, with more spin magic and wire writing in the Beaver Dam at 11 a.m. Students are invited to roller skate in the Student Wellness Center at Roller Rave at 8 p.m. Skates are provided; bring MSU ID.

On Friday, Sept. 16, a caricature artist will sketch faces from 11 a.m. to 2 p.m. in the Beaver Dam. At the same time, Dave Evans will create balloon art for students. Free food will be served.

The Homecoming Parade starts at noon Saturday, Sept. 17, in downtown Minot and travels up Broadway to the MSU Dome. The parade not only showcases MSU clubs and organizations, but also local business groups, making the parade a citywide event. Anyone interested in participat-

Along with the parade, the MSU Wellness Center invites everyone to participate in the 5K Fun Run. Registration begins at 10:30 a.m.; the race starts at 11:45. All participants receive a Homecoming T-shirt. For more information and to register for the run, visit MinotStateU.edu/homecoming.

After the parade, everyone is invited to tailgating beginning at 1 p.m. in front of the MSU Dome. Enjoy games, activities and free food for all. The soccer teams hosts Augustana at 11 a.m. in Herb Parker Stadium and the Beavers' football team takes on the University of Sioux Falls at 3 p.m., also in Herb Parker Stadium.

Homecoming week is a great opportunity to meet new friends and get involved in school life.

"Our goal is to create an inclusive environment and an open environment. It's a change for the university, but sometimes change is a good thing. I think it's a very good move," the director said.

The housing office hopes this change will encourage more students to stay on campus during their college years.

Beavers kick off season with No. 7-ranked Minnesota State

By Anthony Battle Sports Writer

The Minot State University football team played its home opener on Thursday vs. Minnesota State University at Mankato.

It was a tough home opener for the Beavers as Mankato came into this game ranked 7th in the country. Mankato started the game strong with a score in the first quarter, a 10yard run for a 7-0 lead. Then, in the second quarter, Mankato scored a rushing and passing touchdown to add to their lead at half time, 21 to 0. Mankato scored two more rushing touchdowns in the third quarter to give them a 35 to 0 lead.

In the fourth quarter, Minot State's Zac Cunha found Taylor Maloney for a touchdown pass to cap off a 12-play drive and make the final score 35 to 7.

Mankato racked up 503 yards of offense, while the Beavers came up with 252 yards.

Quarterback Cunha went 17 for 32 with 212 yards passing and one touchdown. Akkil Walker had four catches for 83 yards. Running back Jarvis Mustipher led the Beaver's rushing game with 17 attempts and 38 yards gained.

Linebacker Trevin Swensen had a game-high 15 tackles. Two other Beavers were also in the double digits for tackles - Donnell Vercher with 11 and Fed Joseph with 10.

Defensive back Justin Gonzales got his first interception of the season and made six tackles on the day.

The Beavers will be back in action Saturday in Nebraska against Wayne State College. Kickoff is set for 6 p.m.

Beavers defeat Jamestown and Black Hills State

(MSU Sports Information) — Minot State University women's soccer opened the 2016 season with a 3-0 exhibition win over NAIA University of Jamestown Aug. 27 at Jamestown. MSU and UJ played three, 30-minute periods, with the Beavers scoring once in the first and twice in the second.

Minot State opened the scoring with returning All-Central Region selection Ninfa Ramirez netting a goal on a feed from Meagan Kawahara in the first 30 minutes. Chloe Melton scored in the second stanza on an assist from Ramirez and "Ninja" finished off the scoring with her second goal on an assist by Melton.

"I thought we looked pretty good," MSU head coach Jason Spain said. "We have some things to improve on, but the back line held. We gave up some chances at times, but cleaned them up. We mixed things up, some matching to see where we are at and see who can play."

"When we gave up a couple chances, Leila (Torres) jumped on both of them," Spain said. "It's still a camp battle at this point. Both will probably play in the Black Hills State game, but it is good to get some competition. That big save by Leila will force Erin (Rafferty) to dot her I's and cross her T's."

Spain was also pleased with the play of his newcomers, singling out both Ashley Hunter, a freshman from Rocklin, Calif., and Hannah Mitchell, a freshman from Phoenix, Ariz.

"Ashley played really well. We moved her around to some different positions and she did a good job with them," he said. "Hannah played well in her first game as well. We had a couple new kids not play today, and we will most likely see some of them in the opener."

The Beavers, coming off their second NCAA Division II National Tournament bid in four years, opened the regular season Sept. 1 with a matchup against Black Hills State.
