LIFE . . .

Life is my college. May I graduate well
and earn some honors.

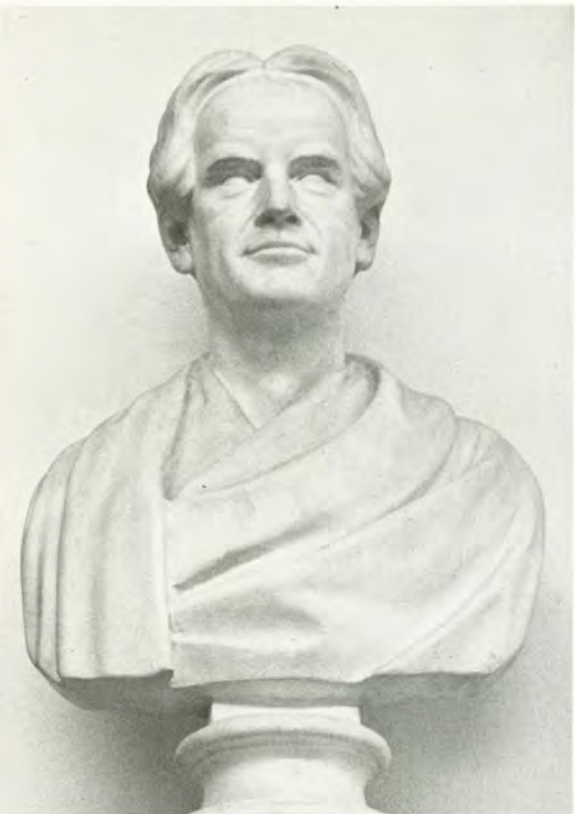

Louisa May Alcott

Life does not give itself to one who tries
to keep all its advantages at once.

Leon Blum

Listen to the exhortation of the dawn!
Look to this day! For it is Life, the very
Life of Life.

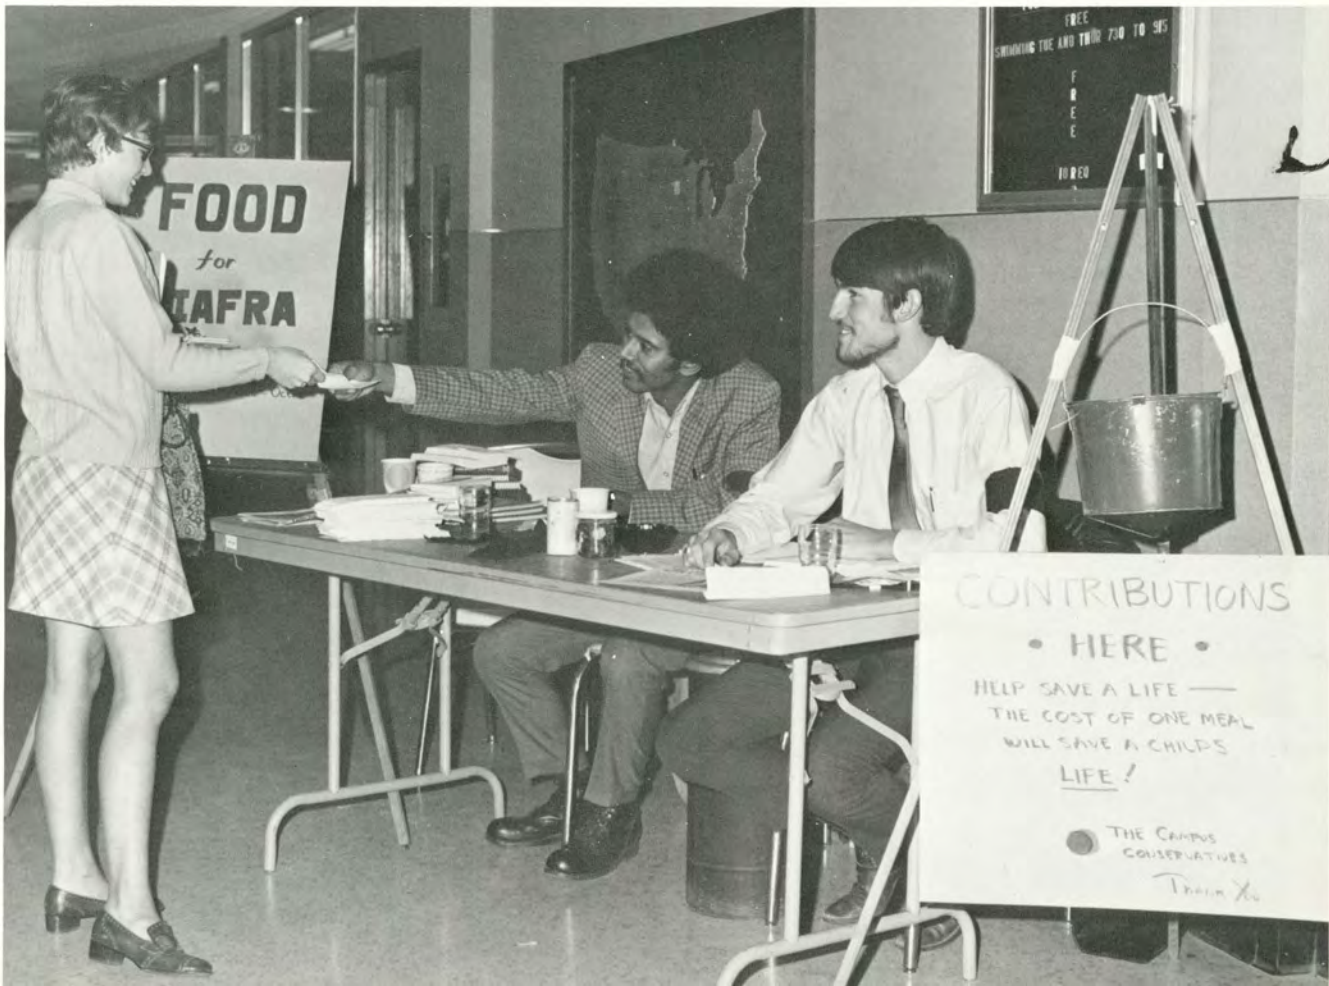

from the Sanskrit

... Such are the words of the philosophers. But how can they, living in their small cubicles of thought, speak for us? They are lifetimes away from ...

HERE AND NOW.

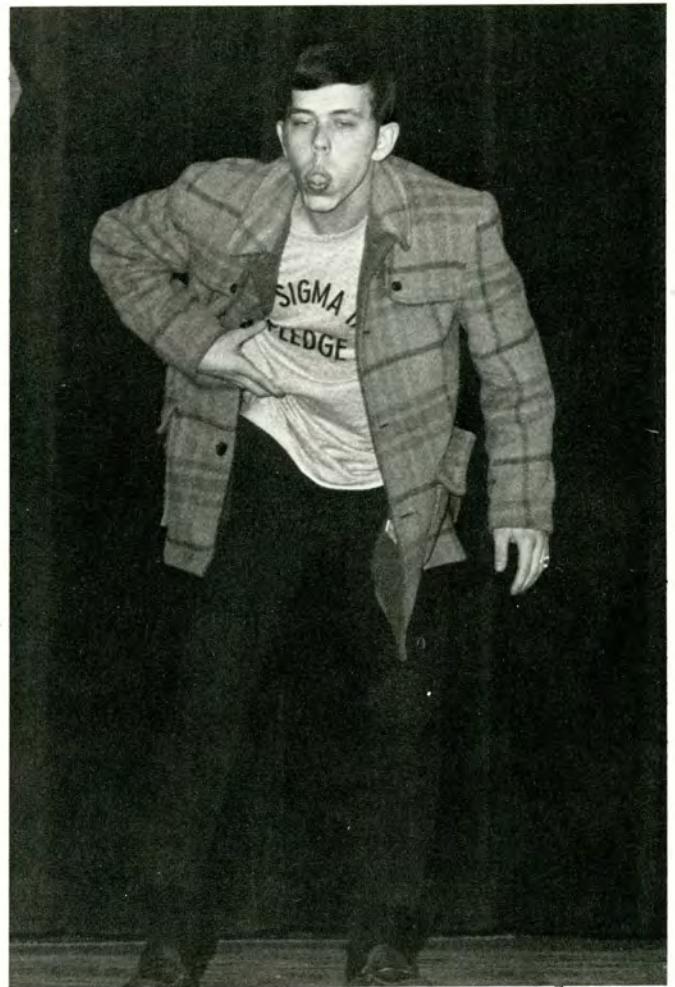

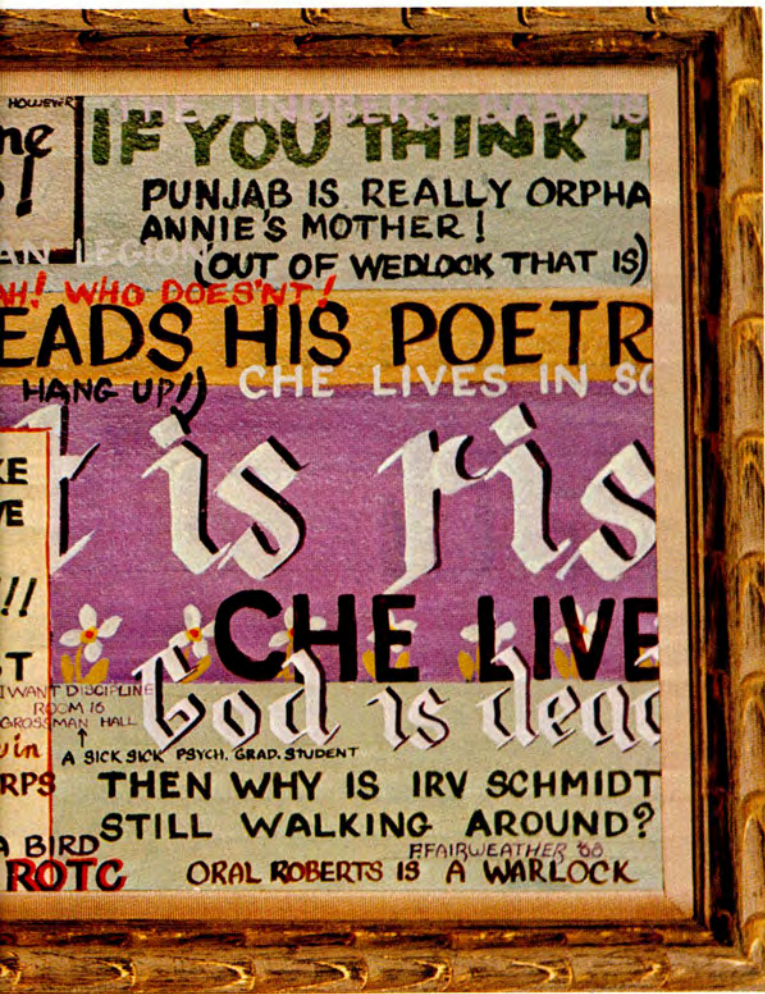

FEEL . . .

We touch the people around us with our sight, our hearing, our voices . . . touch. And they touch back.

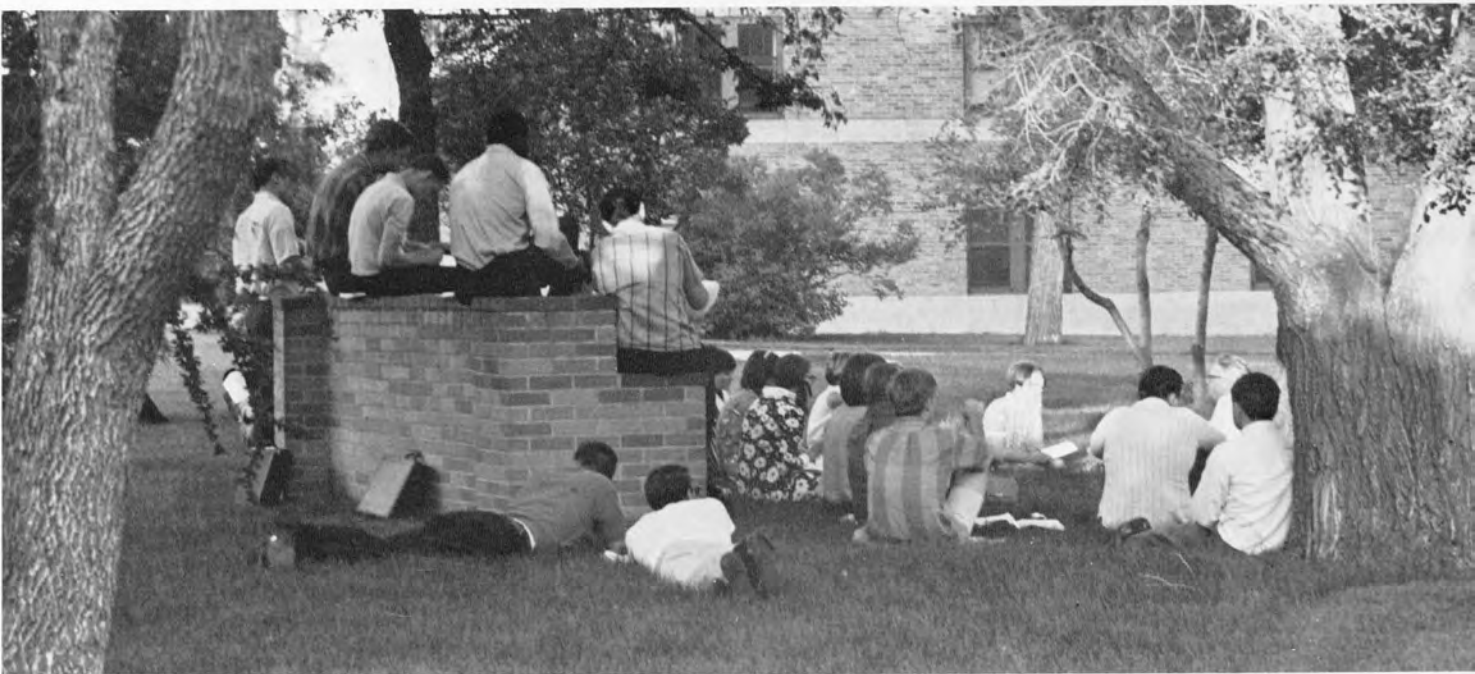

The real philosophers find their places and leave their inscriptions so that the writers of truth who follow can not say, "I was here first."

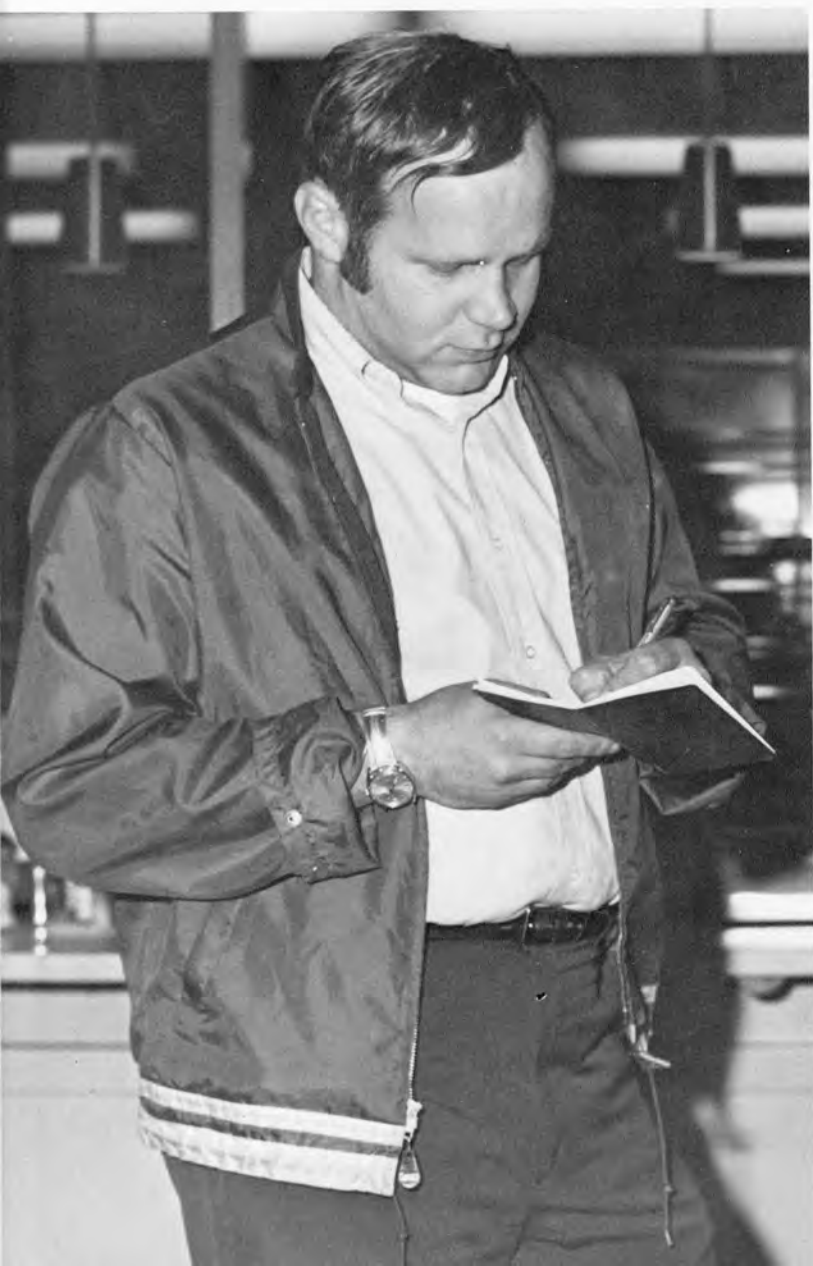

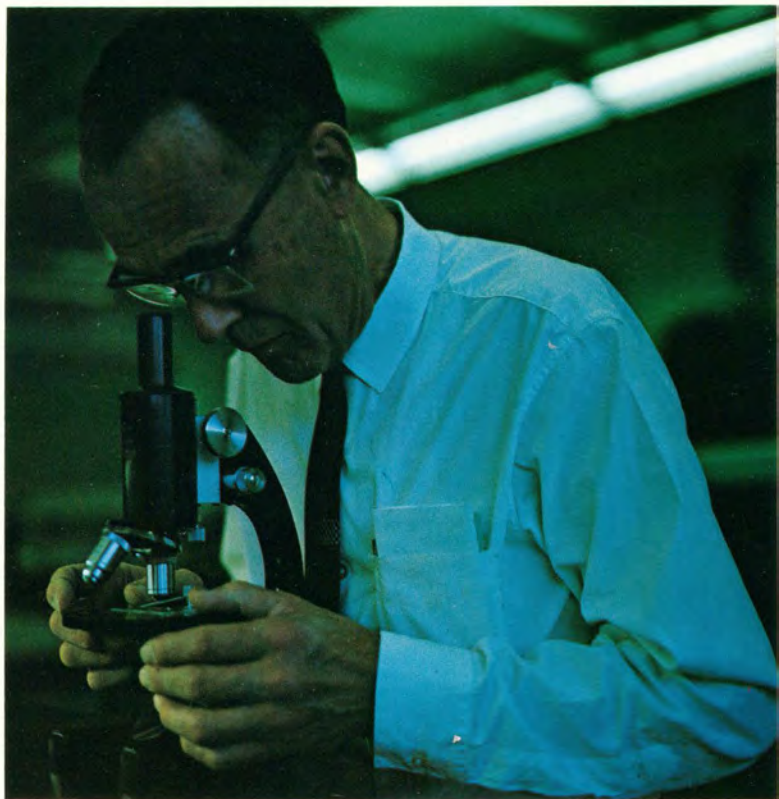

HERE 35 YEARS

The men who stand out in this world are the ones who have a real feeling for it and its inhabitants. But the one who is the reason to put these word glimpses into their proper perspective is a person truly significant and outstanding.

He thinks intelligently and is meaningfully articulate on a range of subjects. His interests are not confined to the field in which he teaches.

Characterizing him in his own words, one hears "I don't think groups have philosophies ... individuals have philosophies ... I don't know why some people are pessimists and others optimists, but it's true ... some people see change as an opportunity ... and others see change as a threat ... Morality ... a sense of responsibility toward others ... an intelligent concern for the welfare of other people is more and more important as the world gets more complicated ... more highly organized ... more crowded."

Such thinking cannot help but reflect the person of an excellent teacher. Great accomplishments would probably be his work as a Fulbright lecturer, but probably even more meaningful to many of us was that he voluntarily relinquished some years ago the chairmanship of his division so he could devote more time to classroom teaching.

He has been on the MSC faculty for 35 years—a most fitting dedication for the 1970 Beaver and for the individual honored **Dr. Charles A. Hoffman.**

Administration Faculty

Leaders . . .

Governor William L. Guy has come to be recognized as one of North Dakota's valuable assets, proving himself an able administrator, topnotch politician, and energetic supporter of North Dakota's best interests.

Rising from an almost modern classic small town background, he grew to fill the governor's chair as an athlete, Boy Scout, 4-H'er, and musician in Amenia, and, at North Dakota State University, president of Sigma Alpha Epsilon fraternity and Blue Key, year-book editor, and Representative Senior. After serving as a wartime naval officer, Guy returned to North Dakota where he was engaged in agriculture and several political and service organizations.

Now in his second four year term, Governor Guy has surpassed his predecessors in bringing the state's name into national light.

Nygaard, Assistant Commissioner and Executive Secretary, Bismarck; George Sinner, Casselton; Mrs. Elvira Jestrab, Williston; Dr. Kenneth E. Raschke, Commissioner, Bismarck; Albert Haas, New Rockford. Standing: Fred R. Orth, Grand Forks; Harold Refling, Bottineau; Allen Hausauer, Wahpeton; Rev. Peter Hinrichs, Dickinson.

An atmosphere of business . . .

Perceiving the atmosphere in the office of Dr. Gordon B. Olson reminds one of what Harry S. Truman must have felt when he placed on his desk the sign that read, **THE BUCK STOPS HERE**. Indeed, President Olson's office seems to receive a continuous stream of visitors bearing everything from gripes and vengeance to parking tickets and interview requests. Ultimately, this is where all responsibility for the college, its functions and agents rests.

But President Olson's job is primarily that of an administrator, to maintain the basic operation of the school while constantly making changes and improvements to better suit the needs of students and staff.

Campus improvements are evident in numerous recent equipment and facility improvements and additions. Construction was begun in the fall on a needed warehouse addition to the Student Union. The entryway steps to Old Main were strengthened and reinforced. Much of the rigging on the stage

of McFarland Auditorium was replaced. New equipment was placed in Swain Hall: a new weight lifting machine, in particular, is situated in a remodeled room. A \$26,400 closed circuit television setup has been installed in the Campus School and Old Main.

During the past year, the administration has maintained a vigorous campaign of campus beautification. Numerous plantings of shrubs and bedding flowers lightened the area east of Old Main during the summer and fall months. The parking area west of Swain Hall and the Science Building was paved with rip-rapping, improving the appearance and increasing accessibility to these buildings.

Among the curriculum additions is a four year degree nursing program and an associate program in law enforcement. In addition, the medical technology curriculum has been expanded to include radiological science.

Staff, teachers combine efforts

With many new methods constantly being tried and tested as to the best procedure to use for teaching students, campus school engulfs some of these for immediate use, files others for possible future use and through necessity has to eliminate some of them because there are just too many. The result of this dissemination of information is that the education being presented to the student is only the cream of all that could be tried, time permitting.

Part of this improvement has resulted in the installation of closed circuit TV in five rooms of Old Main, connecting the divisions of education, special education and psychology with the classrooms in Campus School.

Another program, called micro-teaching, involves a format for the PTA program and a volunteer teacher's aid program involving the parents.

Federal monies aid this division

Minot State College has only two master's degree programs offered on its campus. The division of special education affords the opportunity for a master of science in speech pathology and education of the deaf.

For the division's own use, its mental retardation observation room is one of five in old main to be connected to the closed circuit television master console in Campus School. This television system is a direct link between the observation room and the classroom, giving students an opportunity to observe more situations of particular interest.

This was the sixth consecutive year the division of special education has received a liberal number of federal traineeships and fellowships for students preparing to work with the handicapped.

These awards provide stipends and tuition for qualified students. They also give the division support monies for continued development of this quality program.

Division faculty are seated: Miss Ruth Loucks, Dr. Ronald E. Archer, and Dr. Edna E. Gilbert. Standing: Mrs. Susan A. Briggs, Dr. Audrey A. Lunday, Dr. Gordon F. Holloway, Mrs. Carol Melby and Mrs. Vicky Grandy.

Art teachers participate in shows

Mrs. Ruth Amos directs the division's home economics classes.

Minot State College's division of fine and applied arts offers its teachers as its major assets.

Division chairman C. Robert Schwieger's major areas are art education, drawing, printmaking and painting. His work has been acclaimed at many shows and has himself served as a juror in two shows.

Frank O. Taylor specializes in art history. His work has been exhibited in several shows including a display relating to the contemporary American scene.

The newest addition to the division, Thomas K. Willis concentrates on ceramics. His ceramic work has been featured in three one man shows. Willis, with Schwieger and Taylor, is an advisor to Kappa Pi, the art fraternity.

Mrs. Ruth Amos directs the home economics segment of the division. Within the framework of her classes, she presents instruction in nutrition, home nursing, fashion and many other subjects important in the home and several career fields.

Curriculum changes

The division of business this year improved its curriculum and made several equipment additions.

The business education major was completely changed with a business core required of all students with options in secretarial science, accounting and related fields, distributive education or a comprehensive program. This new teacher education program is designed to provide greater depth in preparation through increased specialization and greater flexibility in student selection in major fields of study.

The distributive education major is a new program planned to train qualified teacher coordinators for the secondary schools in distributive occupations. Emphasis is placed on marketing, retailing and management courses.

Five modern electronic calculators were added to the division. In addition, the office machines, typewriting and office transcription laboratories received new and much needed equipment additions.

Dr. Dale D. Atwood, chairman of the division of business, and his secretary, Mrs. Janice Haugen.

Division of business faculty are seated: Mrs. Carol Nelson, Miss Doris A. Slaaten and Miss Pearl Stusrud. Standing: Dr. Richard Schlapman, Maurice Blada, Daniel R. Boyd, Robert Sando and Dewayne Domer.

Librarians and staff are seated: Mrs. Jean Vik, Mrs. Ardie Hawkins, Mrs. Cheryl Fessenden and Mrs. Ann Gray. Standing: Richard C. Thompson; Raymond Chu; Gene R. Hanson, head librarian; George C. Clark and Cyril B. Russell.

Library works for efficient service

The library is now faced with outgrowing itself. As new publications keep pouring in, the staff is hard pressed finding a place to put them. Consequently all available space must be used most efficiently.

Because of this, the staff is moving the processing section and offices to the east end of the library to smoothen and speed up circulation. To utilize better the space upstairs, all periodicals are on the second floor with the bulk of books downstairs. The rest will be going down later.

A microfiche reader, similar to microfilm, contributes enormously to the staff's efforts to save space. Old and seldom used books and periodicals are being recorded on the 4x6 microfiche cards and discarded. A printer is going to be added to this unit enabling students to record the microfiche on paper and take it with them. A new Xerox coin-operated copying machine has also been added to aid the students.

The library, a government document depository, is currently engaged in making these important and worthwhile documents more readily accessible.

Another space saver in a hookup with a computer in Fargo is being planned. This computer will be programmed with records of all periodicals on hand plus those which will come in the future. Present voluminous records can then be disposed of.

All of these efficiency and space saving programs have been undertaken for the benefit of the student. Also for the student's benefit, in addition to these improvements, is a planned extended study hours lounge which will be open long after and before regular library hours. Most probably, this will be located in the basement reading room if the rest of the library can be effectively closed off.

Division of education and psychology faculty are seated: C. S. Bjorlie; William F. McDonald; Miss Adeline Erickson, division secretary; Robert D. Smith; Dr. Warren G. Allen, division chairman. Standing: Dr. Herbert R. Johnson, Miss Bertha Okland, Dr. Olger Myhre, Dr. Richard W. Sheldon, Mrs. Sandra Stanlake, Myron T. Dammen.

CCTV connects Campus School, Old Main

Dr. Roland Reich lectures one of his education classes.

A new course, hominology, was added this year to the division of education and psychology. The course is designed to assist the student preparing for the task of understanding total man. This understanding draws upon emotional, moral and ethical values, psychologically applying these to the problems of man's complex world.

In this division there has also been a closed circuit television system installed connecting Campus School and Old Main classrooms so that teaching methods and student reaction can be observed.

The division of education and psychology is currently the only division other than special education which offers four courses for post-graduate study.

One aim of the division is to produce teachers who will be better prepared in the specialized areas of junior high school. The division also concentrates on preschool education emphasizing the student's reading skills and elementary opportunities.

Dr. Richard W. Sheldon is a new member of the division staff this year.

Children in a Campus School classroom are being observed by a closed circuit television camera in the background.

This closed circuit television master console can operate cameras in two Campus School and five Old Main classrooms completely by remote control. This system allows large groups of people to observe isolated situations without disturbing the classroom.

Phy Ed division adds exercising machine

Wes Luther and Wiley Wilson officiate and compile statistics at a spring quadrangular track meet.

Teachers of health and physical education are Miss Lucille I. Whitt, Mrs. Leigh MacIver and Miss Kathleen McCann.

The division of health and physical education has been making additions and changes in its programs to suit better the needs of its students.

Health classes have introduced and placed heavy emphasis on the increasing contemporary problems of drugs, alcohol, smoking and family living as well as general health.

The physical education curriculum is adapting more and more to the needs of the physically handicapped. With this in mind, the swimming classes last fall were divided into beginning and intermediate groups to give more and better attention to those who need it.

During the winter quarter the gymnasium was open from 1 p.m. to 4 p.m. Saturday afternoons for general college use.

One of the division's many prides is a Hercules universal exercising machine installed in a newly carpeted weight lifting room last spring. This one machine replaced numerous sets of ancient weights and relieved their inadequacy.

Robert J. Bodine, Bert W. Leidholt, Gary Leslie and Larry M. Treider joined the division staff last fall.

One of the division of health and physical education's major concerns is a productive sports program.

Coaches and physical education teachers are first row: Bert W. Leidholt; Vence Elgie, division chairman; Wes Luther. Second row: Wiley Wilson; Dean A. Bachmeier; Kenneth O. Becker. Third row: Gary Leslie; Robert J. Bodine; Larry M. Treider.

Division works to intensify courses

The literature and language division has turned its full attention toward complete curriculum revision. This revision as planned will intensify the student's study in this division by offering a wider variety of courses with fewer credit hours assigned to each course.

Amphitheater construction was delayed for a year because of high construction bids. Hopefully, with new financing and bids, construction should begin this summer.

Foreign language students in this division are aided by a language laboratory which utilizes the newest of materials, including prerecorded tapes. The laboratory classroom, arranged with private listening booths equipped with tape monitoring consoles and headphones, provides the student ample opportunity for individual as well as group instruction.

Three new teachers joined the division staff last fall. Mrs. Barbara Adam is supervisor of English education and teacher of communication. Thomas Groutt and Ray Stewart teach literature and communication.

Division chairman Harold Aleshire is assisted in his administrative duties by his secretary, Mrs. Gladyce Romine.

Communication, journalism and literature faculty are Miss Helen I. White, Mrs. Muriel Turner, Ray Stewart and Mrs. Barbara Adam.

Teachers of literature, communication, speech and drama are seated: Mrs. Judy Winje, Mrs. Sally E. Pufall and Mrs. Marjorie Allen. Standing: Harold M. Nelson, Thomas W. Groutt and Tom Turner.

Humanities, literature, speech and drama teachers are seated: Miss Gerilyn G. Tandberg, Miss Margaret S. Dixon and Mrs. Julianne Wallin. Standing: Floyd Fairweather, David Gresham and Gordon Bangs.

Teachers of foreign languages and literature are seated: Miss Joyce M. Zimmerman, Miss Helen Hoar and Mrs. Emma M. Kahvush. Standing: John Curtis and Mrs. Linda Gresham.

Teachers of biological science are Dr. Karl J. Stone; Dr. Robert S. Lipe; Dr. Charles A. Hoffman; Dr. Dennis T. Disrud; Dr. Paul D. Leiby, chairman of the science and mathematics division; Dr. Om P. Madhok; Dr. Michael B. Thompson; Arthur G. Haskins.

Sigma Xi gives charter to division

To meet the increasing demand for degree trained personnel in the allied health professions, the division of science has implemented new bachelor of science programs in nursing and radiologic technology. Approximately 45 freshmen and transfer students enrolled last fall quarter.

A grant for a two year College Improvement Program was awarded to the chemistry department by the National Science Foundation. The purpose of the project is to improve the correlation of chemistry to the other sciences in the near future.

The society of Sigma Xi awarded MSC a charter for a Sigma Xi Club. The purpose of the club is to encourage original investigation in science, pure and applied. Twelve teachers on the science faculty are charter members.

An earth science resource center to assist elementary and secondary schools in obtaining instructional and supplies and resource material has been established at MSC. Approval for a major in earth science for junior high school teachers and a summer field camp jointly sponsored by Minot State College, Dickinson State College and Bismarck Junior College is pending.

Physical science teachers are seated: DeWayne Martin, Dr. Gordon B. Berkey, and Harry C. Smith. Standing: Dr. Eric Clausen, Robert G. Walsh and Dr. Robert H. Lessard.

Division of science and mathematics faculty members teaching chemistry are Dr. Bruce W. Farnum; Dr. Arnold R. Johnson, Jr.; Mrs. Carol Belinskey; Dr. David Gano; Dr. Richard Perry.

Kirby Siebel, Mrs. Agnes Ladendorf, Robert Holmen, Roger Riveland, Mrs. Georgia Cunningham and Barney Dennis teach mathematics.

Connor directs law enforcement program

The division of social science has made long strides toward faculty and curriculum improvement and expansion in keeping with its reputation as one of the outstanding divisions on campus.

Next fall, the division will have five doctoral staff members upon the return of John Wilson from Washington, D. C., and the completion of N. Manvel Lillehaugen's dissertation on foreign policies. Dr. Henry K. DuGarm returned to the division this year with his doctorate along with Dr. P. V. Reddi who returned from a year's study in India. Wallace Stockman and Everett A. Ballman are two doctoral candidates hoping to have the title conferred on them sometime next year.

An associate program in law enforcement was added to the college curriculum. Under the direction of R. J. Connor, the program is extension oriented, taking Connor out of town several days a week.

This past year, Dr. DuGarm directed the methods classes in experimentation with closed circuit television micro teaching techniques. Students from Campus School and Erik Ramstad Junior High cooperated with the program.

Dr. Henry K. DuGarm is a teacher of history and political science and Robert James Connor teaches sociology.

Carl Kalvelage, Everett A. Ballmann, Earl N. Shearer and Glen V. Wells are political science and geography teachers.

Contemplating the topic of the day are Gaylen Brown, Wallace H. Stockman, H. Paul Crockett, Lyle R. Fogel and N. Manvel Lillehaugen.

Division chairman Dr. Paul W. Morrison checks division enrollment figures with Mrs. Ruth Jagd, division secretary.

Gary L. Larson, sociology instructor, and Dr. P. V. Reddi, economics teacher, take a break in the division library.

Instrumentalists are Gerald D. Poe, Mrs. Virginia Gessaman, Dr. James Jurrens and Robert Larson.

Music students get concentrated studies

One of the biggest things to come out of Minot State College is a product of the music division. The Beaver Marching Band made a very strong showing at the Rose Bowl Parade New Year's day, 1969.

Last fall it made a trip to Milwaukee and a Green Bay Packers football game to provide the halftime entertainment. One of the honors accorded the band for its achievements was its being named in January, 1969, as the state Governor's Band.

Minot State's music division with 145 majors and 35 minors is the largest music division in the state. The program's required instrumental or vocal participation make it one of the most concentrated programs on campus. In addition, majors and minors are encouraged to participate further in recitals

and special projects for which additional credit is given.

True to its duty as part of the performing arts, the division annually sponsors numerous clinics, festivals, tours and concerts.

Among the more important of last year's offerings were the Christmas presentation of **The Messiah** and January's opera, **Così Fan Tutti**. The division of music hosted the North Dakota All State Band and Chorus composed of high school students selected during February auditions.

During a spring concert, the Minot Symphony Orchestra featured an outstanding senior performer in an honors presentation. This student is chosen each year during an honors concert audition held in the fall.

Ralph C. Wallin, Dr. Roy E. Stillwell, Miss Pauline Rusk and Walter Hartman are the music division's piano and organ specialists.

Vocal teachers are John Spoelstra; Mrs. Mary Lint; Miss Sandra Schjeldahl; John A. Strohm, division chairman, and Wayne Nelson.

Student Life

As for campus activities during Homecoming the bonfire on North Hill actually signifies the beginning of a busy and worthwhile weekend.

An eagerly awaiting crowd of students were on hand when the torch runners arrived from Bismarck.

a festive week

Minot State's 1969 Homecoming festivities began October 7th when Lt. Governor Richard Larsen lit the Homecoming torch in Bismarck. Nine students headed by Duane Bailey carried the torch home in two days. The marathon run was followed by a snake dance, bonfire and a dance by Pierson Lake concluding the evening. Thursday evening, Paul Revere and the Raiders played to a capacity crowd at the Municipal Auditorium.

Awards and trophies were given at half-time of the Homecoming game. Sigma Tau Gamma fraternity won the men's division for the best float. Sigma Sigma Sigma sorority won the women's division and the Sig Taus took the first place trophy for best overall float. Delta Zeta sorority won the house display award for the women and Mu Sigma Tau fraternity won the men's division. The Mu Sigs also won the spirit trophy.

The game ended with MSC victorious over Valley City 20-0.

Playing for the semiformal victory ball were Herbie Parker Jr. and Don Johnston.

Don Mongeon escorts Queen Bonny from the coronation ceremony.

Bonny is crowned by 1968 Homecoming Queen Judy Muttonen.

The Empire Theater was filled Friday when reigning Queen Judy Muttonen placed her crown on 1969 Homecoming Queen Bonny Hammond. Bonny is a member of Beta Theta sorority. Princesses were Pat Alme representing Delta Epsilon Phi, Marcia Broschat representing Delta Zeta and Sonya Junker representing Sigma Sigma Sigma.

Janice Septon and Charlie McCauley accompanied by Don Johnston and MSC's Jazz Band created just the right atmosphere for Queen Bonny. Following the coronation, those in attendance enjoyed a preview showing of "The Great Bank Robbery."

The 56th annual Homecoming Parade included 80 units, 10 floats and 30 bands from other towns.

After the ceremony, Bonny is again a picture of composure.

Paul Revere and the Raiders were featured entertainment on a big name scale when they performed to a capacity crowd of students during Homecoming.

Bringing their own "band" to aid them in capturing the spirit trophy, the Mu Sigs were quite an antic for the crowd.

Women keep dorms lively

It's 1:30 a.m. and some 200 women are trooping to McCulloch Hall because of a fire alarm. So passes another exciting night in the lives of the freshmen in Dakota Hall. The afternoons are filled with ballplaying in the halls, riding the forbidden elevator, and accidentally setting a fire extinguisher into action.

Life in McCulloch keeps everyone active, especially the desk girls. Quiet hours seem to begin at 11 p.m. instead of 7 p.m. The campus hotline seems to be located here, especially on weekends. At 11 every morning the daily "mail meeting" is held. Luckily for Mrs. Stolt, the dorm mother, she is behind the wall.

Across the parking lot from McCulloch, one sees the stately Cook Hall. But once one walks inside it is no different from the other dorms. Life and excitement are quite evident here. Take for instance the time a boy made his way upstairs and back out, dressed as a girl, unknowingly to the housemother. Or perhaps the excitement, or anger, depending on which end you happen to be on, when you discover your clothes are missing when you step out of the shower.

So goes the excitement in the three women's dorms. It takes a lot of patience to put up with incidents such as some of these.

Rod Lindstrom takes his raccoon for a walk.

Denotation vs. connotation

Precedents in a men's dormitory are few and far between because as a tradition they have all fallen to the wayside through generations of college students.

"Quiet" doesn't really mean to be quiet since no one should actually try to study in a dorm anyway. After all, there's a time and place for everything. "Cleanup" is another term that is only a term but is maintained for those who use terms. "No booze" doesn't really mean that either. It's usually used to denote a lack of such at the immediate time, as in "I got no booze left."

"COPS!" Ah, yes. Cops. Well, that term sometimes has meaning and sometimes not depending upon the reliability of the person frantically hollering it. Should it not be a reliable source, the tracked and apprehended user of the term is thoroughly cleansed, fully clothed, in a cold, cold shower—which at least gets him physically undirty. And sometimes the arrival of the "cops" is a result of "grass"—a term that once meant something that was lovely, smooth, flowing, waving and which now means something that is lovely, smooth, flowing, waving.

It's a language all its own and is understood only by its users. But then what language isn't? Huh?

"Study" really doesn't mean "study," either.

We began . . .

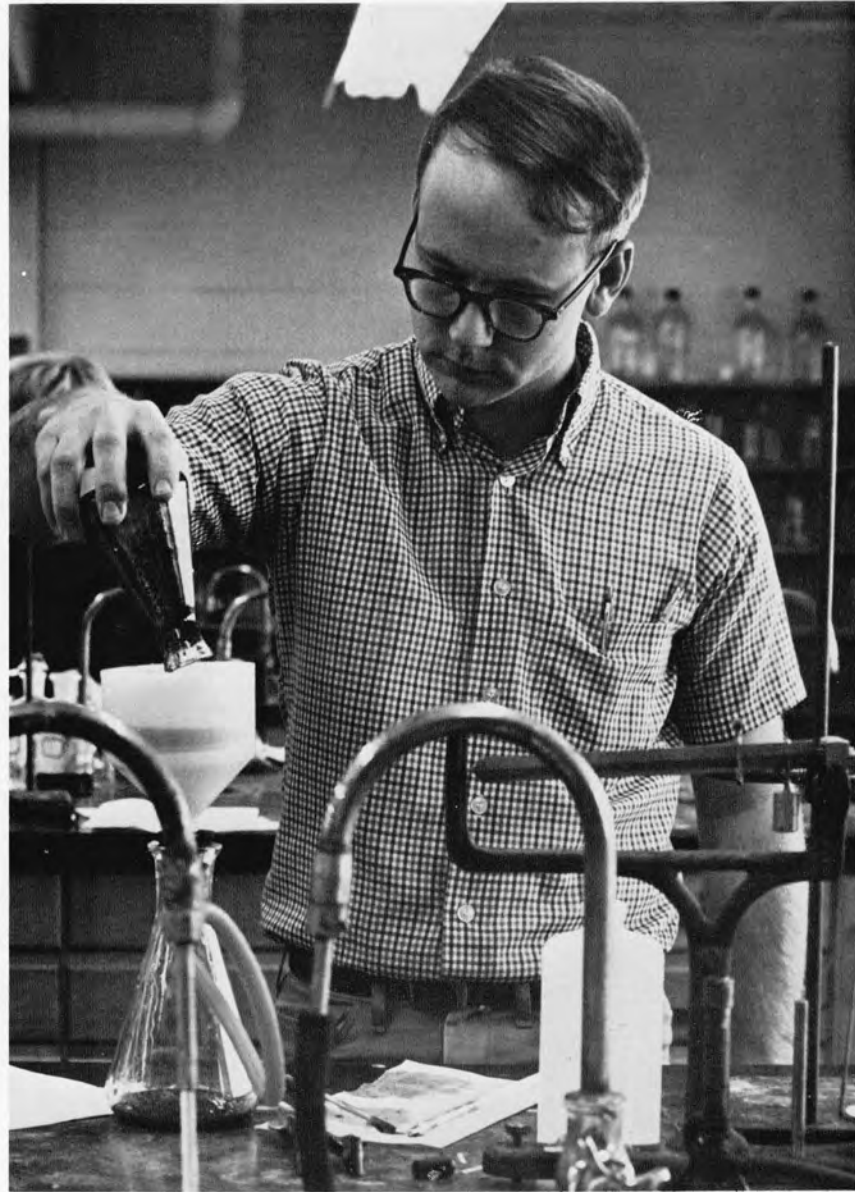

**Within a time we tumbled down the days
and falling, changed a bit.**

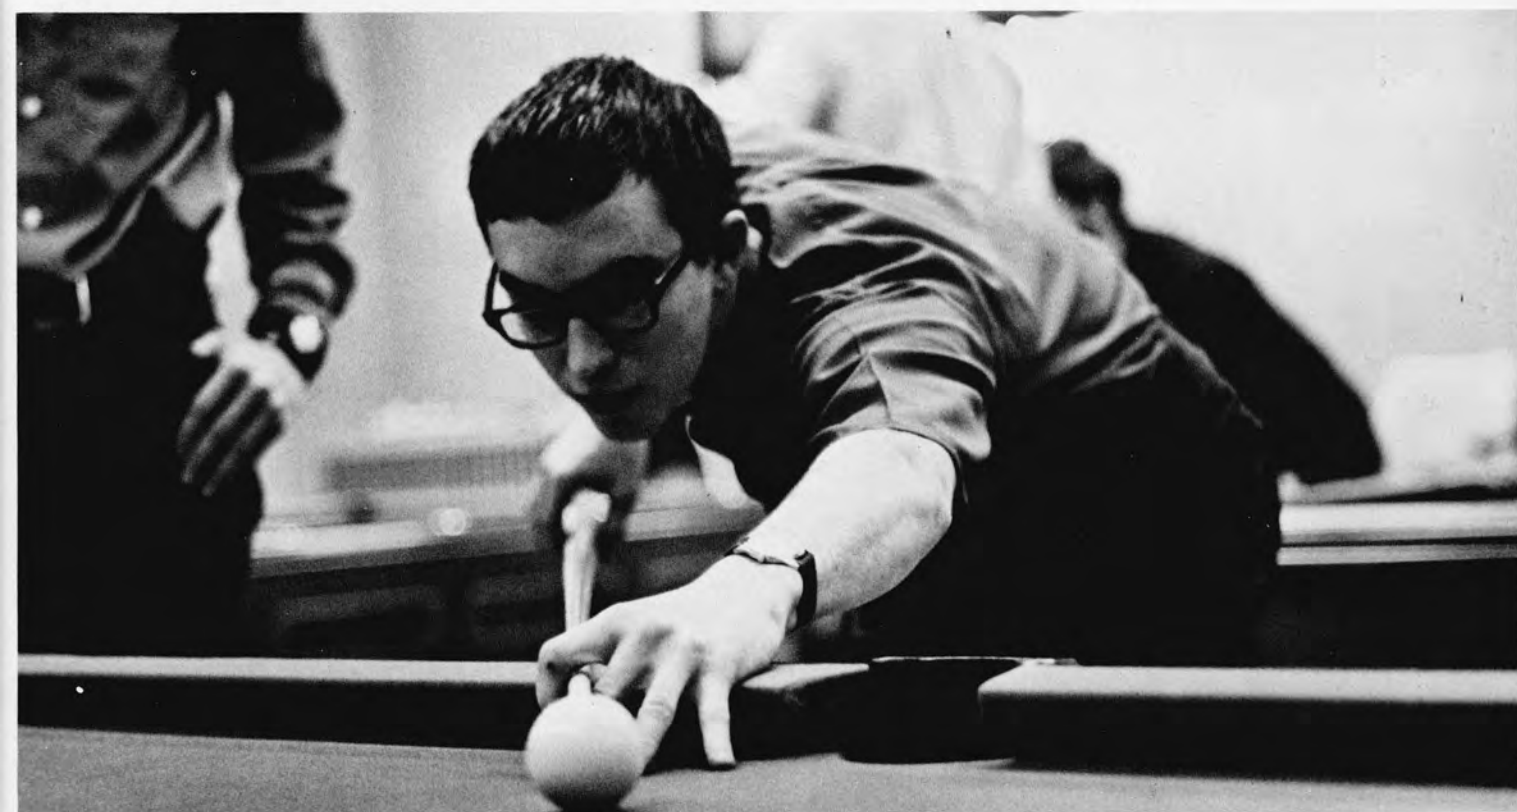

It was in those isolated moments and at various tempos which were marked by guidance, wisdom, and concern that that curiosity of this “hungry generation” was satisfied, if only a little.

We lived . . .

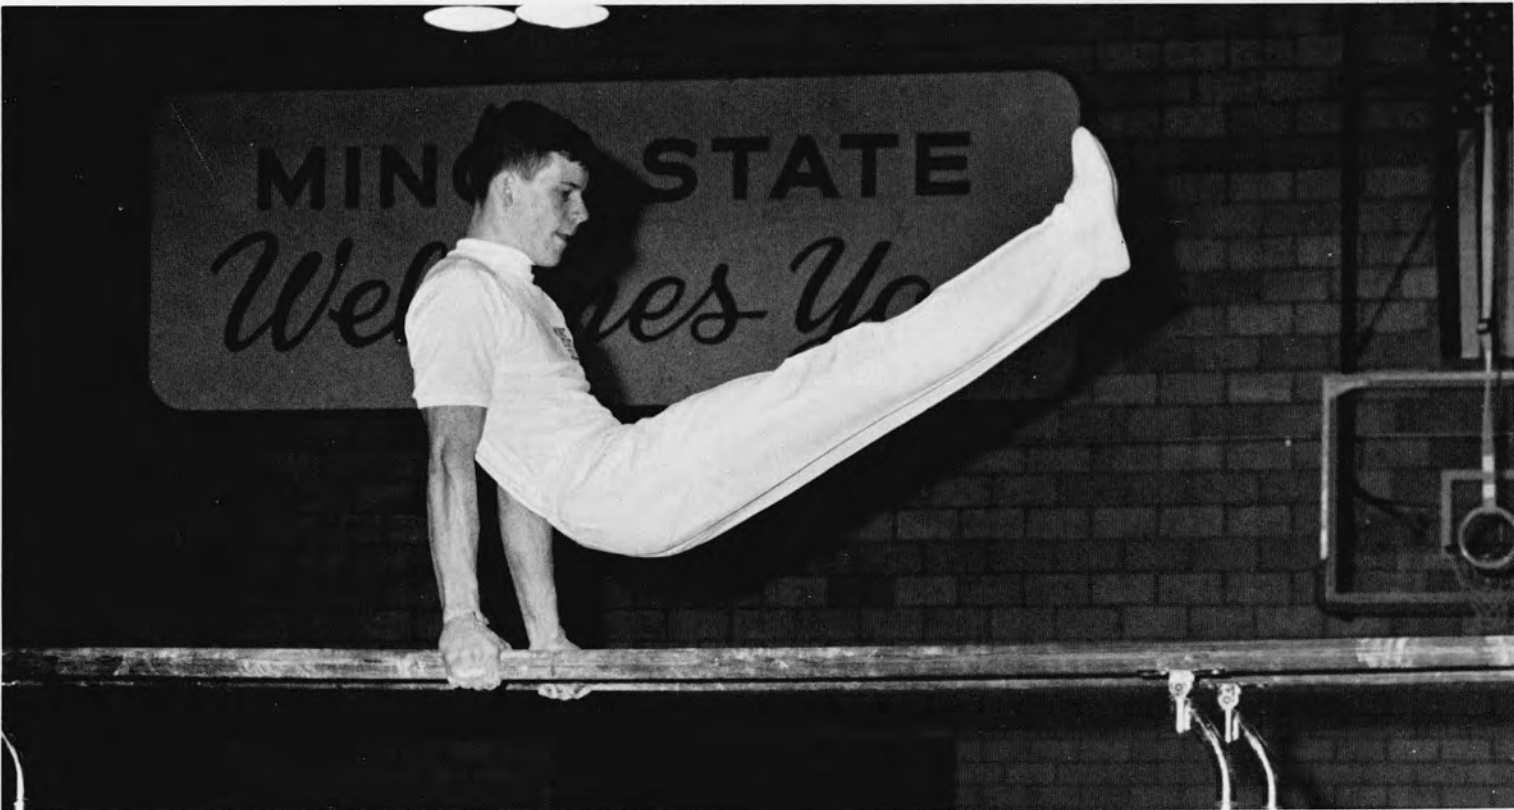

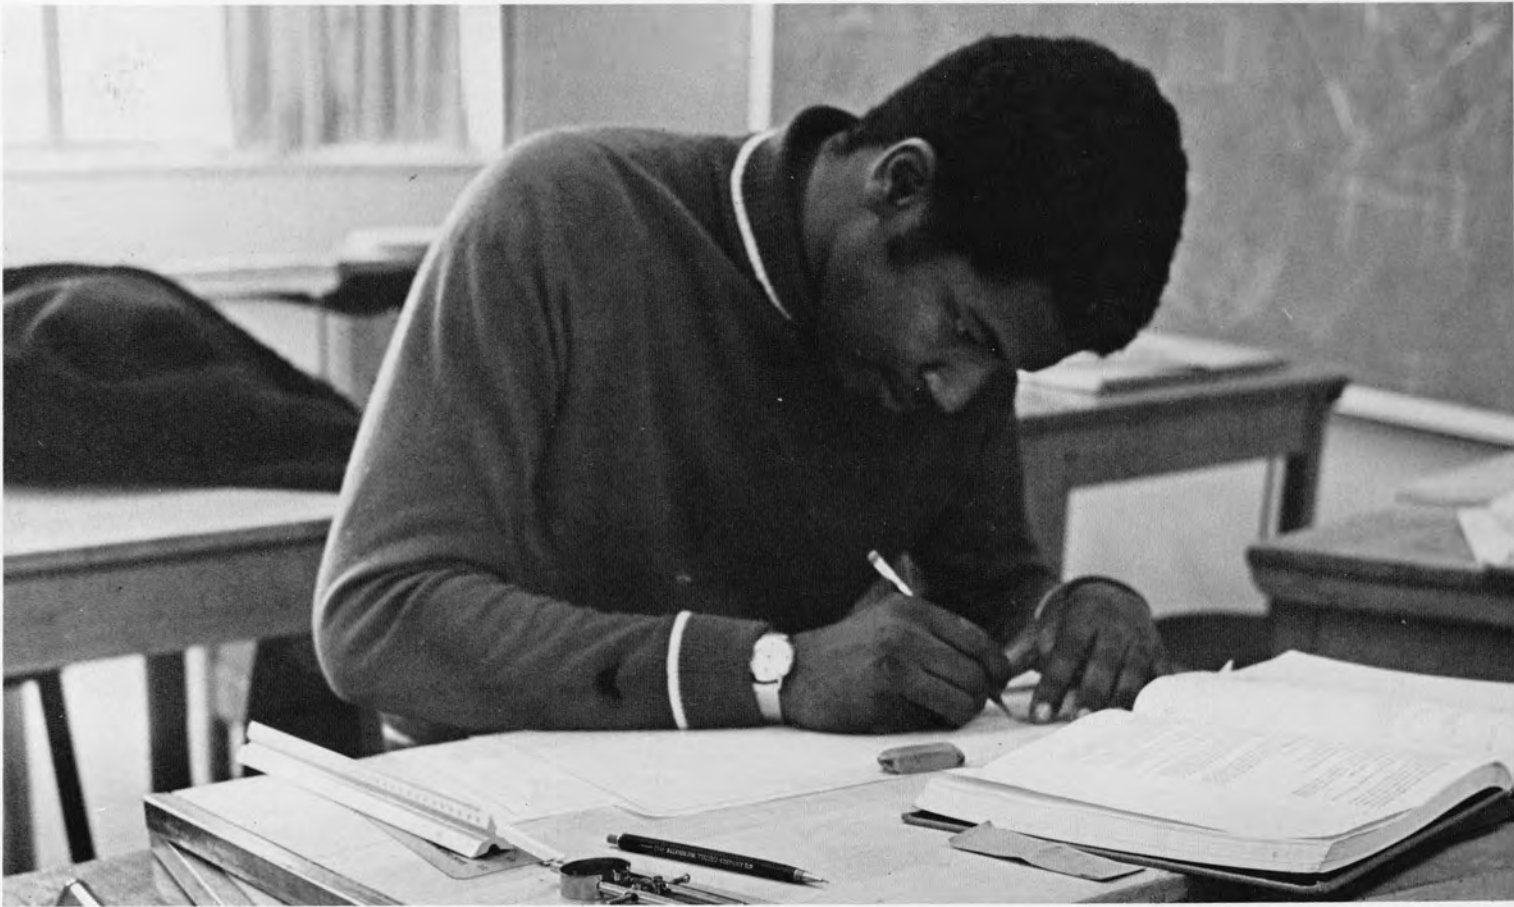

**With hearts that ran
and hands that
dreamed and clocks
that had no hour hand.**

And we were real because we tried!

Remember?

Only a length of this
moment —
half a now ago —
when the means became
an end
and then the end
became a means.
And it was . . .
Here and Now.

Sports

Track sets pace

1969 was a record breaking year for Wiley Wilson's track team. Minot showed the best in several years, but still placed only 4th in the North Dakota College Athletic Conference. Jamestown copped 1st, followed by Dickinson and Mayville.

Dwight Farrell captured Minot's only 1st conference title in the discus. Gerald Jones in the 440 and Wes Black in the pole vault were second place winners.

3rd place ribbons were held by Craig Rostvedt, high jump, and Wally Kalmbach, discus. 4ths were captured by Pat Scott, long jump; Jones, 880-yard run; and the 440-yard relay team.

Minot State records were set this year by Rich Riehm, high hurdles; Rocky Cofer, 440-yard intermediate hurdles; Jones, 440-880; the mile relay with Cofer, Joe Streitz, Jim Solar and Jones; the sprint medley with Cofer, Don Thymian, Pat Marion and Jones; Dwight Farrell, discus; Sheldon Gudmunson, javelin; Craig Courtney, triple jump; and Rostvedt tying the school high jump record.

Second row: Larry Muratore, Gary Olmsted, Gary Steckler, Tom Kraft, Bill Abraham, Duane Schwab, Jack Lundeen. Third row: Bob Ahrens, Bill Cook, Virgil Harstad, Walter Jorgensen, Steve Keller, Bruce Bremer, Dan Brekke, Coach Ken Becker.

Season ends 25-11

Minot's hardballers under the direction of Coach Ken Becker had a 25-11 season. Minot's team actually took the conference championship, but Mayville State captured the title because of the ineligibility of one of Minot's players.

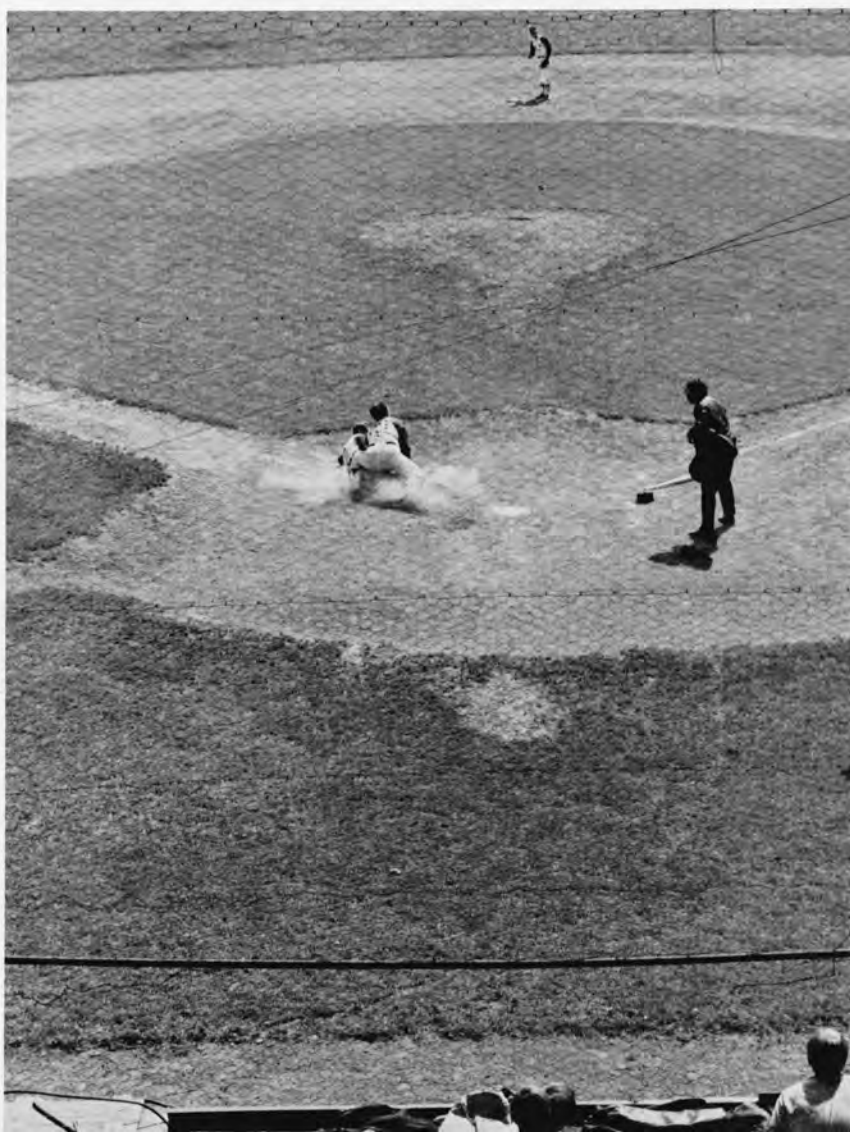

Co-captains Larry Muratore and Donn Feldner along with Tom Kraft were among those making the all-conference team. Kraft and Feldner were also listed on the roster of the NAIA District 12 team. Kraft was spotted for a position on the second Little All-America team. Kraft and Muratore were signed by the Minnesota Twins.

The team was led in hitting by Tom Kraft with a .463, 39 RIBs and 6 HRs. Bruce Bremer was named the most outstanding freshman. Tom Kraft was named the most valuable player of the 1969 team.

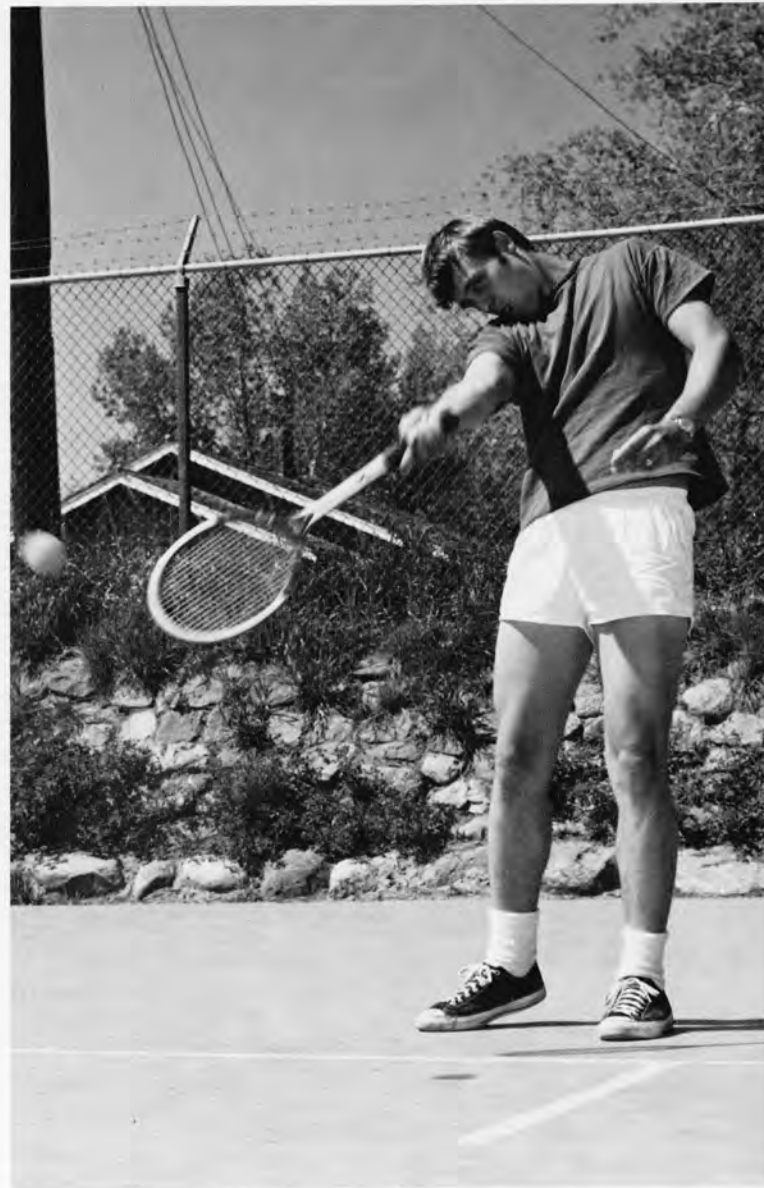

1969 senior members were Larry Muratore, Tom Kraft and Dan Brekke. Not pictured are Donn Feldner and Al Smetana.

Bruce Bremer raises a cloud of dust at home plate, but is still out.

Lance Johnson returns the ball with a graceful sweep.

The ball swiftly rebounds from Allen Hoberg's racket.

A spring sport . . .

When placed in comparison with such sports as football, basketball and track, tennis could be considered one of the minor areas of athletic participation at Minot State College. Yet this does not diminish its importance to the school or to those students who actively participate in it every spring quarter.

Last spring, with such netmen as James Bevaqua, the Beavers traveled to three conference tourneys and one district tourney. In district play May 19 at Aberdeen, S. D., Bevaqua copped 2nd in singles. Four days later in conference play at Mayville, he placed 3rd in doubles and 2nd in singles. It would be repetitious to say Bevaqua was the team's outstanding letterman.

Returning lettermen are Craig Van Sickle, Lance Johnson, Allen Hoberg and Bevaqua.

Flood takes toll

MSC's golf team suffered, too, from the flood of 1969. The golf courses were flooded which prevented the Beavers from having adequate practice facilities.

Although the golfsters, under the direction of Rodney Caufield, did participate in two meets, they lost to Dickinson in a dual and took 8th in a field of twelve teams at the NAIA District 12 meet in Aberdeen, S. D. The Beavers did not participate in the NDCAC meet because of lack of practice for the team.

This year's golf team will be led by Coach Larry Treider and with the returning lettermen Tom Thornton, Doug Lockrem, Murray Kline and Jim Herigstad the team could regain its conference title again.

Team places 2nd

Gary Myhre proved to be the Harriers' outstanding runner.

Coach Wiley Wilson's cross country team placed 2nd in the North Dakota College Athletic Conference run October 18 at the Dickinson Country Club. Dickinson State captured top honors.

Freshman Gary Myhre proved to be a valuable asset to the team with depth provided by returning lettermen Rod Settlemeyer, Kevin Synnott and Austin Gillette. Tyrone White, who had previously lettered at Northern Arizona at Flagstaff, also helped the Harriers to a very good season.

Minot's runners took top honors at the triangular cross country meet at Lake Region Junior College in Devils Lake September 17. Gary Myhre and Tyrone White placed 1st and 2nd respectively. The Beavers also topped the competition October 10 at the Valley City Town and Country Club meet. Second place trophies fell to Minot at two quadrangular meets hosted by Jamestown State College.

1969 Beaver cross country team members are first row: Kevin Synnott, Terry Cook, Micheal Ives, Daryl Flagen. Second row: Rod Settlemeyer, Jack Rabbithead, Jon Anderson, Mike Voth, Gary Myhre.

Beavers place 4th

Minot State College football team placed a triumphant fourth place in the North Dakota College Athletic Conference, with a 3 and 2 conference record and a 5-3 overall record. The Beavers opened their season against North Montana at Glasgow winning the game in the last three minutes by a score of 24-21.

The following week the Beavers traveled to Wahpeton for their conference opener against the Wildcats. It was a hard fought game with both teams making early season errors but the determined Beavers routed the opponents to a 19-13 victory.

The first home game was played September 27 against Black Hills State College. Again the game went down to the line but the Beaver outdid the Yellow Jackets 20-16.

Minot was again on the road October 4 but this time to play the Mayville Comets for their Homecoming game. The Beavers bowed to the Comets 21-14.

The following week the Beavers played their Homecoming game on a cold snow-covered field. The weather was dull but the Beaver spirit carried them over the Viking opponents 30-0.

Dickinson bettered the Beavers in their next encounter by a score of 34-21.

The highlight of the football season was the defeat of the Jamestown Jimmies after their 22 game winning streak. Trouncing them by 46-16, the Beavers had a fine conclusion to their conference season.

In their final game the Beavers were downed by the Albert Lea College Lancers of Minnesota by a score of 34-26. The second half belonged completely to the Beavers but time ran out before the Beavers could conquer their opponents.

Bob Just and David Greenwood were selected to the honorable mention squad. Kuntz was also named to the National Association of Intercollegiate Association District 12 first team.

The tri-captains for next year will be Dave Kuntz, Robert Just and Jack Lundeen. Kuntz and Just were also picked by their teammates as the most valuable defensive players while Rick Johnson and James Rovito were chosen as the offensive standouts.

Others picked were Dave Greenwood as most outstanding freshman lineman and Bruce Iverson as most valuable freshman back. Gary Olmsted was chosen by the coaches as the most versatile player, while Merlin Martin was named most improved by the team.

Injuries hit wrestlers

Coach Dean Bachmeier's grapplers started the 1969-70 season with merely six lettermen and of these only three had extensive previous experience. The opening practice sessions, however, indicated some impressive young talent and competition for several weight classes appeared to be seen.

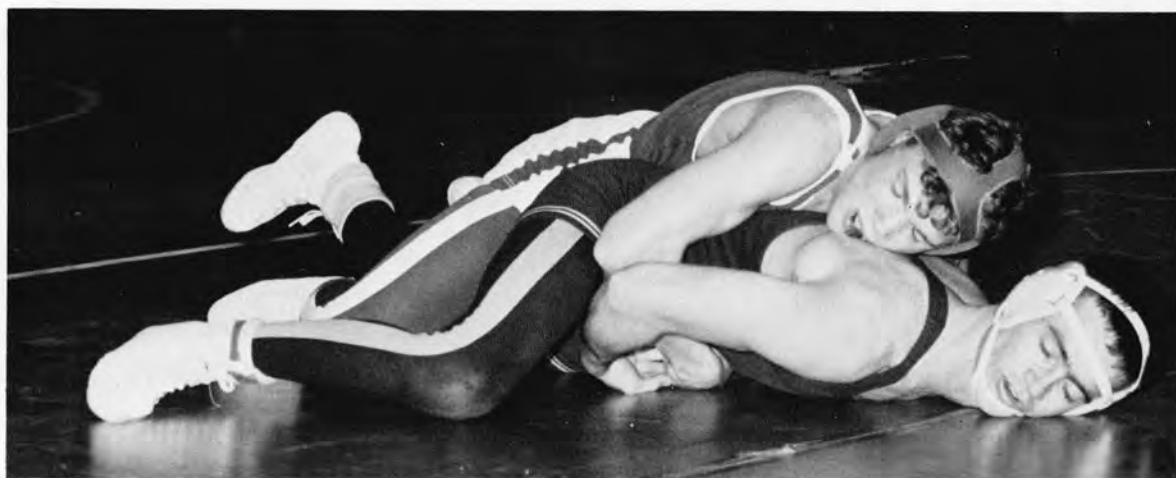

Academic ineligibilities and injuries caused a loss of ten individuals from a squad of about 30 that reported for initial workouts. Throughout the season unusual and freakish injuries occurred, hampering all but three of the regular starters—the usual problems that give coaches premature gray hair and ulcers.

Despite the numerous problems encountered, the Beavers managed to finish with a winning campaign of 9-4 win-loss record. "We were green as grass in most weights," stated Coach Bachmeier. "This was a building year for us and probably will still be next year, however we should be more sound overall."

The Beavers were disqualified from the North Dakota College Athletic Conference as a team but individuals were allowed to compete. Jim Byron was the lone champion from MSC. He won the 167 pound class. Terry Burckhard at 126 pounds and Dwight Farrell at heavyweight were runners-up in their respective weight classes. Third place spots were capped by Tom Christen at 118, Loren Headrick at 134 and Leo Brunner took home a fourth place ribbon.

Squad takes and

MSC's Beaver basketball squad was squeezed out of the North Dakota College Athletic Conference championship by Valley City State, but took second place honors with a 7-3 win-loss conference record.

The Beavers, under head coach, Wes Luther, had a 13-9 overall win-loss record. They opened the season by defeating Carroll College of Helena and Montana Tech of Bozeman but dropped the following game to Northern Montana at Havre ending a 3 day trip through Montana.

The Beavers again triumphed at South Dakota Tech, but after that they had the longest losing streak this season, losing four games to the University of Manitoba, Aberdeen, South Dakota State in Madison, and Bemidji.

Minot ended their season by trouncing Mayville and stopping Valley City, the NDCAC champs.

The Beavers were led this season by senior Henry Togans and transfer student Jim Richmond. Togans took scoring honors by scoring 504 points with a conference average of 28.4 points per game. Richmond trailed Togans in scoring with 439 points but topped the team in rebounds.

I-M Program Varies

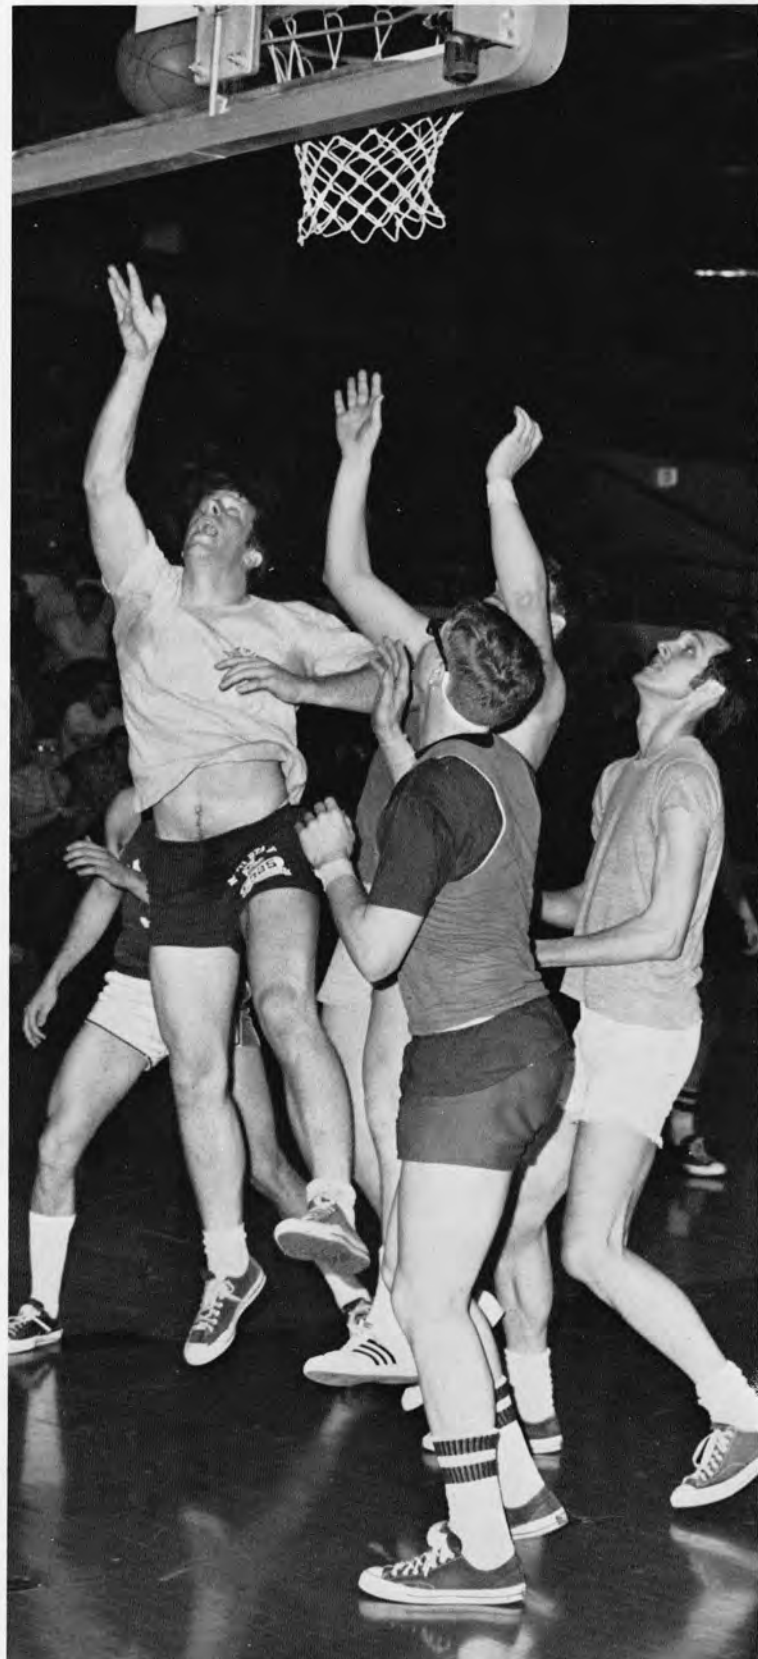

The intramural program allows the students of MSC to get a workout now and then. However competition is keen and tempers flare easily. The independents and Greeks battled amongst themselves to gain possession of the I-M trophies.

The I-M schedule contains football, volleyball, basketball, bowling, wrestling, ping-pong, softball and track to keep the students busy all year.

At press time the scores were running fairly even. With the Mu Sigma Tau fraternity winning the overall I-M trophy for three years and working for the fourth straight championship, the competition will last to the finals.

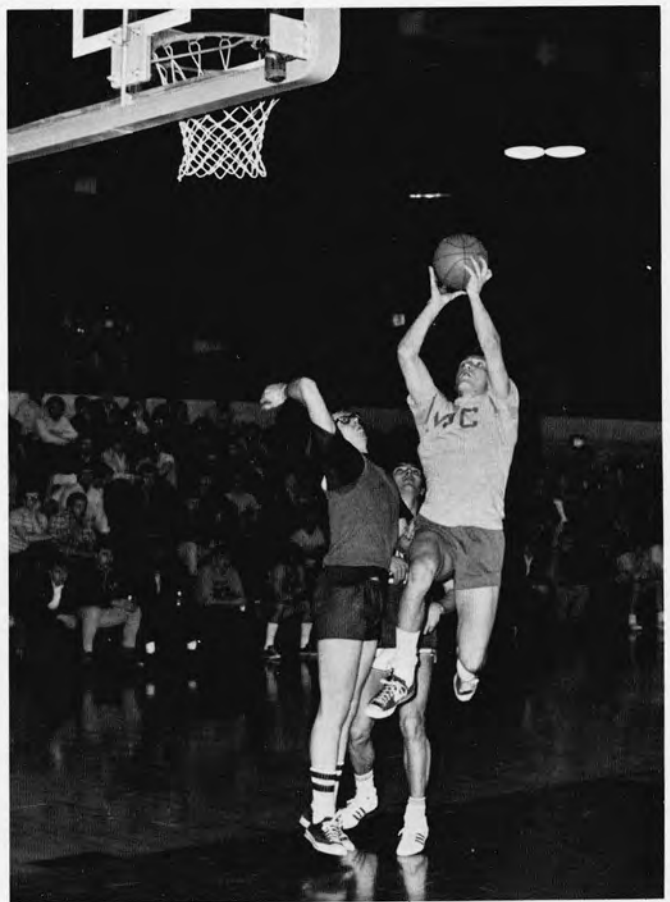

The cold fall weather doesn't bother the I-M football players, much!

Active, Full Year

With the beginning of the school year things looked dim for some of the Greeks as a result of the disastrous flood last spring. All but two of the houses were swamped and so the summer and fall were hectic for some.

By Homecoming, the Sig Taus had claimed the award of national chapter of the year. They topped this by winning the float trophy for the third year in a row. The Betas, after a well-conducted campaign, captured the title of Homecoming Queen for their candidate, Bonny Hammond.

Panhellenic Council's new rush system was again put to the test and a few difficulties did crop up. The sororities felt a few changes were necessary and amended the constitution to that effect.

Controversy arose during the year concerning the guaranteed Greek seats on the Student Senate. Many students voiced their discontent over the lack of equal representation. The feud ended in a vote by the student body and the attempt to deny these seats to the Greeks was defeated.

Greeks once again provided services to the community by participating in the Heart Fund and Community Chest drives as well as contributing to many other philanthropies.

Greek sororities still provide unity and push at Minot State.

SA engages in meaningful activities

A "Night of Dissent" protesting women's dormitory hours accented the winter quarter Student Association activities. The night began with a mass checkout from the dorms by upperclassmen and several brave freshmen with no serious repercussions.

The coeds then marched on the women's residences to recruit more supporters and drew up a tentative statement of proposed changes in hours. Further action was taken

by committees working with the administration.

SA is in existence to set up a desirable college which will meet the interests of most students by governing them and coordinating the faculty and students in its activities.

Several "firsts" challenged the group during the year: Political Emphasis Week, teacher-evaluation listings and a card file system for students to rent and buy books.

SA functions through various committees

Planning social activities throughout the year for the college keeps the program board busy. Activities such as big-name entertainment, dances and lectures are brought in by the board's members.

"Flintstone's Frosted Frolic" was the theme for this year's Winter Carnival. This annual event includes a carnival, snow sculpture contest, crowning a king and queen, dances and many other activities. The 1970 Carnival was held in conjunction with the Minot Winter Festival, which is hoped to be restored as an annual event like the MSC Carnival.

The program board is always open to any suggestions from anyone on the types of activities they would like to have brought to the college.

The Vagabonds, open to all interested men, was formed three years ago. It has tried to further the musical knowledge of their listeners while they increase their own knowledge of music. Of the original members six are still with the group.

During the year the Vagabonds have performed at the Fall Music Clinic, the 1970 Fine Arts Festival and on the Telethon. A winter tour was taken February 3 and 4 and it ended the year with several home appearances.

The Popajons, a select group from the Concert Choir under the direction of John Strohm, sings the light, popular music of the day, accompanied by piano, bass viol, vibra-harp and percussion.

Featured this year were special arrangements by graduating seniors Brooks Grantier and Thomas Pederson, setting a trend for this

type of creative initiative.

During the academic year the Popajons sang as a special group on the choir tour and at home concerts, for numerous civic and college social functions and for the North Dakota All State Chorus and Band.

MSC Women's Chorus is an organization open to any woman attending Minot State College. It gives the women of the campus an opportunity to express themselves through the performance of music.

The organization also offers anyone interested a chance to perform for the enjoyment and betterment of the general public and increase her music knowledge.

The group has performed at such events as the annual fall music clinic, 1970 Fine Arts Festival, Christmas Carol Vespers and the President's Convocation. A spring tour and final concert rounded out the year.

Members enlarge cultural area

The MSC Concert Choir made its first public appearance of the year at the Concert Hour of the North Dakota Music Educators at the annual North Dakota Education Association Convention last October.

This was the beginning of a full year with subsequent performances at the Elks Memorial Service, **The Messiah**, on tour in North and North East North Dakota and in a major oratorio in the spring.

The choir is working toward singing as much good literature, both accompanied and a capella, of all the periods, making use of the instrumental-choir contemporary music, singing arrangements and compositions of MSC's faculty and students.

Members experience the aesthetic values of music so that they can in turn relate and encourage the same in the communities they serve.

Symphony grows in attendance, budget outlay

The Minot Symphony Orchestra provides the community with the opportunity to hear symphony music played by local performers. It has given Minot State College students a chance to play in this orchestra.

High school and elementary students of Minot and the surrounding area have the occasion to hear and study records and background materials concerning the featured numbers of each concert.

In the last two years concert attendance has quadrupled. The Minot Symphony Association and the Women's Symphony League have helped the orchestra in tripling its budget and in the policy-making of the orchestra. The Women's Symphony League also organizes the Symphony Ball, a major social event in Minot.

MENC includes former grads in programs

Music Educators National Conference presented a wide variety of programs including a mock initiation ceremony into a music honor society by Mohall students and a talk on musicals and opera production by Wayne Nelson. They gave a program by three of last year's graduates: Dennis Batson, Ray Dockter and Tanya Skakoon, on their experiences as new teachers.

The goals in MENC are to provide education outside of the classroom for the music teacher and to give all students interested in music an opportunity to become better educated. MENC also provides scholarships for incoming freshmen going into music. This March Robert Briggs, president, and Gerald Poe, adviser, attended the National MENC convention in Chicago.

Sigma Alpha Iota, a national professional music fraternity for women, requires each member to be either a music major or minor and to meet scholastic requirements.

Purpose of SAI is to encourage music students in this field of the arts.

SAI activities include monthly musicals, an Incorporation Day musical, a musical commemorating American Music Month (February), musical therapy for the mentally retarded and an annual spring ball with the Sinfonians.

SAI also works with the mentally retarded through musical therapy and is involved in a Braille Music Project. Interested women in the field of music can receive scholarships through SAI.

Sinfonia studies music

Open to any male student actively interested in music, Phi Mu Sinfonia is a national professional music fraternity dedicated to the highest standards achievable in the composition, teaching and performance of music.

The local chapter meets once a month for a business meeting and once a month for a music meeting. A recital is presented every fall to honor the founding of the national fraternity and another recital to celebrate the founding of the local organization.

Sinfonia studies the aspects of music performance and music education, which are benefits to all members. In their recitals the club members try to stress all types of performance, ensembles, soloists and emphasize American music.

Officers are Reed Malm, secretary; Fred Omar, president; Brooks Grantier, vice president; Robert Briggs, treasurer.

CP does 2 plays

William Shakespeare's **King Lear** and Lillian Hellman's **Another Part of the Forest** were two of the major productions by Minot State's Campus Players during the year.

Each play presented a challenge to the committee's on costuming, lighting, publicity and set design. Members of the group originally designed and constructed all of the attire for these productions.

Plans are presently under way for a new counterweight system and a new experimental theater called the "now-theatre."

To limit membership to interested and qualified individuals, the group requires participation in at least one play performance.

King Lear highlighted the Campus Players' fall quarter.

Originality stressed

Delta Theta Chapter of Alpha Psi Omega fraternity, in existence since 1933 on the Minot State Campus, has 15 active members.

National headquarters, known as the Grand Cast, are located at New York University, New York City. New members are initiated every quarter after earning the required 80 points by participating in stagework. Initiation stresses originality and knowledge of dramatics as well as the technological aspects of stagecraft.

Active members' present discussions at study sessions and monthly meetings on various aspects of the theatre, and on authors, periods and movements in drama.

They run meetings in parliamentary French

To stimulate interest in the French language and culture is a goal of the French Club. This interest is not only shown with the students but also with the entire community.

Various speakers have included Floyd Fairweather, humanities associate professor at MSC, who lectured on French art, and a native from France, Mrs. James Bennet who spoke about her country. The French Club is learning to conduct all of their meetings by parliamentary procedure in French.

Various activities have been Christmas caroling, films and the annual French dinner and Fete Finale.

Kappa Pi does show

Kappa Pi is an international art fraternity open to all art majors and minors meeting the requirements of the organization.

Major purpose of this group is to further and expand the group's views on art and try to help in the community. Kappa Pi is only two years old and has already held an all-campus art show.

Kappa Pi has tried to make plans with the city for a local art gallery. Various other activities have been working on local buildings for Western Week, taking a field trip to Minneapolis to view art schools and galleries. They also helped with the National Print and Drawing Show on campus.

Hestia for home

Providing a program of social activities for the members of the organization and further promoting home economics does keep this organization on the move.

A variety of activities such as putting on a Christmas Tea for the faculty, providing warm rolls and krumkake for the Board of Higher Education, sponsoring a Christmas Crafts Workshop and their annual spring style show keeps Hestia in the spotlight on campus.

The real highlight of the year, however, was the field trip to Minneapolis where they toured the Betty Crocker Kitchens and Munsingwear factory.

Hestia keeps those involved in Home Economics on the move toward better and happier home living.

Interest in Science

Beta Gamma Phi is composed of science majors and minors and those interested in modern techniques and developments in the field of science.

The organization is concerned with promoting interest in the field of science and giving those interested a chance to get together and discuss ideas and new findings.

Each year, during the spring, the organization takes a trip. By visiting various museums, laboratories and clinics the members further their knowledge in science. One very interesting visit was a tour through the heart center at Trinity Hospital. Dr. Malcolm Cameron, heart surgeon at Trinity, conducted the tour and explained all functions of the center.

This year's travel also took the science club to Minneapolis. This city was chosen by Beta Gamma Phi and the Med Tech Club and the trip was taken by both groups.

Officers: Barry Borstad, president; Linda Erickson, secretary; Mark Nygard, treasurer.

Outside activities enhance work of Med Techs

The main objectives of the Medical Technology Club are to make the field of medical technology even more interesting and to relate the profession to the classes being taken by the members at MSC.

The club has had many speakers who are medical technologists, pathologists and teachers. A medical technologist from the Philippines showed slides of her home country and talked about life there. These speeches benefit the members as future members of the profession.

To raise money for their spring trip to Minneapolis and Rochester to visit the medical centers, the group sold candy and had sandwich sales in the dorms.

Officers are Jayson Shobe, president; Rosanne Olson, vice president; Joe Dailey, treasurer; Carol Hutchinson, secretary.

Row one: Mary Oberg, Kathy Moen, Barbara Kostenko. Row two: Jarlene Braaten, Margaret Goetz, Cynthia Bauch, Carol Hutchinson. Row three: Mark Sperry, Jayson Shobe, Karen Naaden, Genelle Okerson. Row four: John Lyon, Joe Dailey, Jerry Erdle, Rosanne Olson, Connie Christen.

SNEA backs project

The Student National Education Association is a professional organization for those preparing to enter the field of teaching in the near future.

This year SNEA put emphasis on student power exemplifying this through Project 18, backing the 18 year-old vote.

Sherwin Dockter served as master of ceremonies for the annual faculty-student tea at Christmas and Don Rollie, Field Service Man for NDEA, visited this campus organization in January.

SNEA reports in booklet form. Purpose of this booklet is to inform fellow students of the existing professional teaching conditions in schools of North Dakota and to let school administrators know that professional conditions are of importance to the beginning teacher.

Society means honors

The purpose of Kappa Delta Pi, an honor society in education, is to recognize outstanding contributions to education. Persons invited to membership have exhibited commendable personal qualities, worthy educational ideas and sound scholarship.

Members of this society accept as their guide the ideal of fidelity to humanity, science, service and toil. The symbols $\text{K}\Delta\text{P}\text{i}$ represent the motto, Knowledge, Duty, Power.

Activities this year included the Beaver parade, initiation of new members in the fall and spring quarters and presentations given at meetings by Dr. Olger Myhre, C. S. Bjorlie and Roger Riveland.

At the 27th Annual Convocation in Boston, MA, in February were delegates Leona Wood and Mrs. Agnes Ladendorf.

Scott is delegate

Phi Sigma Pi, a national honorary fraternity pursuing academic excellence and a well-rounded character, was founded in 1916 at Central Missouri State College Warrensburg, Mo. Every quarter new students are pledged to this fraternity whose members must keep a grade point average of 2.75.

The main functions of the Phi Sigma Pi are to discuss problems pertaining to education, to promote understanding among the members and to better the campus as a whole. Every year this chapter is represented at the national convention in Washington, D.C. Pat Scott, a past president, was Phi Chapter's delegate at that gathering in September.

Each spring a plaque is awarded to the organization's "outstanding senior."

Regional Pi Omega

Pi meets here

Pi Omega Pi, an honorary business fraternity on campus, unites students of high scholastic attainment in promoting loyalty, service and progress in the business profession. It is affiliated with the American College Honor Society, a conglomerate of all honorary societies in the nation.

The regional Pi Omega Pi annual meeting was in Minot this year, hosted by the local chapter. The group also sold booklets of bulletin board ideas in business.

Minot State's Delta Omega chapter of Pi Omega Pi sponsored a workshop for high school girls interested in business in the spring. The workshop acquainted the girls with the business department at MSC, hopefully appealing to prospective students.

Business club discusses facets of field

The activities of the newly established campus Business Administration Club consist mainly of guest lecturers discussing many aspects of business including banking, law, counseling and investments, retail merchandising and other areas in the wide horizon of the business world. Activities in the planning stages are field trips and an investment club.

Purposes of the Business Administration Club are to further knowledge and understanding of various business fields and vocations, to promote professional relationships among students, faculty and businessmen and to introduce club members to college graduate programs.

Meetings set pace

Dominating the academic year for Minot State's Council for Exceptional Children were state, national and international seminars and conventions. Several students and faculty members from the special education division attended a language seminar in Winnipeg where Dr. Sue Pace of Northwestern University was guest speaker last October.

The North Dakota State Council for Exceptional Children held its annual convention in Jamestown in February. The Student CEC meets in conjunction with this state gathering each year. Finally Chicago was the site of the National Council for Exceptional Children's annual spring convention. Again several students and faculty members from MSC were in attendance.

Other club activities included a Christmas party for the Campus School Special Education class and a personal appearance and open discussion with former State Senator Ray Vendsel.

CEC officers are Miss Ruth Loucks, adviser, Patricia White, secretary-treasurer, Patricia Marcotte, president.

Psychology Club members are Julius Kaseman, Rose Ternes, Ramona Fix, Rodney Ringbloom, Marianne Verbitsky, Harry Landers, Jane Coyne, Arlyne Hight, Raymond F. Pajak, Donna Allen, Jack Korolsky, Mrs. Sandra Stanlake, Dr. Richard W. Sheldon, Ronald Bieri.

Club plans to acquire equipment

Psychology majors, minors and anyone else interested in a look at the field of psychology from places other than the classroom join the psychology club. Discussion groups, speakers, field trips, conventions and seminars give members a better idea of what is going on and an opportunity to get involved.

This year's talks were held with instructors on several subjects. Films and other aids, used in classes, have also been seen and discussed. The club field trips have probably been the most popular and interesting.

During the fall quarter a bus load of members took a day-long tour of the state hospital in Jamestown. The winter quarter saw visits to the state penitentiary in Bismarck and the Heartview Alcoholic Center and the In-

dustrial School, both in Mandan. They also sent two representatives to a seminar in Minneapolis during the winter quarter. Julius Kaseman and Rose Ternes participated in a seminar on "Reality Therapy," a new idea in group psychotherapy.

In the future the club plans to continue with interesting discussions and speakers. They would also like to continue visiting the various facilities in our state concerned with mental health. An attempt will also be made to acquire some experimental laboratory equipment for the club. This will be done in conjunction with the psychology department's application for funds and equipment for the entire department.

Club keeps active

Sociology Club of Minot State College sent representatives to the Minnesota Association of Child Caring Institutions in St. Paul, Mn.

This club is active in helping with the mental health drive and plans to do volunteer tutoring with children in the Minot area.

Goals of the Sociology Club are to help members become active in social services by giving them a chance to be a part of the sociology department and give them an opportunity to understand what they will be doing as a career and why they are doing it.

Seated: W. H. Stockman, G. L. Larson, Gerald Wheeler. Standing: Alma Wong, Jean Ortberg, JoAnne Brossart, Kay Hubrig, Arlyne Hight, Roxanne Hystad.

Club helps students

The newly formed Minot State College Indian Association's purpose is to help incoming American Indian students at MSC. This club facilitates the counseling, guidance and tutorial programs for Indian students, promotes better public relations among Indians and non-Indians in the community and utilizes the educational programs for Indians in North Dakota.

It helps to give a comprehensive outlook to Indian high school students on the academic and social life at Minot State College by a program of personal visitation.

No discrimination is made according to race, color, creed or religion but membership is otherwise selective and members belong under a code of rules.

Indian Association members are Dianne Renault, W. H. Stockman, Dennis Renault, N. Manvel Lillehaugen, Austin Gillettee, Joyce Mahaney.

Council consists of Virginia Barke, Patricia Benson, Miss Garnet Cox, Barbara Berner, Sherryl Bunker, Julie Nordquist, Linda Kemp, Mrs. Sandra Stanlake, Adviser, Marlene Lund, Diane Quam, Bonnie Fecho, treasurer, Cheryl Hinschberger, Judith Keller, Zella Berg.

Council sets pace

Working closely with the alumni of each sorority, Panhellenic Council continued the system of deferred formal rush once a year with open bidding the remainder of the year.

Formal rush week was opened by a convocation held by the dean of women outlining the week's schedule. A full week of formal rush parties were held after Christmas with open house and private parties sponsored by each sorority.

Panhellenic Council, consisting of two representatives and the president of each sorority on campus, Dean of Women Miss Garnet Cox and Faculty Adviser Mrs. Sandra Stanlake. It has as its main objective the coordinating of activities of Minot State's four sororities.

Regular business of Panhel, which meets weekly, consists of keeping up-to-date lists of members and pledges of each sorority, planning and carrying out rush and generally creating a close working bond between the sororities.

Seated: David Hapip, Linda Morey, Candace Parizek, Todd Harkness, Lee Cunningham, Mark Axtman, Steven Lagerquist, George Eslinger, Winnie Baertsch, Cathy Larson, Judith Keller, Kay Schwartz, Robert Ahrens. **Standing:** Terry Johnson, Gail Garaas, Jessica Stene.

Council coordinates

Greek Council seeks to improve inter-Greek relations on campus by reducing friction and harmonizing the Greek organizations.

Another goal in mind is to orient the independents toward the advantages of Greek life and to interest them in joining a fraternity or sorority. Janice Septon has been instrumental in organizing activities.

Various functions which the Greek Council has participated in are an all-Greek exchange in the Student Union Ballroom and Lounge where each sorority and fraternity presented a skit, all-college dances, a public service project and Greek Week, highlighted by the selection of a Greek God and Goddess.

Officers: David Hapip, vice president; Gail Garaas, secretary-treasurer; Steven Lagerquist, president.

Members attend leadership conference

Officers of the College Republicans for the current term are Kathy Richter, president; Gerald Farden, vice president; Annette Schmidt, secretary; Lianne Lawrence, treasurer; and Ila Lovdahl, publicity chairman. John Dwyer, a senior at St. Olaf's College, Northfield, MN, and North Dakota West District Student Coordinator, was present at the first meeting of the year to activate canvassing for prospective members.

Club member Karen Naaden accompanied

Dwyer to the State School of Forestry at Bottineau, where they successfully organized a new College Republicans Club on that campus.

Activities for the year included a leadership conference in Bismarck attended by delegates Jerry Farden and Annette Schmidt and the state convention in Bismarck at the Holiday Inn. Kathy Richter, a senior at MSC, is treasurer of the North Dakota Federation of College Republican Clubs.

Young Republican members are Seated: Annette Schmidt, Lianne Lawrence, Dianne Goranson, Margaret Routledge. Standing: Kurt Friederich, Ila Lovdahl, Karen Naaden, Kay Schwartz, Gerald Farden.

Club grows on campus

The purpose of Minot State College's Veterans Club are to uphold the constitution of the United States, to associate with fellow veterans and their organizations, to promote a better understanding of the armed services among fellow students and young people in general and to insure the advancement of democracy and patriotism.

Activities of the Vets Club include exchanges with sororities on campus, an orientation dinner meeting each quarter, toboggan parties, dances, swimming parties and participation in Student Association activities.

This year the Vets Club hosted the 1970 North Dakota State Collegiate Veterans Convention.

The club has increased from 40 members in 1968-1969 to 60 members in 1969-1970.

Vets officers are Seated: Donald Larson, sergeant-at-arms; Dale Henry, vice president; Rodney Peterson, secretary. Standing: Ed Kurzweg, president; Dennis R. Wolseth, treasurer; Layne Solemsaas, chaplain; Myron Dammen, adviser.

Members of the Vets Club are Row one: Vincent Sheettino Jr., Alan Ostlund, Walter Korgel, Darrell Linnertz, Gene Stephens. Row two: Donald Larson, Dale Henry, Ed Kurzweg, Rodney Peterson, Dennis R. Wolseth, Layne Solemsaas, Myron Dammen, Tony Swedlund. Row three: Dennis Ettestad, Russell Hanson, Jerald Scott, Michael Vannatta, John Wilson, Curtis Burow, Allen Gotvaslee, Paul Ardelean, Lyle Batema, Ronald Driessen, Joseph Creston. Row four: Robert Altringer, Pius Gange Jr., Walter Doman, Stephan Petry, Kris Mullen, John Pink.

Members of the Rodeo Club are Seated: Connie Davy, Eileen Moore, Pamela Larson, Dianne Hildenbrand. Standing: Miss Kathleen McCann, Carol Davy, Connie Anderson, Virgil Harstad, Nadene Johnson, Larry Demke, Holly Dahl, Carleen Hagen, Mary Ann Demke.

NIRA attracts fans

Rodeo Club helps to promote intercollegiate rodeos on a national scale by bringing state and regional recognition to this activity as an organized and standard collegiate sport, encouraging interest, understanding, appreciation and vigilance over western life, culture and western affairs.

The organization seeks to encourage MSC students in the sport of rodeo, horsemanship and sportsmanship, to attract prospective college students to enroll at MSC and to participate and represent MSC in rodeo competition as a member of the National Intercollegiate Rodeo Association.

Connie Davy, Pamela Larson and Diane Hildenbrand participated in competitive rodeos at NDSU and Ellendale last fall.

In the spring the club attended rodeos at USD, Vermillion, SD, SDSU, Brookings and BHSC at Spearfish. The NIRA finals are at Bozeman, MT, June 23-27.

WRA Members are **Row one:** Pam Larson Judith Spletstoser, Dianne Hildenbrand, Nadene Johnson. **Row two:** Jacqueline Kary, Lorna Enget, Karen Flaten, Barbara Snyder, Celia Jo Currie, Kathy Rakness, Mary Seidlinger, Jane Wentz, Denise Spangelo. **Row three:** Cynthia Huelsman, Valerie Britton, Paulette Klein, Shirley Giesbrecht, Carleen Hagen, Barbara Johnson, Colleen Johansen, Bonnie Steffensen, Karen Kelly, Judy Charleboi. **Row four:** Patrica Mitchell, KayJuana Maas, Deborah David, Susan Ehli, Kathy Goetz, Kimberly Aleshire, Mary Foss, Jeanette McDonald, Donna Hynek, Alma Lee. **Standing:** Judith Jacobson, Patricia Geforh, Joan Olson, Vickey Torgerson.

MSC hosts meeting

Host for their state convention this spring was MSC's Women's Recreation Association, which provides an opportunity for physical education majors to develop skills to be used in their future teaching positions.

The organization also went to the regional American Association for Health, Physical Education and Recreation convention in Cheyenne in the spring. During fall quarter they attended the state conference at NDSU in Fargo.

WRA provides an outlet for people who are not in physical education to take part in some enjoyable exercise by sponsoring activities such as intramural volleyball and basketball.

During the 1969-1970 academic year the club sponsored the annual WRA-Letterman Sweatshirt Dance, Powder Puff basketball and football games, Playday for area high school students and a spring camping trip.

Club raises standards

PE Officers are Seated: Lois Sinn, vice president; Barbara Holtan, treasurer; Jane Wentz, program chairman. Standing: Larry Treider, adviser; Miss Kathleen McCann, adviser; Diana Hapip, secretary; Robert Rupp, president.

Physical Education Club cooperates with the state and national education departments to interest the children and adults of this area in health, physical education and recreation.

The club acquired accurate information concerning the program that the state and national departments have. One of the Physical Education Club's highest goals is to advance the standards of teaching and leadership.

Activities of the club consist of business meetings, luncheons, games and guest speakers whenever possible. Transportation to sporting activities away from Minot makes possible such trips as the ski trip to Bottineau in February and the coed camping trip in the spring.

The success of the club this year is due to the Advisers Miss Kathleen McCann and Larry Treider.

Club raises funds

The main purpose of the "M" Club is to serve as an organization for athletes who attempt to raise the ideals and sportsmanship of athletics.

The "M" Club sponsors Kampus Kapers, an all-campus variety show, every spring. They run the concession stands at MSC's basketball games and wrestling matches as a fund-raising project and convenience for sports fans. They served as judges at the winter carnival races. Anyone lettering in a sport at MSC is eligible for membership and its honors.

The club raises funds to buy awards, including sweaters, jackets and pins, given to Minot State's lettermen.

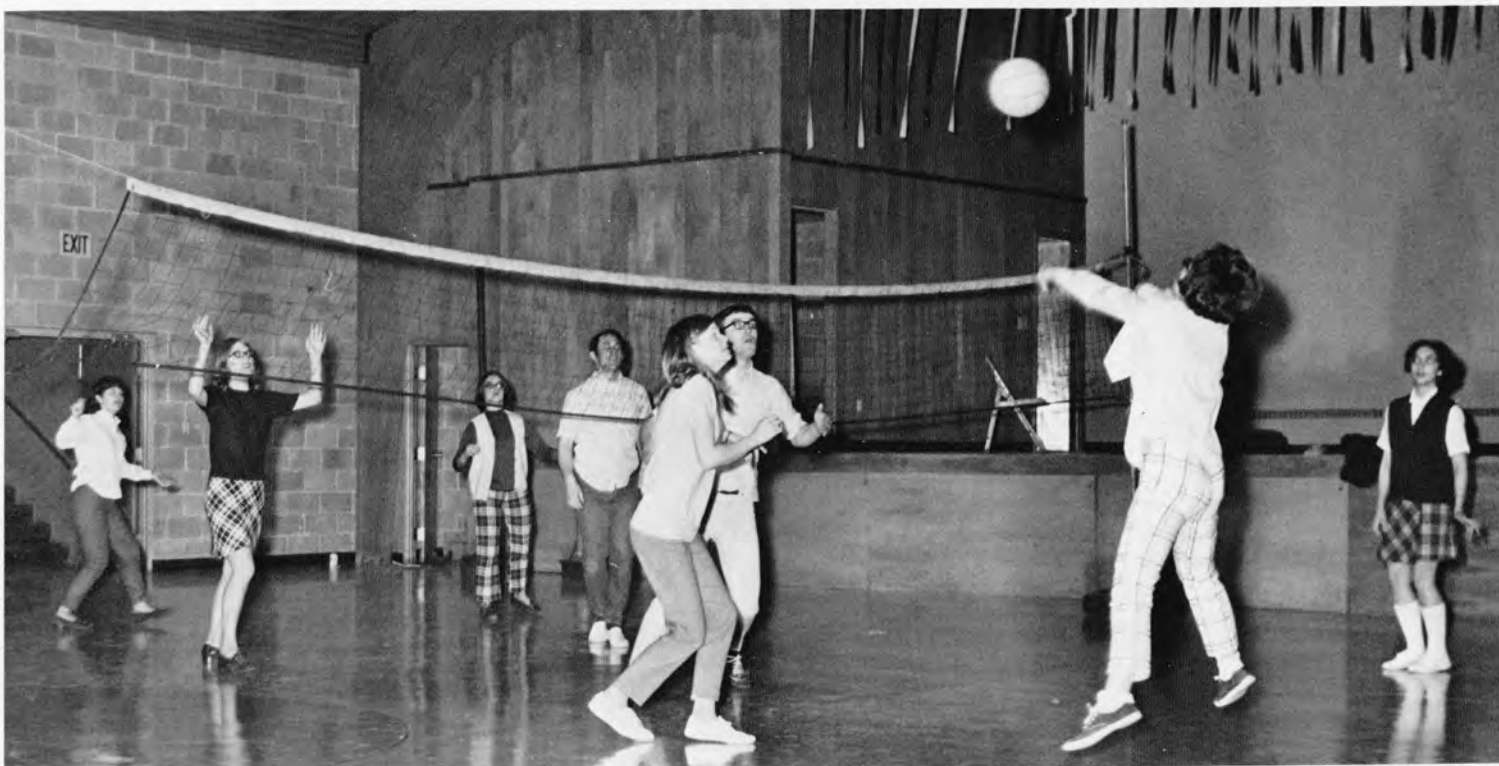

Don Marcotte, a first-year letterman, who succeeded Rocky Cofer as "Mr. Letterman," was crowned at the annual sweatshirt dance co-sponsored by this club and the Women's Recreation Association.

Officers of the "M" club are **Row one:** Michael Ives, Dean Struble, Jack Lundeen. **Row two:** Rocklyn Cofer, Dwight Farrell.

"M" Club members are: **Row one:** Donald Werlinger, Michael Ives, Lanny Duhamel, Craig Courtney, Terry Cook, Timothy Walsh, Anthony Kulig, Patrick Scott, Ronald Just, Robert Just. **Row two:** Dwight Farrell, Dean Struble, Douglas Lockrem, Terry Burchard, Dale Brewster, Dennis Berryman, Donald Marcotte, Terry Wahl, Gary Olmsted, James Solar. **Row three:** David Kuntz, Larry Duhamel, Rocklyn Cofer, Ted Reiter, Vance Bowersox, Bruce Iverson, Leo Brunner, Bruce Bremer, Coach Leidholt. **Row four:** Rodney Settelmeyer, Roger Halvorson, Wesley Black, Rocky Hager, James Byron, Walter Jorgensen, Charles Anderson, Jack Lundeen. **Row five:** Gary Myhre, John Anderson, Michael Voth, Don Weber, Don Thymian, William Abraham, David Greenwood, Lowell Ramfo.

Church sponsors club

Gamma Delta is an organization for Christian youth sponsored by the Lutheran Church, Missouri Synod and is open to anyone of college age who is interested in attending.

The focus of Gamma Delta this year has been on community problems and their solutions. Included in its meetings has been a discussion centering on the use of drugs in the Minot area, conducted by members of the Minot police force and a look at the problems of a chaplain working with prisoners, led by Vicar Robert Tasler.

One of the members, Connie Kleingartner, a former VISTA volunteer, discussed the highlights of her 14 months of volunteer work.

Members were also encouraged to attend the lecture given by Marty Mann on alcoholism.

Gamma Delta officers are Susan Anderson, vice president; Sheila Reinke, president; Robert Tasler, adviser; Karl Schmidt, treasurer

I-V strengthens goals

Three basic purposes are upheld by the Inter-Varsity Christian Fellowship. First is to be a witness to Jesus Christ as He relates to living and to seek to lead other college students to Jesus as a personal friend who they allow to design their lives.

The second purpose is to deepen and strengthen the spiritual lives of students. This is accomplished in various ways. Bible study and prayer are basic to any individual with this purpose.

The third purpose is to present God's call to foreign missions and so help students see God's role for them at home or overseas, in world-wide evangelism. Every three years during the Christmas break, a missions convention is held in Urbana, IL.

One former MSC chapter member, Marie Modin, who attended Urbana in 1967, is now in missionary training. Several chapter members are planning ahead for Urbana 1970.

Officers of I-V are James Slagg, president; Sandra Tonneson, treasurer; David McCormack, vice president; Shirley Egge, secretary.

IV members are Seated on the floor: Ron Groninger, Les Faul, David McCormack, Wes Black, Betty Kleven, John Frankhauser, Sherwin Dockter, Gerald Mehrer, Sandy Tonneson, Ruth Jacobs, Penny Sunwall, Carl Selvig, Diane Martinson. Seated: Joette Johnson, Sharon Grenz, Kay Odegaard, Shirley Giesbrecht, Dennis Johansen, Jim Slagg, Karen Haakenson, Shirley Egge, Barb Snyder, Terry Oxendahl, Ron Hance, LaVae Larson, Aaron Rau, Doris Rau, Larry Odegaard, Karen Moen, Arlo Grenz, Lynn Kalberer, Diane Nordmark, Bonnie Schimke, Mary Loven, Julie Pederson, Betty Trana, Dave Highfill, Donna Johnson, Helen Borten, Michele Brumfield, Roberta Neuharth, Cleo Enockson, Sharon Block, Darlene Martinson, Diane Erickson, Gail Erickson, Lynne Jacobson, Virginia Tonneson, Joyce Tastad, Nancy Slagg, Corrine Bakken.

Newman acquires center

Newman Club this year purchased a house, known as the Catholic Student Center, in which to have their activities.

This house located at 405 Ninth Avenue N.W. has a library which provides study for educational initiative of the students of MSC. It also has rooms which are set aside for discussion groups, group activities and social functions.

Proposed accomplishments of the group are to provide activities, answer questions, work out problems and stimulate individualistic idealism.

Officers of the Newman Club are Donald Hoffart, president; Susan Hoffart, treasurer; Kathy Henjum, program chairman; Jean Coughlin, secretary.

LSA members prepare to do their part for the upcoming meeting.

LSA promotes religious interest

The Lutheran Student Association's activities promote religious interest, fellowship with God and fellow Christians and provide a place for enjoyment away from school.

The purpose of LSA, to provide fellowship among Christian students with God, is attempted by meeting with other religious groups for discussions.

LSA has had speakers including Carl Kalvelege, Rev. Robert Brueck and Pastor Gerald Peterson. Activities have included trick-or-treating for UNICEF and caroling with other religious groups.

Last summer LSA members attended a joint LSA-Newman Club national meeting in Boulder, Co. Mary Solomonson also attended a constitutional convention for the Lutheran Student Movement in Fort Collins, Co.

Members find discussions a vital part of Christian fellowship.

Seated: Mary Solomonson, Rev. Gerald Peterson, Olive Strandberg. Standing: Kay Schwartz, Jean Erickson, Vicki Bennett, Nancy Carlson, Cindy Christianson.

Roger William's Fellowship members are **Seated:** Deborah Sailer, Patricia Philipenko. **Standing:** Marlene Ryan, Lanay Fjeldahl, Linda Erickson, Stephen Blyseth, Sandra Heinle, Pastor John Giles, Lorna Enget, Nancy Johnson, Carol Kohler, Lee Nae Enget, Robert Holmen, Lun E. Patrick Jr.

RWF shares views

Roger Williams Fellowship is a church organization originated by Baptists, but students from other denominations are welcomed into the group.

The twofold purpose of the group is to minister to the campus and to encourage individual members to share views of what Christ means to them.

RWF has weekly meetings Wednesday and Bible Study Thursday. RWF has a gospel team which travels to various churches and takes charge of the services.

RWF's activities consisted of a weekend retreat with Jamestown College and Northwest Bible College. They also had a spring banquet for high school seniors from the surrounding churches who show interest.

UCCF hears speakers

United Campus Christian Fellowship views fellowship as action for and with others. Students of all faiths are encouraged to attend the weekly meetings in an atmosphere conducive to free expression as well as directed discussions in various areas of student interest and involvement.

This year's program included a number of speakers and films concerning the church in today's society. Connie Kleingartner, a student at MSC, spoke about her experiences in VISTA, and Mary Christianson told of her living experiences in the United Kingdom during an exchange tour.

Social and service activities included a get-together picnic, Trick-or-treat for UNICEF, Christmas caroling with other church groups hosted by UCCF at the LSA Center and winter sports outings. Spring quarter was highlighted by UCCF's annual weekend retreat for discussion and fellowship.

Officers: Seated: Carol Batema, secretary; LaRae Holle, president. Standing: Lowell Martin, treasurer; Dr. Paul Morrison, adviser.

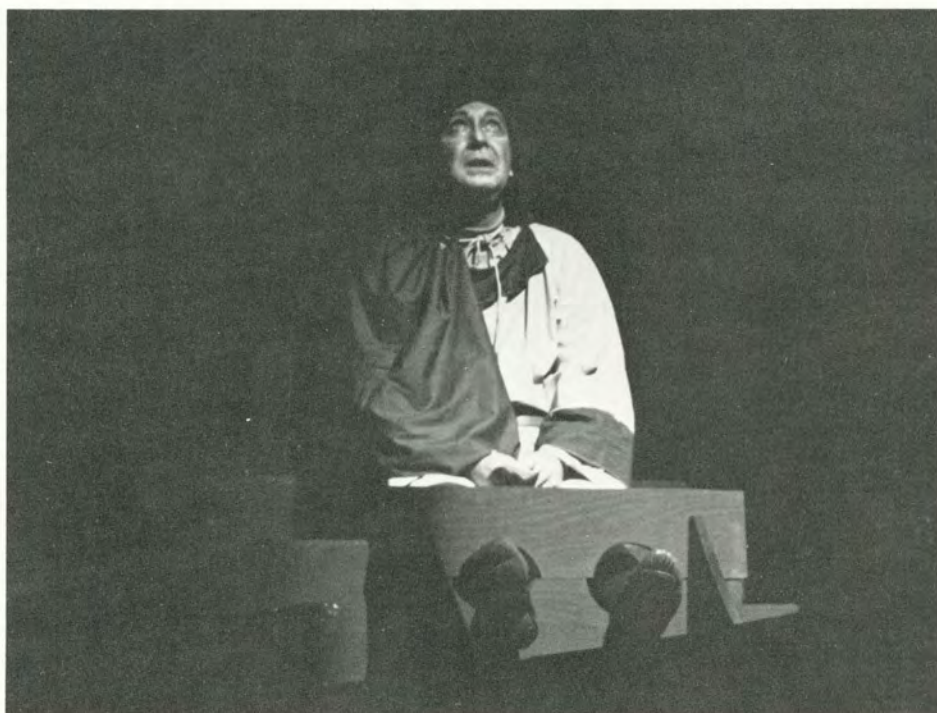

Members of UCCF are Beth Peterson, Marcia Sayler, Carol Batema, Donald Morrison, Dr. Paul Morrison, LaRae Holle, Bill Christianson, Jeannette MacDonald, Lowell Martin.
