

# Write a Student Learning Goal (SLG)

# Definition

## Student Learning Goal (SLG)

- General statement of learning that students are expected to achieve through participation in a program.
- Bridge between mission and Student Learning Outcomes (SLOs)
- Recommend 3-5 SLGs per program

# Key components

<b>Component of SLG</b>	<b>Response</b>
SLG number	
Learner description	
Observable action verb	
Statement of learning to be demonstrated	

# Bloom's Taxonomy Action Verbs

- One observable action verb per SLG
- Examples
  - Identify, select, define, describe, explain, summarize, review, compute, demonstrate, apply, write, analyze, solve, create, design, compose, synthesize, tell, recommend, defend, judge

# Template

**[SLG NUMBER]:**

**[LEARNER DESCRIPTION] will**

**[OBSERVABLE ACTION VERB]**

**[STATEMENT OF LEARNING TO BE DEMONSTRATED]**

# Key Components - Example

<b>Component of SLG</b>	<b>Response</b>
SLG number	SLG 2
Learner description	Students
Observable action verb	explore
Statement of learning to be demonstrated	areas of their fitness for their role as a college student

# SLG Example

SLG 2: Students will explore areas of their fitness for their roles as college students.

Program Name: **Fit for College (example)**

**Mission:** The mission of the Fit for College program is to prepare university students to improve or sustain their fitness for higher education by providing CP2R training and tools for facilitating reflection, assessment, goal setting, and action planning through lenses of capacity, passion, relevance, and presence to all incoming freshmen.
