A photograph of a person walking away on a tree-lined path. The path is paved and leads into the distance, flanked by lush green trees and grass. The person is wearing dark clothing and carrying a bag. The scene is bathed in sunlight, with dappled shadows from the trees on the path. In the background, a blue building and parked cars are visible.

For yesterday is but a dream
and tomorrow is only a vision
but today well lived
makes yesterday
a dream of happiness
and every tomorrow
a vision of hope.

BELIEVE

I believe in the supreme worth of the individual and in his right to life, liberty, and the pursuit of happiness.

I believe that every right implies a responsibility; every opportunity, an obligation; every possession, a duty.

I believe that the law was made for man and not man for the law; that government is the servant of the people and not their master.

I believe in the dignity of labor, whether with head or hand; that the world owes no man a living but that it owes every man an opportunity to make a living.

I believe that thrift is essential to well ordered living and that economy is a prime requisite of a sound financial structure, whether in government, business or personal affairs.

I believe that truth and justice are fundamental to an enduring social order.

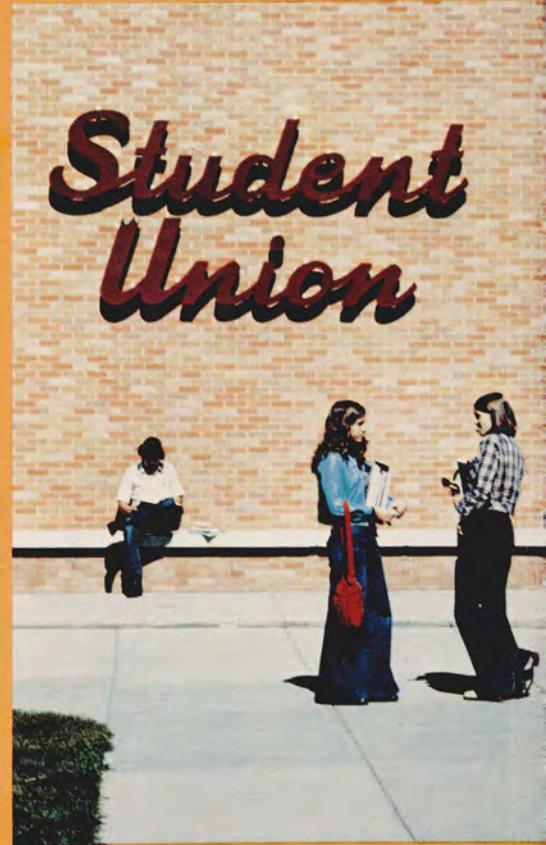

I believe in the sacredness of a promise, that a man's word should be as good as his bond; that character—not wealth or power or position—is of supreme worth.

I believe that the rendering of useful service is the common duty of mankind and that only in the purifying fire of sacrifice is the dross of selfishness consumed and the greatness of the human soul set free.

I believe in an all-wise and all-loving God, named by whatever name, and that the individual's highest fulfillment, greatest happiness, and widest usefulness are to be found in living in harmony with His will.

I believe that love is the greatest thing in the world; that it alone can overcome hate; that right can and will triumph over might.

The annual torch run from Bismarck, where the flame was lit by Governor Arthur Link, began the week's activities. Runners from campus fraternities and the Vets Club carried the flame to the campus to ignite the eternal torch. Following the ceremony were the snake dance and the bonfire.

Carol Fukagawa of the Delta Epsilon Phi Sorority was crowned the 1973 Homecoming Queen by Colette Artz, 1972 Homecoming Queen, in Tuesday's coronation ceremony at the Empire Theatre. Princesses in her court were: Myra Henning, Dakota Hall; Jane Holland, Cook Hall; Yvonne Oksol, McCulloch Hall; Susan Sisser, Beta Theta Sorority; Helen Tollerud, Delta Zeta Sorority; and Joey Wright, Sigma Sigma Sigma Sorority. The movie "What's Up Doc?", starring Barbara Steisand and Ryan O'Neil, completed the evening.

Mr. John Koltsch, hypnotist and mentalist, entertained a crowd in the McFarland Auditorium on Wednesday evening.

Appearing in concert on Thursday was Lobo, national recording star, preceded by the Pure Praise Prairie League band.

Friday's events included a noon pep rally, afternoon bike races in Oak Park, and an evening dance at the Student Union.

Senator Milton Young served as Grand Marshall of the annual Homecoming parade on Saturday morning.

Trophies were presented during half time of the football game. Fleet awards were won by the Sigma Sigma Sigma Sorority and the Sigma Tau Gamma Fraternity. House display trophies were awarded to the Delta Zeta Sorority and the Mu Sigma Tau Fraternity. The spirit trophy was won by the Sigma Tau Gamma Fraternity.

The Beaver football team defeated the Jamestown Jimmies on Saturday afternoon by a score of 42-8, proving Queen Carol's words that "Beavers are No Ka Oil" — "Beavers are the Best!"

International Affairs Society

"War Erupts in the Mid-East", "Wheat Sales to Russia", "Skylab III Ends 84 Day Space Odyssey", "Peace With Honor", "Solzhenitsyn Exiled", "Arabs Turn Off Oil", "Canadians oppose Garrison Diversion", "Mariner 10 Streaks Toward Venus", "U.S. and Panama Discuss Canal Future", these and similar headlines are constantly reminding us that the speed of change is constantly accelerating. In international relations the forward rush of technology is fast eliminating the cushioning space that once existed between the diverse nations and contrasting cultures of the world. News of events in distant lands which passed unnoticed a few decades ago, now enters our homes instantaneously via global satellite. Supercarriers, by air and water, have brought about a massive upsurge in world wide economic contacts and interdependence. Missiles capable of reaching the further-most parts of the globe in forty minutes nestle quietly (for now) in our North Dakota wheatfields.

While the world is in the process of becoming a single great mass of humanity-a global community-the very diverse national and cultural groupings that make up the world's population retain attitudes and habits of a long by-gone era when the well-being of most individuals was determined within largely self-contained nations. We of the International Affairs Society realize that if present and future generations of mankind are to steer a steady course for space ship earth, citizens of all nations must greatly increase cross-national and cross-cultural contacts and understanding. As part of this endeavor we at MSC are currently planning for the 24th annual Peace Garden Conference, fall of 1974, co-hosted by Social Science Students of MSC and Brandon University, Canada. After a spring meeting to choose a current topic of interest to both countries, several months of research is followed by a Peace Garden conference co-hosted by both institutions. Also, yearly we participate in a University level model United Nations. Here we meet peoples representing most of the countries of the world and in the discussions and debates attempts are made to understand and seek solutions to the more pressing problems of the day. In addition, we speak and present panels on current international issues to Minot area civic, social and religious groups.

The MSC chapter of Inter-Varsity Christian Fellowship, IVCF, is part of an international campus organization which enables students to become involved in discovering the meaning of Christianity.

Sharing, encouragement, and guidance in such areas as prayer and relationships with God and others are received at the weekly chapter meetings, prayer meetings, and small group Bible studies. The Gospel Team and the Missions Committee provide opportunities for community involvement through such activities as singing and sharing in churches, hospitals, and homes for the aged.

Weekend conferences, suppers, ball games, skating, skiing, and bowling parties are a few ways IV enjoyed relaxation and fellowship.

On November 2, 1973, Mr. Robert Connor was honored for seven years of dedicated work to build the Law Enforcement Program at Minot State College, which is now one of the largest law enforcement programs in North Dakota.

After developing the program to the point of expertise, Mr. Connor felt he needed someone with a degree and experience in law enforcement to teach beside him. Mr. Robert Hubbard, a graduate of Washington State University and a member of the Denver Police Department for twelve years joined the faculty at Minot State College to teach law enforcement courses with a technical aspect. Mr. Connor teaches many courses of law enforcement which are socially orientated.

The guests at the dinner included over 300 law enforcement and government officials, Mr. Connor's colleagues, former students, and friends. Hubert Owsley, Jr., the National President of Lambda Alpha Epsilon was the honorable guest speaker.

In addition to the traditional pins, sweaters, and jackets, the club has now begun presenting a ring, a blanket or a plaque to a four year letterman.

The Club's main activity on campus is the selling of refreshments at MSC's athletic events. The new concession booths on the football field and the new popcorn machine are recent additions to this facet of the Club's operations.

MENC, Music Educators National Conference, consists of both college and professional chapters composed of students, music instructors, and others interested in music education. This organization is especially valuable because membership can be continued after college graduation. This year's MENC chapter had 45 members.

Some of the activities of the organization include selling refreshments and providing a coat check at the Community Concerts. Information about the progress being made in music education is provided for members through monthly journals and monthly meetings at which various authorities on music share their knowledge and experiences.

Psychology and Sociology Club

Open to all interested students, the Psychology and Sociology Club seeks to better the members' understanding of these fields. Recent activities have included the showing of the film "Eye of the Storm", a documentary of a grade school teacher's dramatic lesson in prejudice, and a discussion of the Minot YMCA Big Brother-Big Sister program with its director, Judi Sullivan. Members have toured the state hospital at Jamestown. Matters of relevant concern are always open to discussion.

This year the R & G broke its traditional format and became the avant-garde of the campus publications. Led by Spencer Oland, and his apostles of breakneck journalism, the newspaper took a critical stand on many issues.

Surviving inner staff schizms, the paper managed to publish the unexpected. Some highlights of the year were the sexism issue, the lampoon issue, and the unforgettable 54th Anniversary Issue.

Column highlights include Sie Seymour's controversial Cosmic Cowby column, which added a new dimension to MSC journalism; Duane Larson's Hot Rumors column, and the Mike Thorson's opinionated sports column which became the rage of Swain Hall.

Representing the women's point of view was Assistant Editor Nancy Payne, and managing the business affairs were Duane Larson and Ron Gregory. The men behind the cameras were Kim Adams & Duane Larson and worthy of mention was the loyal, trustworthy, undaunted paperboy Dave Stevens, who also served as Secretary-General.

Although not always cooperating with the wishes of the administration, the R & G took a giant step toward their goal of eternal progression.

Red and Green

The Minot State Rifle Club was formed in the spring of 1973. So far, the club has not been very active due to difficulties in obtaining equipment and a shooting range.

Swain Hall provided the facilities and an indoor rifle range is now functional on the bottom level of the building. Membership in the club is open to any student of the college and the membership level presently stands at 16 members and 3 faculty advisers. The purpose of the club is to allow opportunities to shoot for relaxation and also to practice for competitive events. Two members of the club, Bruce Jorgensen and Bill Murrey, have advanced to the level of being invited to the United States Olympic Team tryouts. The club is affiliated with the National Rifle Association. Members invite anyone interested in shooting sports to stop in at the range and try their luck.

 You used to come at Ten O'Clock
 And now you come at noon.

The **Ten O'Clock Scholar** is a magazine on learning in the arts and sciences. It is published monthly during the school year by the Experimental College, and serves as its official record.

Mu Sigma Tau Fraternity

The Mu Sigma Tau Fraternity was founded on the Minot State campus on January 26, 1926. It is the largest and oldest independent fraternity in North Dakota. The fraternity serves MSC with the Mu Sig Student Directory and the Campus Calendar.

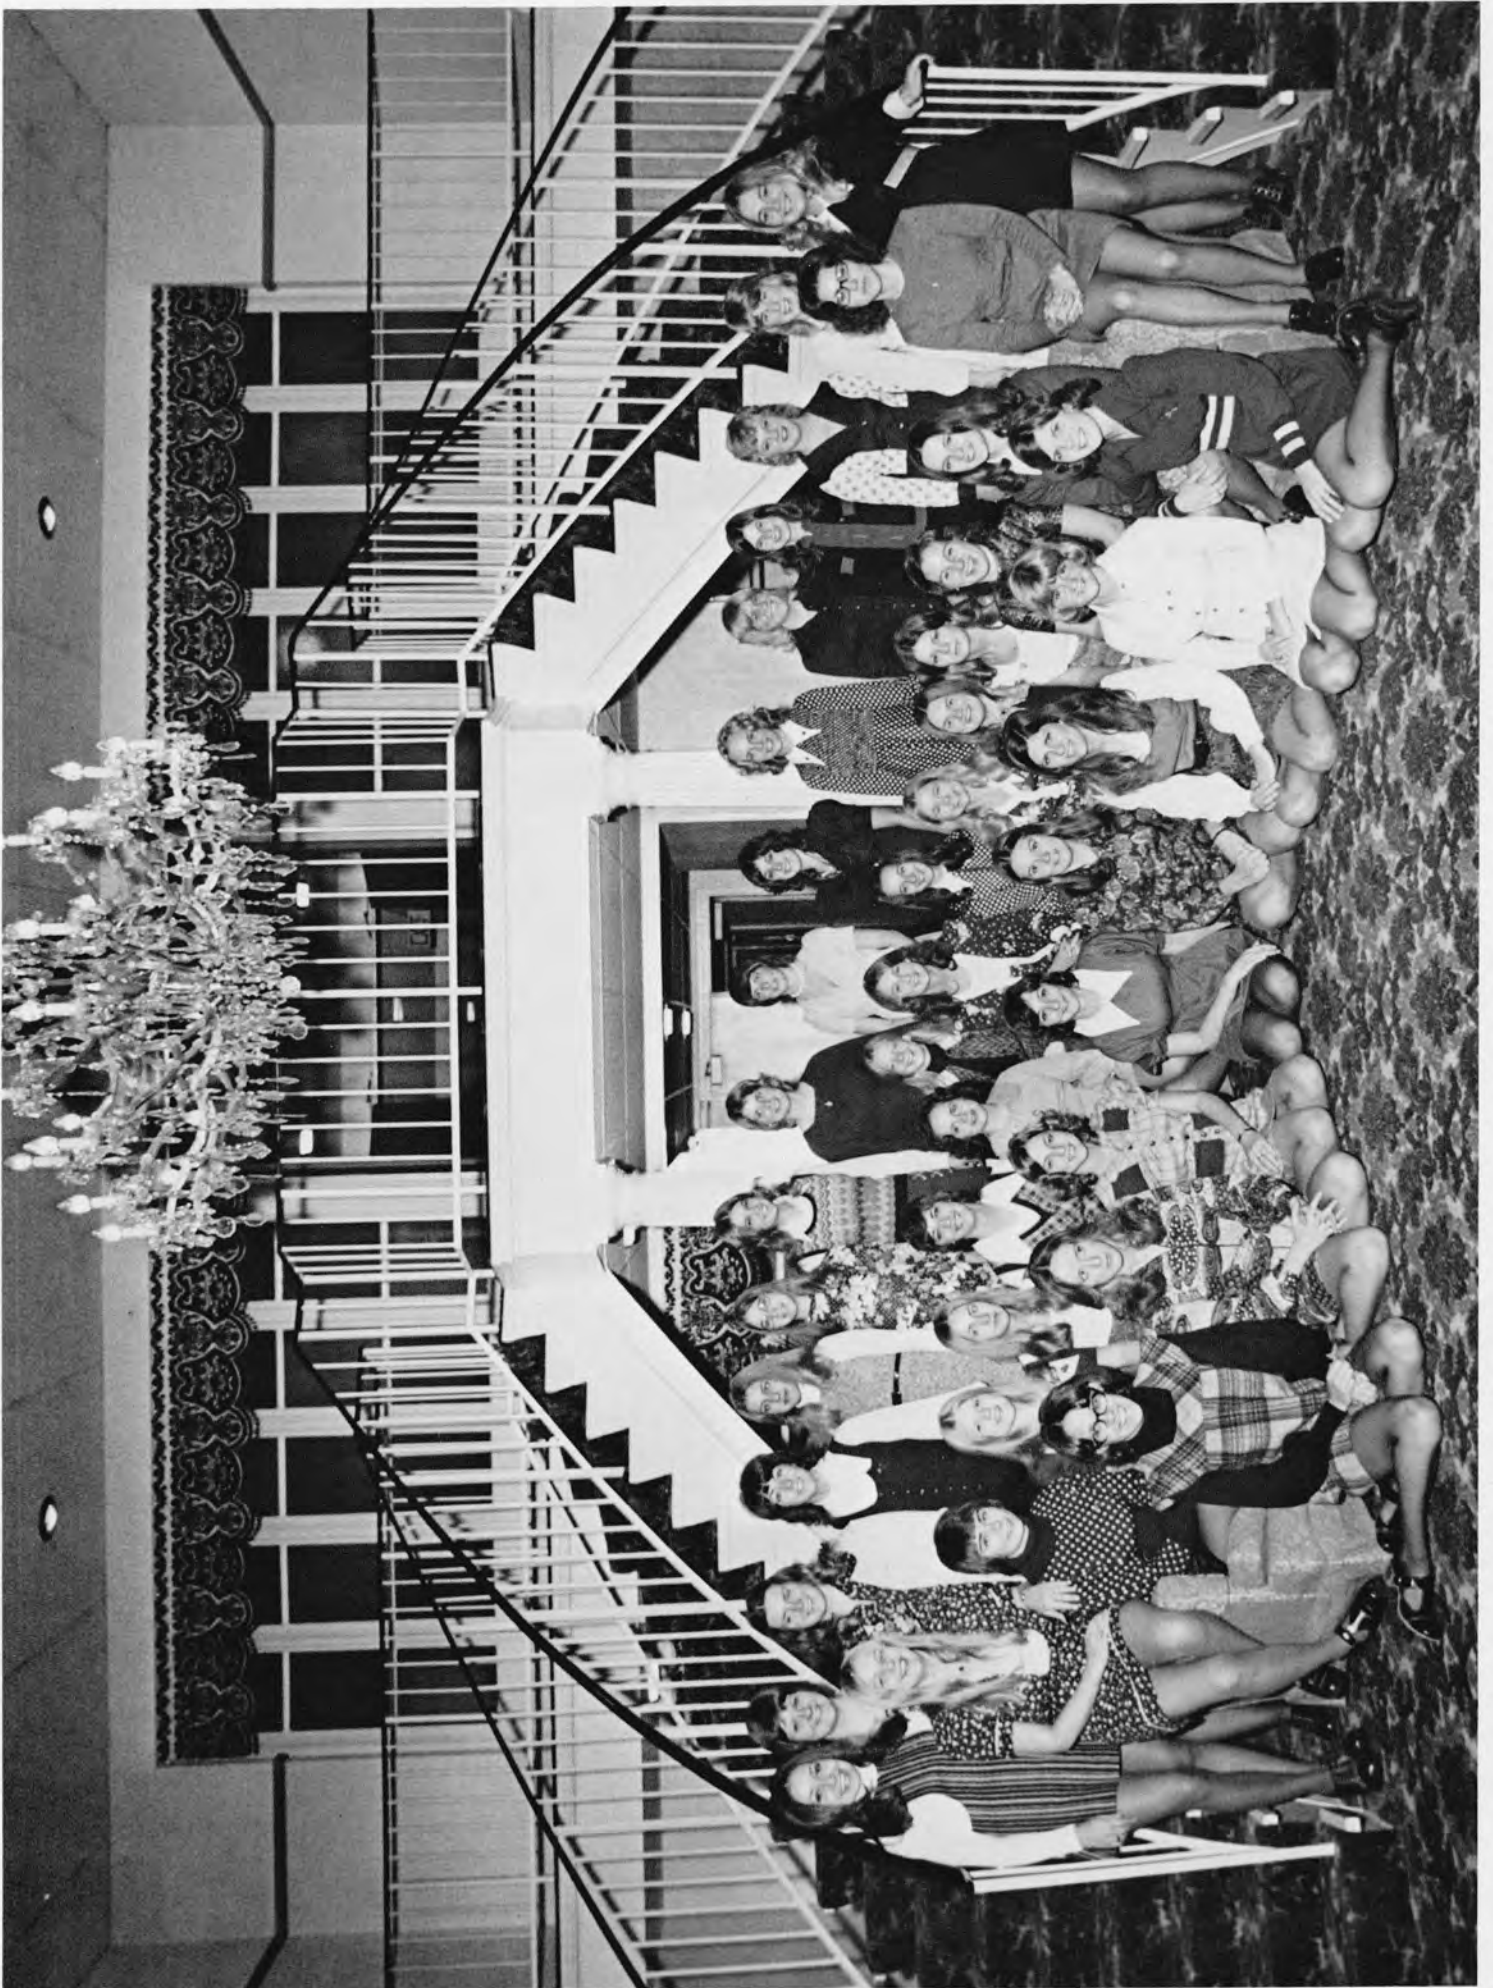

The fraternity is proud that Brent Bakken and Loren Kirkeide were named to Who's Who in American Universities and Colleges, 1973-4. Bakken served as MΣT President and as SA senator. Other Mu Sig senators were Craig Johnson and Tim Wynn. The SA Program Board of Governors was headed by Bob Kuntz, Dale Lindekugel, Kevin Smith, and Doug Tande, while the trio of Tande, Johnson, and Steve Carver was in charge of the 1973 Homecoming. Loren Kirkeide was 1973 ΣΣΣ Dream Man, Tim Wynn was 1973 DZ Flame Man, and Barb Assen, ΣΣΣ, was the 1973 MΣT Sweetheart. The Mu Sigs took their fraternity basketball team on a southern road trip.

Besides the various fund raising projects, which now include promoting rock concerts, the Mu Sigs are involved in charity work. Members participated in the Minot Big Brother program and donated money to civic organizations.

In honor to Mr. J. B. Busse, who retired this year as Director of MSC Extension Service, the MΣT will erect a fountain on campus. Mr. Busse is the only man to have been elected twice as MΣT President and now serves the fraternity as an Adviser-for-Life.

Sigma Tau Gamma Fraternity

The Sigma Tau Gamma fraternity is a social fraternity based on six principles which are leadership, integrity, benefit, value, learning, and excellence.

Sig Tau works projects of the year include the \$600 October project of hoeing trees, the December spaghetti dinner which netted \$400, and the work as Santa Clauses for the downtown merchants during Christmas. At the Christmas party, 80 gifts were given to the Salvation Army for distribution to needy children.

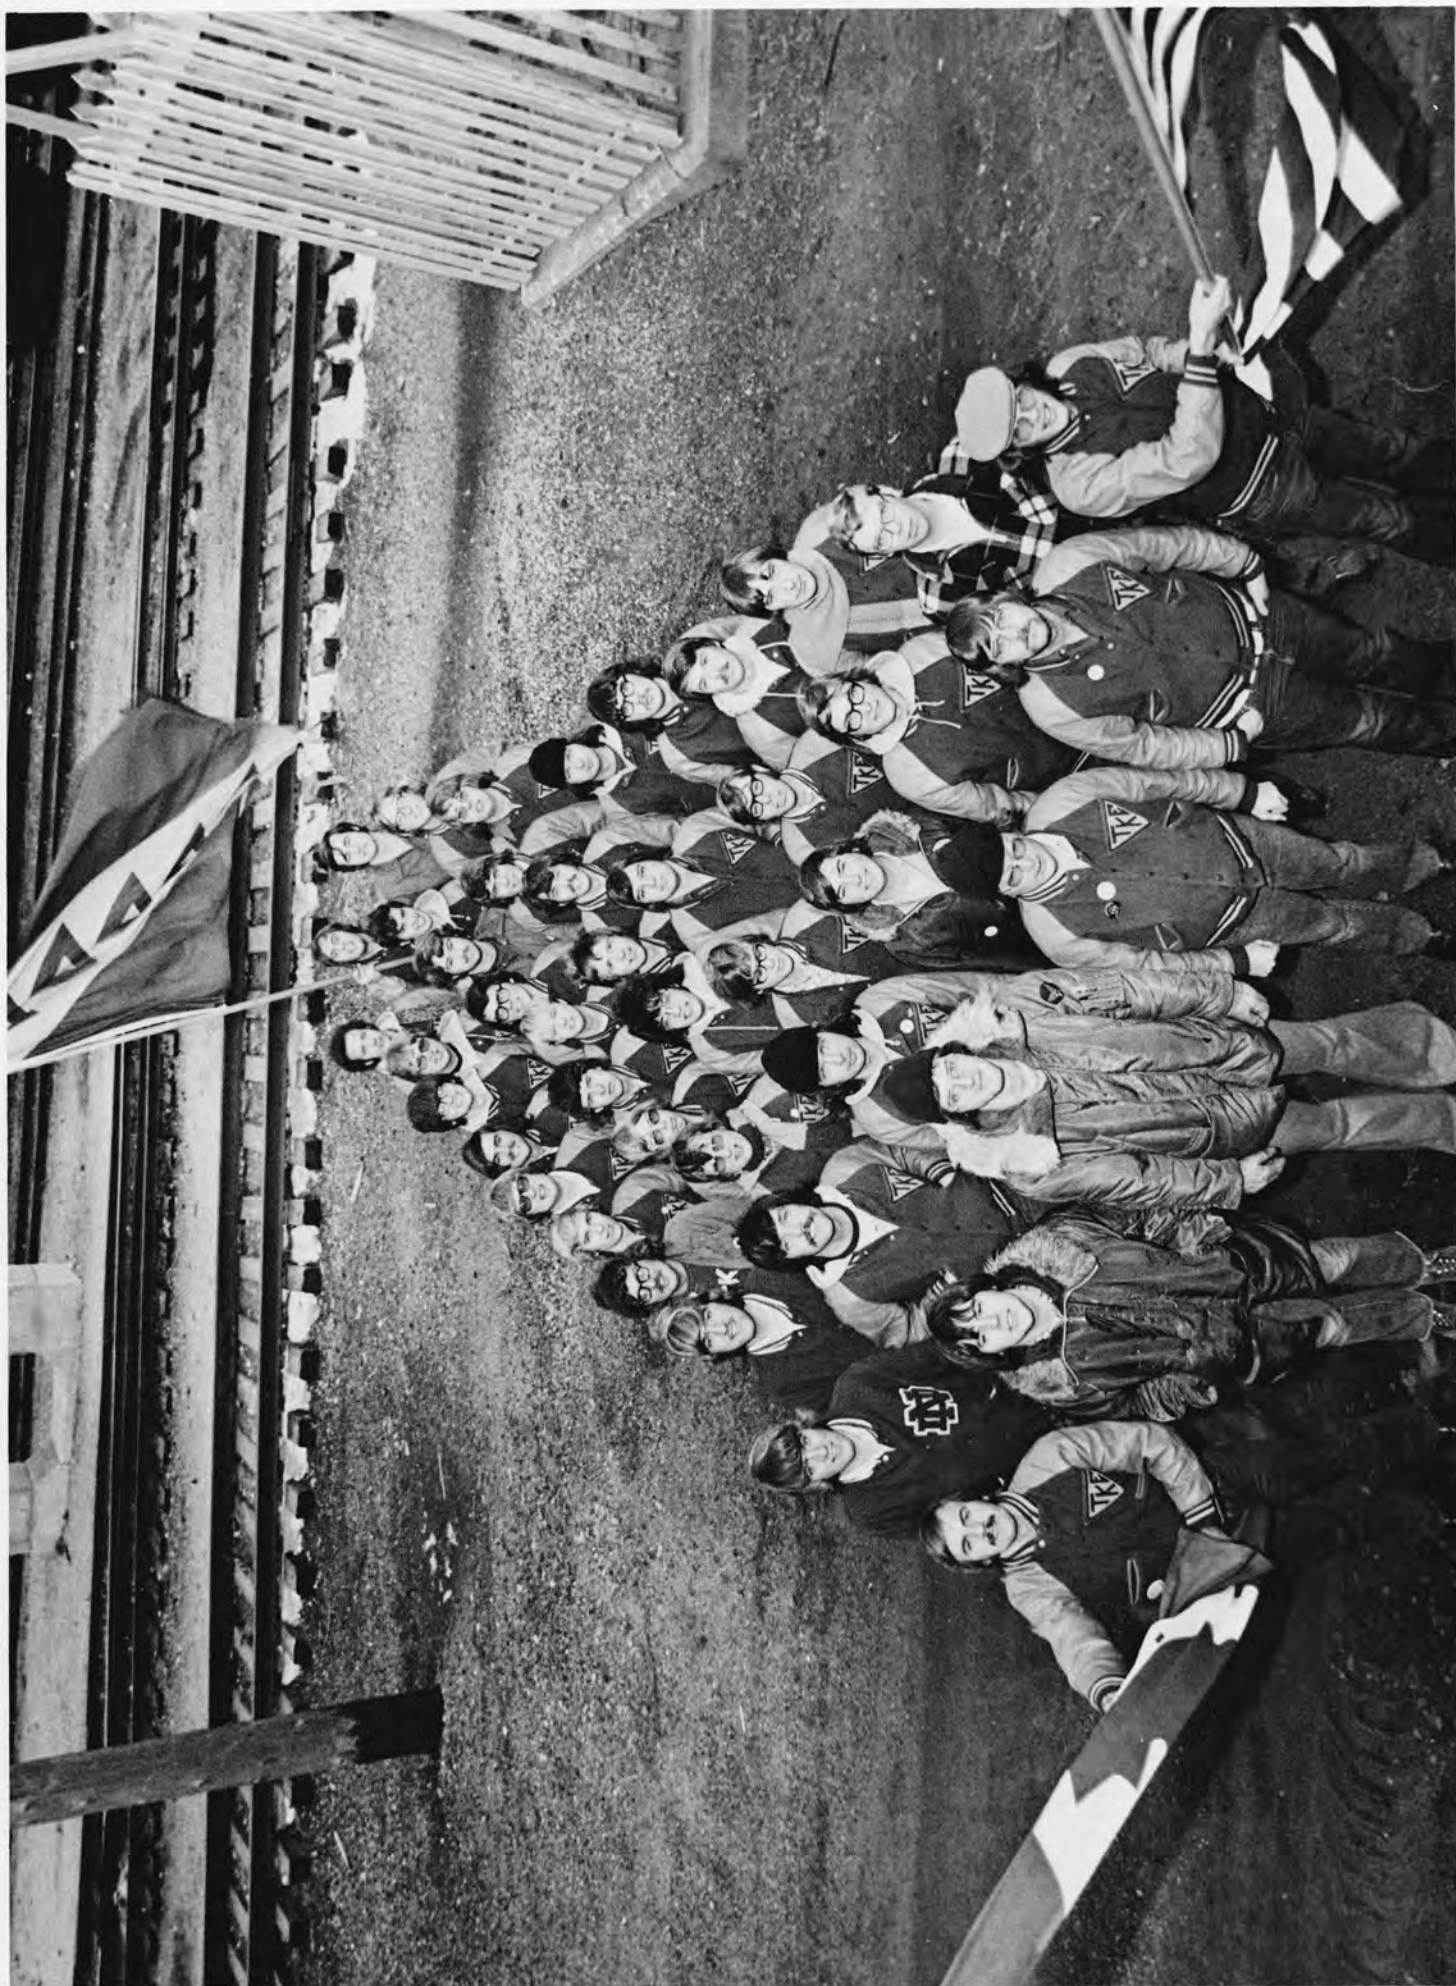

At the Sigma Tau Gamma national convention in Warrensburg, the Gamma Delta chapter was runnerup for the chapter of the year award, and runnerup for the newsletter award. Roger Undlin was a runnerup for the Man of the Year, Teri Olson was runnerup for the Sweetheart of the Year, and Tom Christen was awarded the Stan Musial Award for the outstanding Sig Tau Athlete.

The fraternity won the campus fraternity scholarship trophy fall quarter with an overall average of 2.53. Chapter awards which were unanimously named for two brothers who died in the summer of 1973, were Forrest Clyde T Man of the Year and Greg Breeding T Adviser of the Year.

Most memorable of 1973-74 was the fire which destroyed the inside of the old house on February 14, 1974. Fortunately, no one was injured and the new \$28,000 east addition was close to completion.

Annually, the TKE fraternity entertains underprivileged children at Halloween and Christmas parties. This year, over 50 youngsters were treated to ice cream, cake, candy, presents, spooks, and Santa Claus.

The Minot chapter won the National Public Service Week Award for their Karla Smith project. They donated blood to replace some of the 140 pints which she lost during her 11 operations. The TKEs walked 66 miles in their sponsored Karla Smith Marathon.

Some of the social events of the year included a 50's party, where the dress and music were from the 1950's era; a winter term party; the Sweetheart Ball; and the Red Carnation Ball. The TKEs were proud of their brothers Ric and Rod Storhaug, who were named as 1973-4 Who's Who in American Universities and Colleges.

Officers for the year were: Dave Kuschel: President, Rod Storhaug: Vice President, Mark Mikkelsen: Secretary, Dennis Dion: Treasurer, Galen Skarphol: Historian, Warren Booth: Chaplain, Randy Flynn: Sergeant at arms, Steve Pusc: Pledge Trainer. 1973-4 TKE Sweetheart was Annette Larson.

PERFORMING ARTS

Art is a reaching out into the ugliness of the world
for vagrant beauty
and the imprisoning of it

Beavers Again Win Conference Title

Turnovers marred the first and last games played by the 1973 Minot State College football team. Five lost fumbles did the trick in the opener, a 49-7 setback at Moorhead State. By their final game the Beavers had improved and Montana Tech needed to receive nine MSC miscues to prevail 23-14.

In between those two contests Minot was superb, winning six times and losing only once — 13-6 to Carroll College the week after the Moorhead loss.

Big wins in the streak included the 22-20 upset of Valley City, the 42-8 Homecoming triumph over the Jamestown Jimmies, and the 28-6 victory over Wahpeton Science.

For the fourth consecutive season, Coach Ken Becker's club copped the North Dakota College Athletic Conference crown, this time with a 5-0 mark. Heading that effort were all-conference selections Randy Hedberg, Jim Webb, Dale Zweber, Ken Boyeff, Chuck Kramer, and Karl Urbaniak.

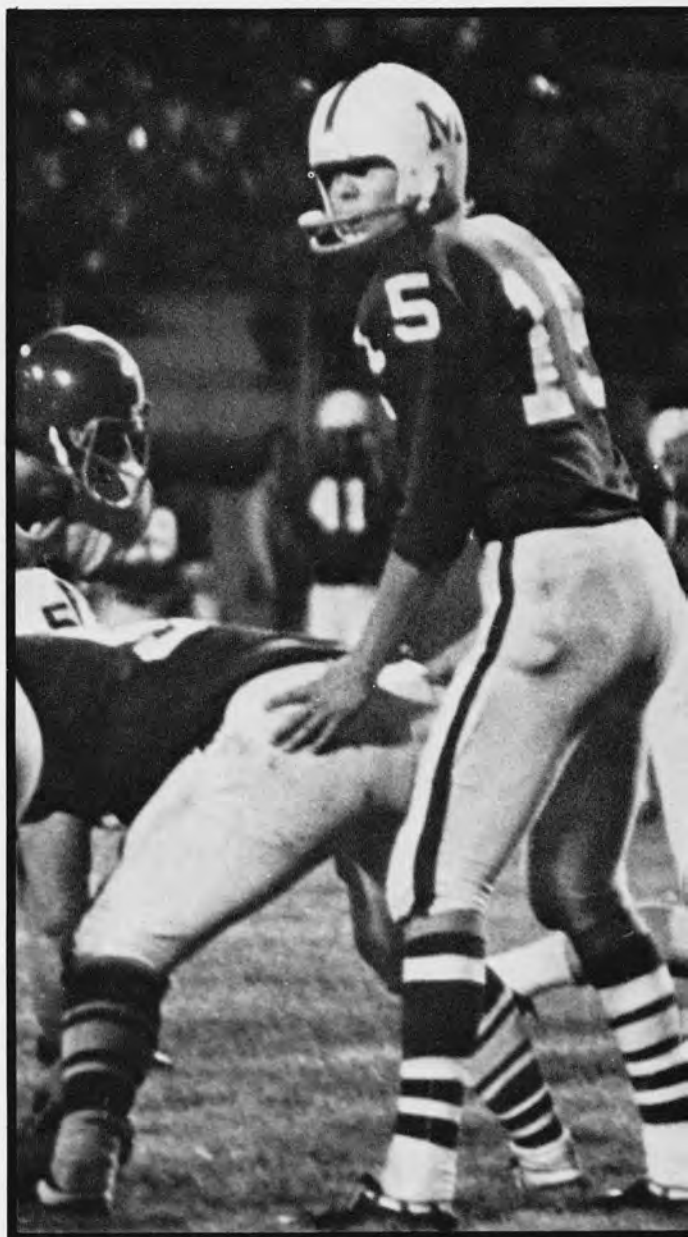

Common sights during the 1973 season were passes from Hedberg to Webb, and tackles made by Kramer.

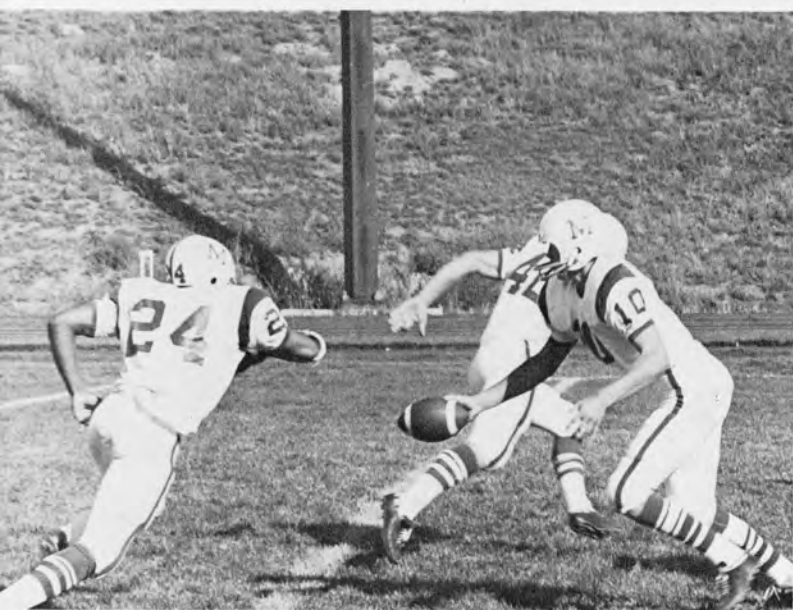

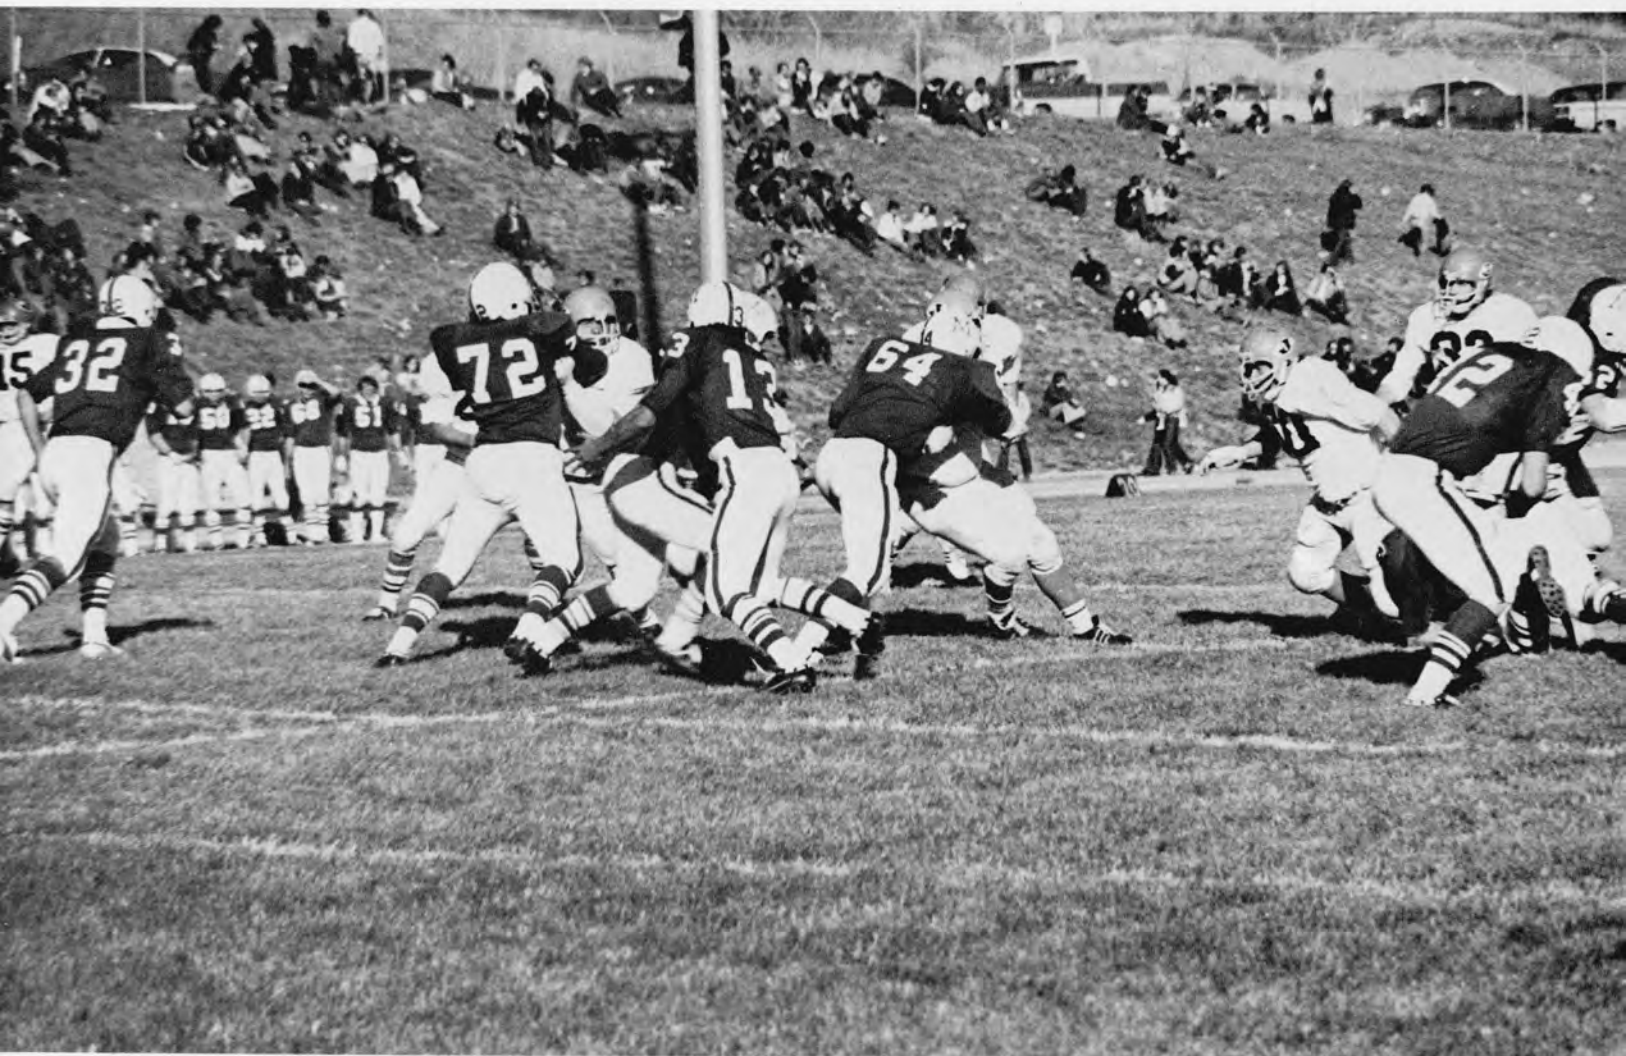

Hedberg, a freshman quarterback from Parshall, completed 55 of 113 throws for 15 touchdowns and 1044 yards. Webb caught 34 passes for 667 yards and 10 TD's, finishing in a tie for 17th place in national statistics.

Kramer, a sophomore linebacker from Minot Ryan High School, demolished Don Werlinger's year-old record for defensive points with a total of 268. He and Hedberg were chosen to captain the 1974 team.

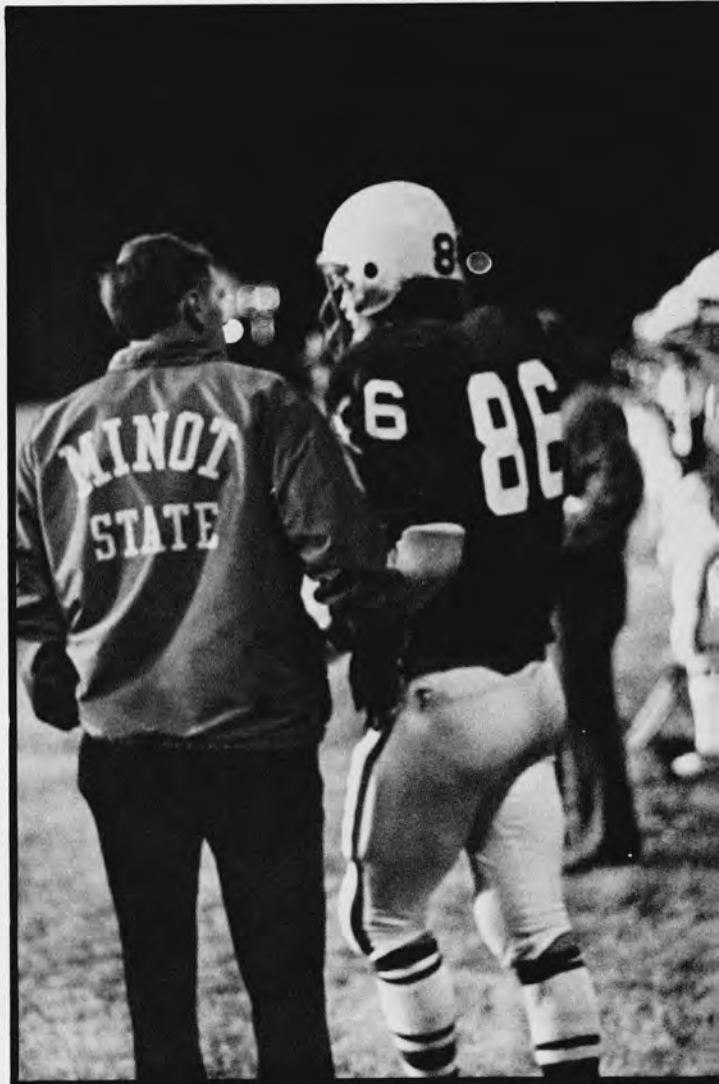

Another star during the 1973 campaign was freshman punter Rocky Treleaven, from Milestone, Sask. Doing all his punting wearing a wrestling shoe, Treleaven placed second in the nation with an average of 42.2 yards per boot. Another 18 yards would have given him the national crown.

Despite the three losses Coach Becker and his staff, Dean Bachmeier, Bert Leidholt, and Larry Treider were pleased with the accomplishments of the 1973 Beaver football team.

Myhre leads brilliant Cross Country season

Of the many outstanding Minot State College athletic teams during 1973-74, the best record was that turned in by Wiley Wilson's cross country squad.

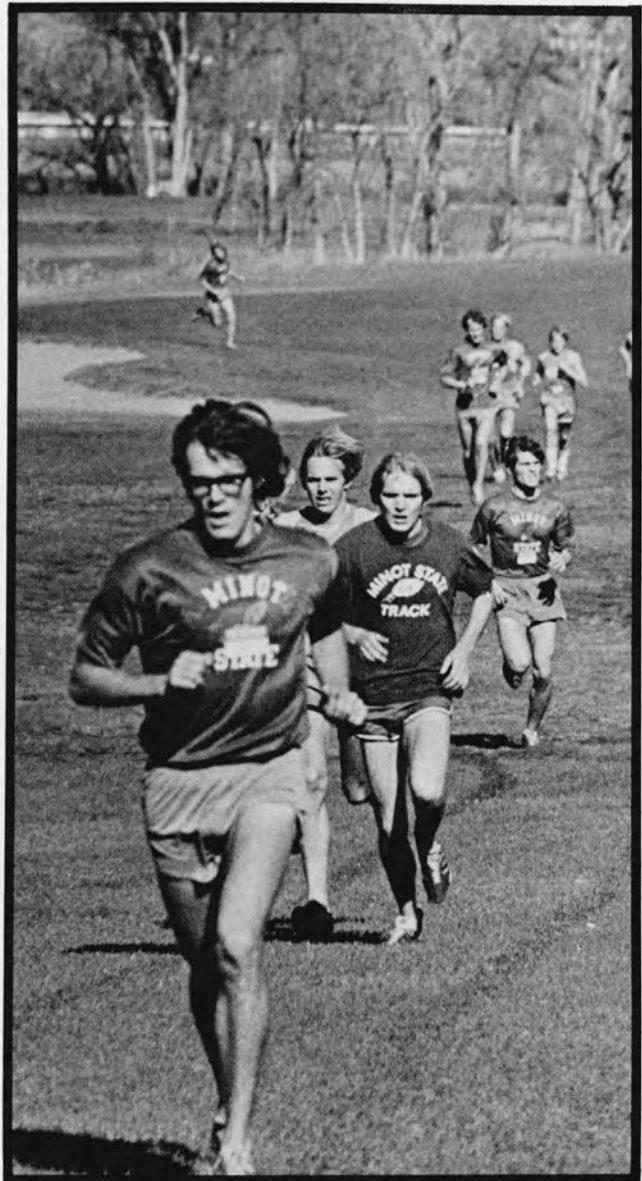

Paced by Gary Myhre, the Beavers won all nine of their regularly scheduled races, including the NDCAC and the National Association of Intercollegiate Athletics District 12 Meets. They placed 17th in the national NAIA Meet in Salina, Kansas.

Myhre, a senior from New Rockford, won seven of the nine races he started, including the North Dakota College Athletic Conference Meet at Valley City. Freshman Mike Jore was the team's top finisher in the District 12 and National Meets, where Myhre was forced to stop with an injury.

MSC's other top runners included seniors Joe Johnston and Jerry Ziemann and juniors Rich Gaffrey and Tim Braxmeier.

Slow starting Beavers win 15 out of last 18

For a long while, there were doubts as to whether the 1973-74 Beaver basketball team would be able to live up to advance predictions. Unstoppable in Swain Hall, the Beavers proved at first to be very vulnerable away from home. Of their first six games, four were losses, all on the road. With Glenn Robinson back in school after a temporary decision to drop out, the team became more of a consistent winner, copping 15 of its next 18 tests.

Atop the final standings with an 8-2 mark, Minot possessed a two-game margin over Valley City and Mayville, its two closest challengers. It was the fourth consecutive year the Beavers earned the conference crown. By winning the conference, the Beavers earned the conference crown. By winning the conference, the Beavers qualified for a spot in the District 12 playoffs.

After defeating the College of Great Falls 84-75 in their opening round game at Swain Hall, the team traveled to Dillon, Montana for their semifinal game with Western Montana College, in which they were beaten 85-76.

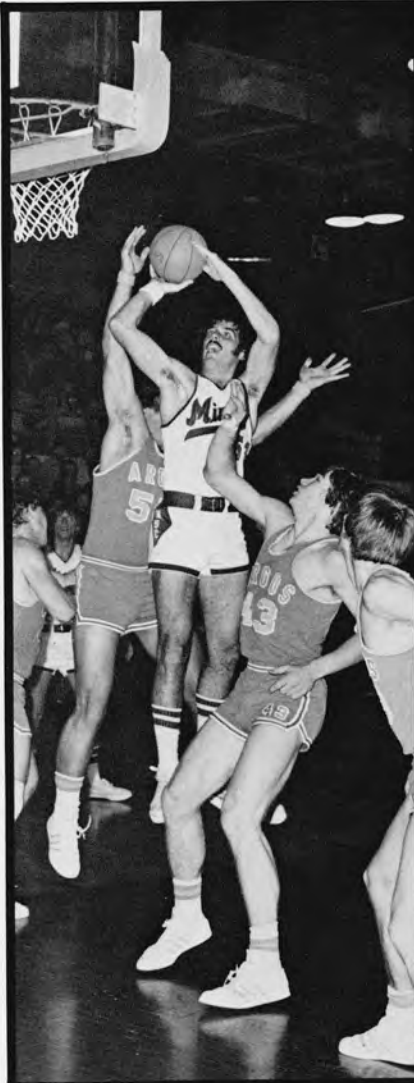

Leading the team in scoring during its 17-7 season was Glenn Robinson, 6-foot-4 junior forward from Yonkers, N.Y. Participating in 20 games, he sent in 464 points—an average of 23.2 per outing.

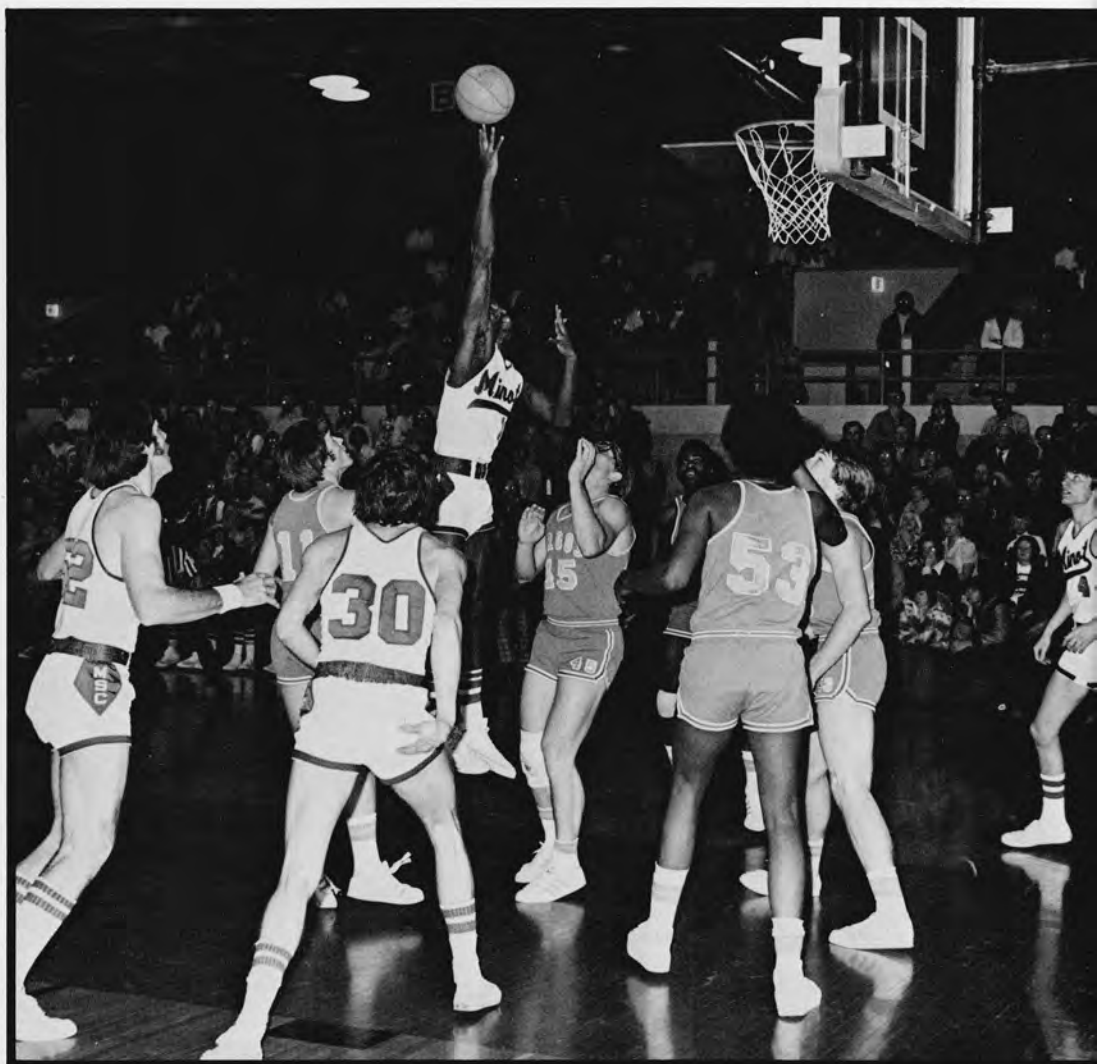

Robinson, whose high scoring efforts were 37 and 35 points, was the first Minot player in several years to capture an NDCAC scoring title. He was subsequently named to the all-conference and all-district teams.

Other top Beaver scorers and their averages were Walter Bees (12.5 average), Terry Voiles (12.0), Steve Dentz (11.5), and Jay Sundheim (10.8).

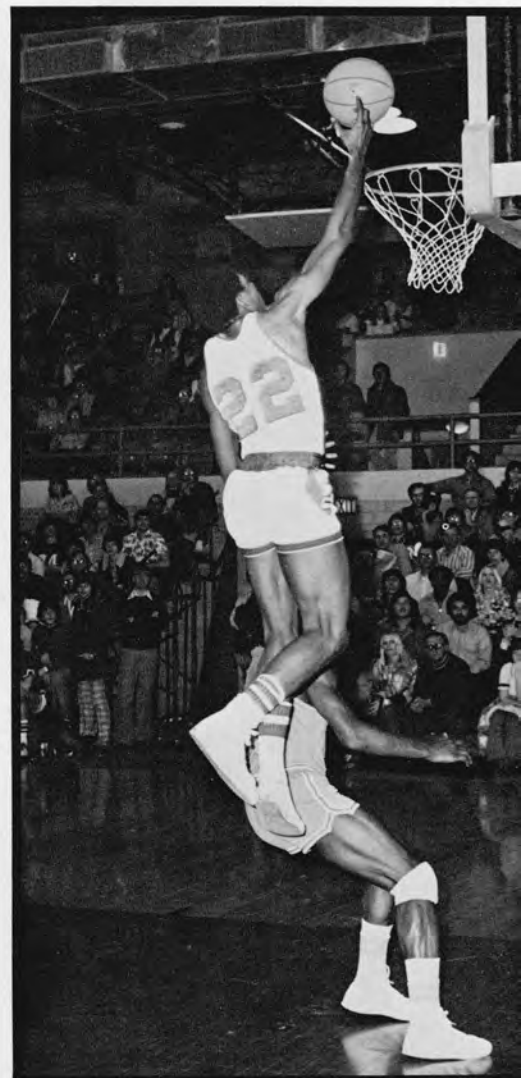

Bees, who set a school single-game record with 26 rebounds, finished tops on the team in that department, followed by Robinson, Dentz, and Voiles.

Key substitutes included Gary Gottschalk, Rocky Fleming, Willie Claiborne, Randy Hedberg, and Ron Fiechtner.

Wrestlers go 11-2; claim NDCAC title

Dean Bachmeier's MSC wrestlers began the 1973-74 season with anticipations of a mediocre dual record, because of expected vacancies in a few weight classes.

Bachmeier filled the vacancies, getting Rich Christen to cut down to 118 pounds, luring Paul Arnsen out of "retirement" to fill in at 177 and having football player Mike Hemmingson take over at heavyweight.

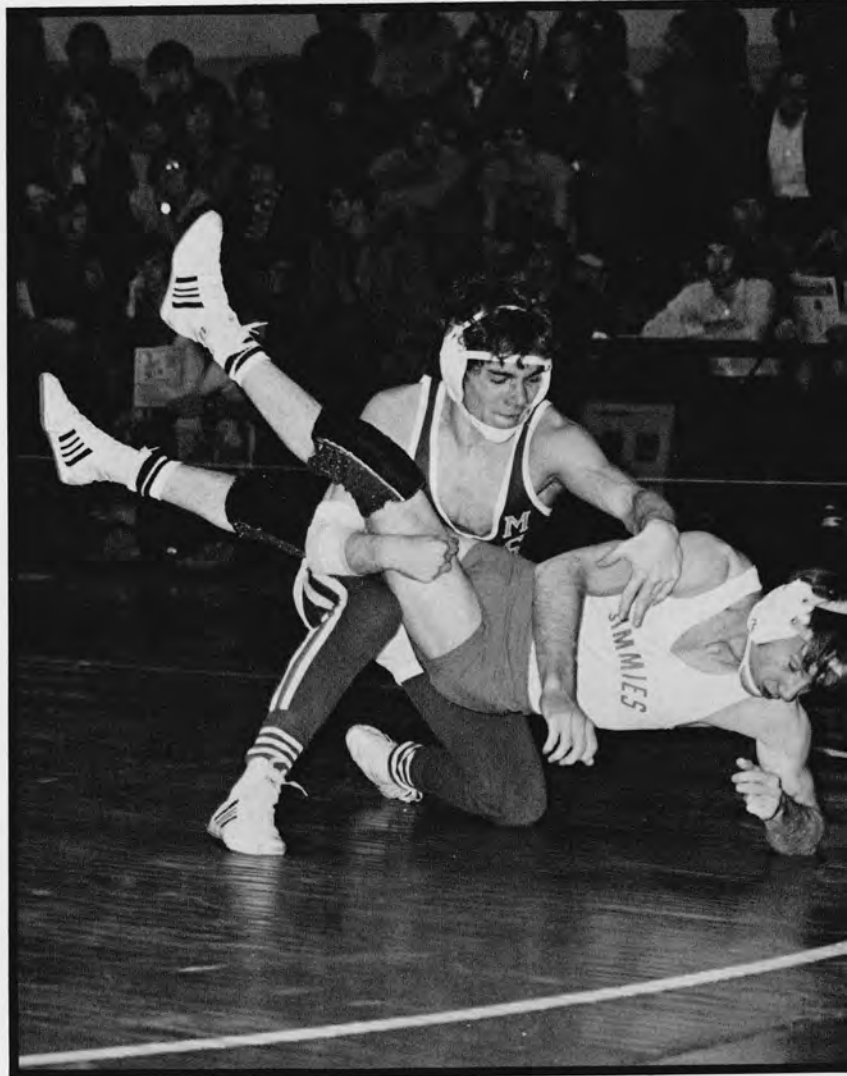

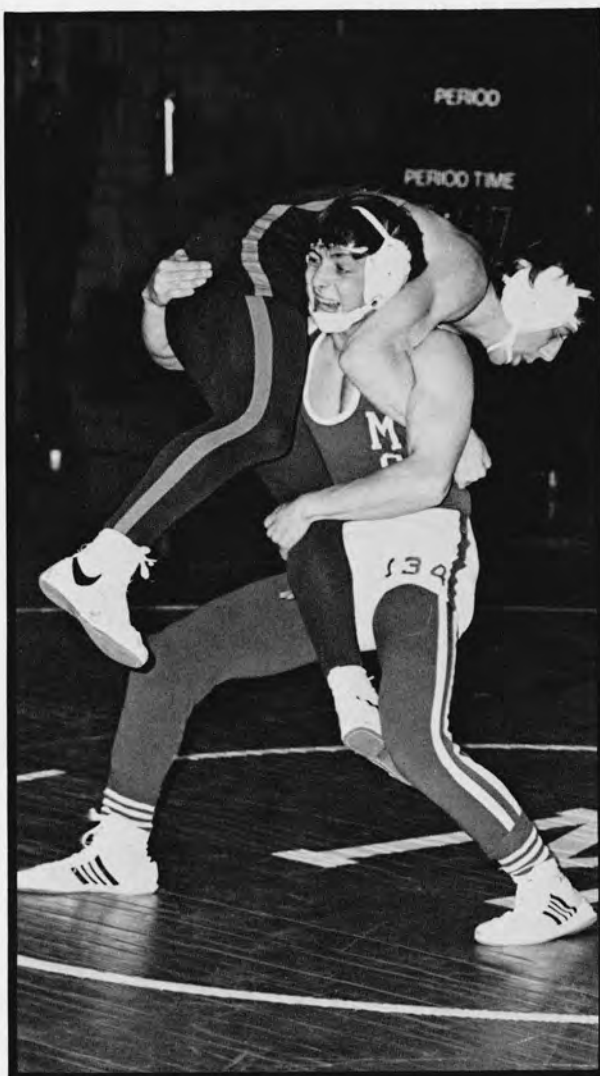

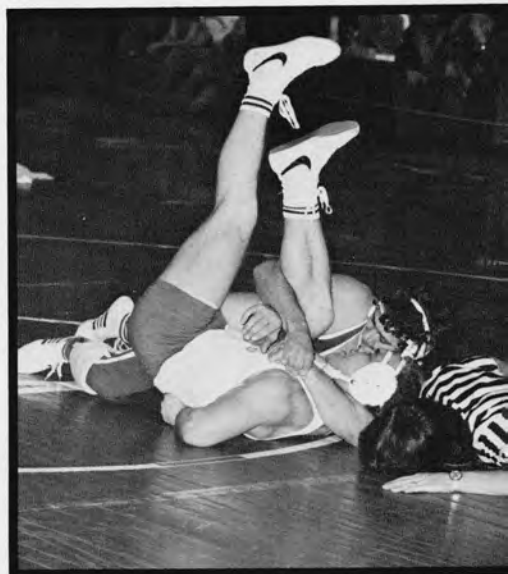

Result: a splendid 11-2 campaign, the only losses coming 20-17 at Valley City and 25-12 to nationally ranked University of Omaha.

Highlight of the dual season was a quadrangular at Swain Hall, in which the Beavers lost to Omaha but beat Montana State and rugged St. Cloud (Minn.) State.

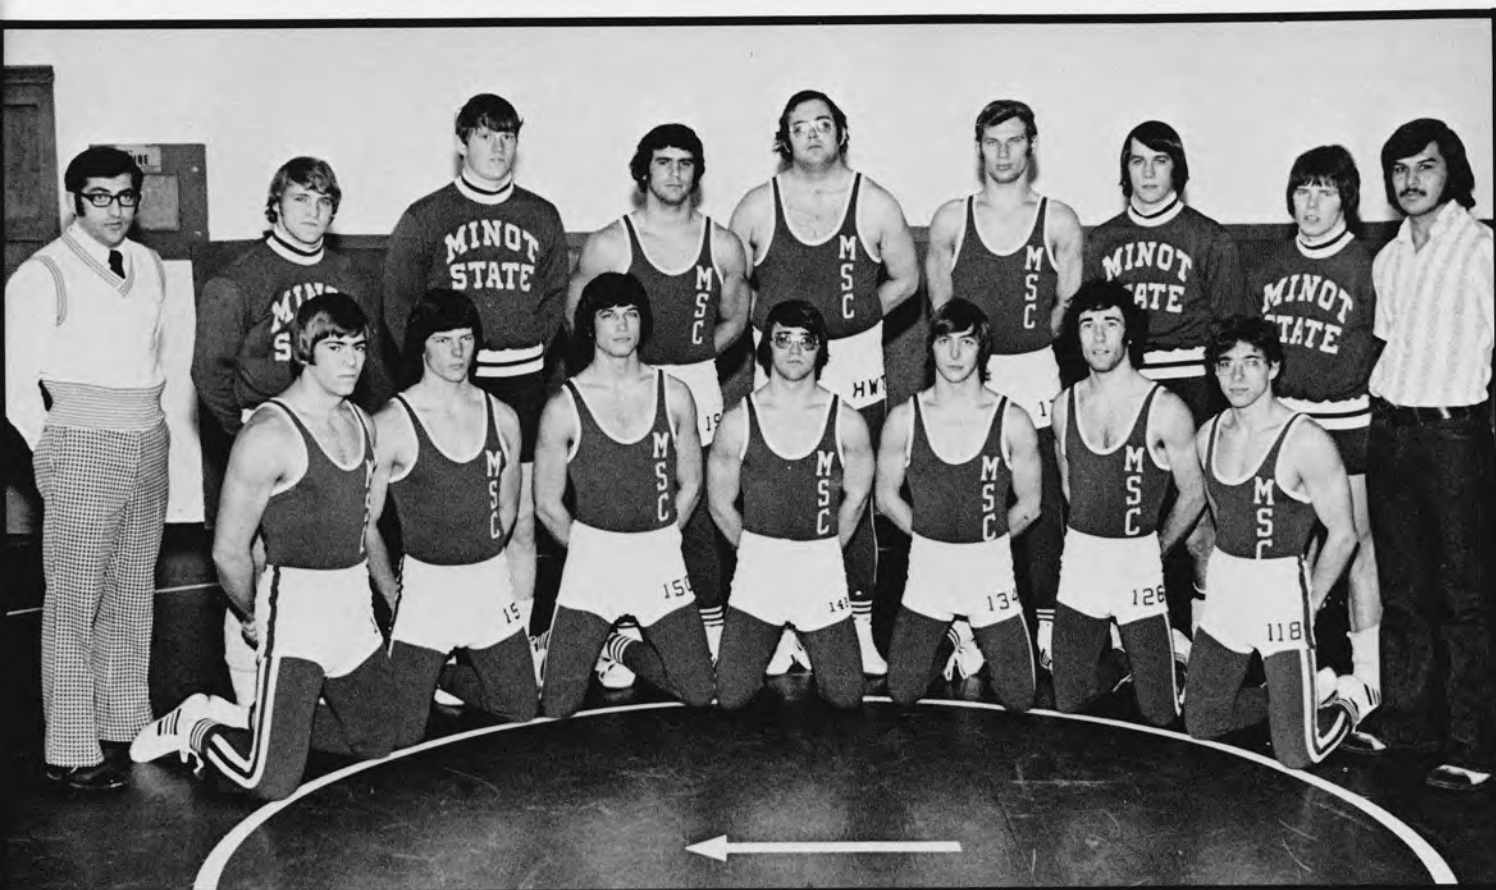

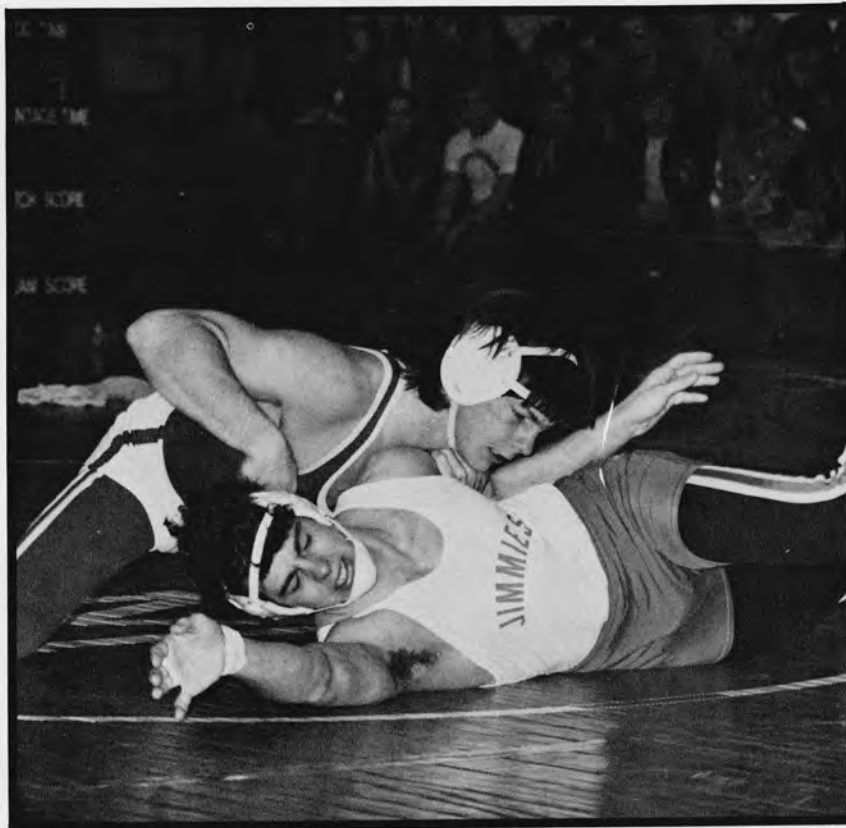

After finishing with the second best record in the North Dakota College Athletic Conference, Minot repeated as champion of the NDCAC Tournament, topping Valley City 89 1/2-85.

Keying that victory were 118-pound Christen, 126-pound Milo Schmeichel, 134-pound Ted Brinkman, 150-pound Ken Vetter and 158-pound Dan Holwegner, all of whom nabbed titles. Kevin Dougherty (167) and Arnsen (177) both finished second.

At this writing the Beavers were preparing for a trip to River Falls, Wisc. for the NAIA Tournament the first week of March. Expected to spearhead their effort there was Holwegner, sixth place last year at 150 pounds.

The 1973 Minot State College track team snapped 17 school records en route to claiming the first North Dakota College Athletic Conference track title in the school's history.

Leading the record spree were Gary Myhre, who ran the mile in 4:14.5, the two-mile in 9:28.1, the three-mile in 14:37 and the six-mile in 31:14.5, and Gary Batts, who skipped over the 440-yard intermediate hurdles in 54.6 seconds, long jumped 22 feet, 11½ inches and triple jumped 44-1.

Other outdoor records were set by Steve Loeppke in the pole vault (14-1¼), Steve Gunderson in the shot put (54-2), Bill Strasser in the high jump (6-6), Joe Johnston in the 3,000-meter steeplechase (10:12) and Jim Rowell in the 880-yard run (1:56.9).

Indoors, new standards were produced by Myhre in the mile (4:18.5), Jerry Ziemann in the 1,000-yard run (2:20.4), Gunderson in the shot (49-7½), Steve Reinke in the high jump (6-4) and Johnston, Rowell, Dan Landes and Rich Gaffrey in the two-mile relay (8:28.2).

The Beavers, coached by Wiley Wilson and Bert Leidholt, won six meets during the year. The highlight, of course, came in the NDCAC attraction, where they unseated three-time defending champion Jamestown. Batts, a junior from Lebanon, Ind., captured four NDCAC titles and scored 25½ points in pacing the Beavers to an 88-74 margin over second place Dickinson State. Jamestown slipped all the way to third with 61.

While Batts copped the 120- and 440-yard hurdles and the long and triple jumps, the other Minot titles were won by Gunderson in the shot put, Reinke in the high jump and Ron Just in the discus.

Baseball Beavers 2nd in conference tourney

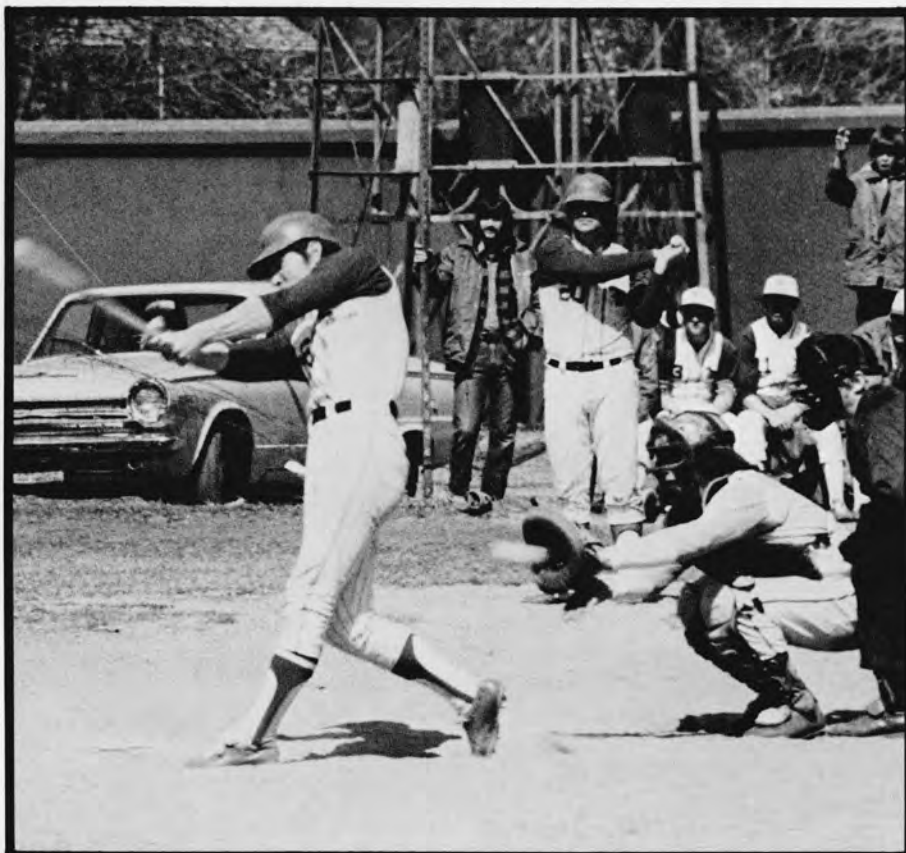

First-year Coach Dean Bowyer guided the 1973 Minot State College baseball team to a 20-11 record and a second place finish in the North Dakota College Athletic Conference Tournament.

In a season marred by the many games that were rained out, the Beavers never quite seemed to reach their peak, though they did manage a 7-3 conference record.

In the NDCAC Tourney, held in Jamestown, they smashed Valley City 13-1 in their opener, then lost 6-4 to Mayville. A 14-10 victory over Valley City earned them another shot at Mayville, but they were able to win only one of two games and Comets captured the Conference title.

The leading player for Minot during the year was third baseman Bill Koering, a senior who was named the Outstanding Player in the NDCAC. Koering was also selected to the NAIA District 12 All-Star team, along with pitcher Doug Overbo and catcher Don Werlinger. Two other Beavers—Dennis Healy and Lyle Kath—earned berths on the all-NDCAC team.

Kuschel captures district 12 title

An inconsistent Minot State College golf team rose to its 1973 peak in the National Association of Intercollegiate Athletics District 12 Tournament, where it placed fourth, the highest in school history.

MSC's Dave Kuschel keyed that performance by nabbing medalist honors, a feat which permitted his participation in the national tourney at Spartanburg, SC.

Paced by Kuschel's score of 118 and Marshall Gray's 119, the Beavers finished third in the North Dakota College Conference attraction at Dickinson. Brent Sullivan contributed a 123; Roddy Bergdahl and Ray Duchscherer each totaled 126.

Kneeling: Kevin Yale, Jerry Lyon, Coach Gary Leslie. **Standing:** Chuck Rhinhart, Gary Bjornson, Cary Elhardt.

Jerry Lyon and Kevin Yale teamed to finish second in the doubles competition at the National Association of Intercollegiate Athletics District 12 Tennis Tournament, highlighting an otherwise disappointing 1973 season for Coach Gary Leslie's netmen.

The Beavers won two of seven dual matches prior to district, where they placed fifth in an eight-school field.

As host to the North Dakota College Conference Tourney, Minot tied for third place, close behind champion Dickinson and runnerup Wahpeton. Lyon placed third in number one singles, Yale second in number two singles, and the Chuck Rhinhart-Cary Elhardt combo third in doubles.

After months of practice, Gary Leslie's Minot State gymnastics team had to put up with a couple of meet cancellations, which threatened its preparation for the State Meet in Fargo.

Leslie, however, was optimistic about his girls' chances of defending their 1973 state championship.

"We've beaten all the other teams in the state," he explained, "so it looks promising. Barring any unexpected injuries we should have a good shot at the title."

At the time this was written, the Beavers had competed three times. They destroyed North Dakota State in their opener, then lost to Iowa State and South Dakota State in a double duel at Brookings, S.D.

In their final tuneup for the State and Region I Meets, they finished third behind the University of Minnesota and host Bemidji State in the Minn-Kota Conference Meet, defeating several other North Dakota and Minnesota schools.

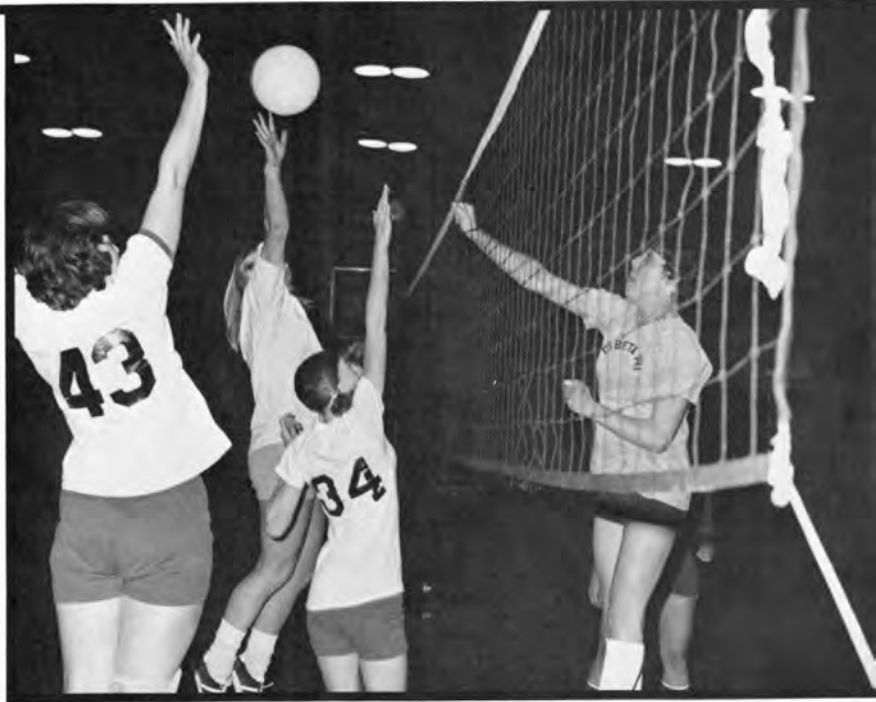

Volleyball Team 3-4 After Close Losses

After coping its first two tests of the 1973 campaign, the MSC women's volleyball team dropped several close decisions to close with a 3-4 record.

Kathy McCann's Beaver coeds opened their season in fine style, winning 15-8, 16-14 at Williston and 5-15, 15-3, 15-3 against Minto Air Force Base, before falling 15-12, 11-15, 16-14 in a rematch with Williston.

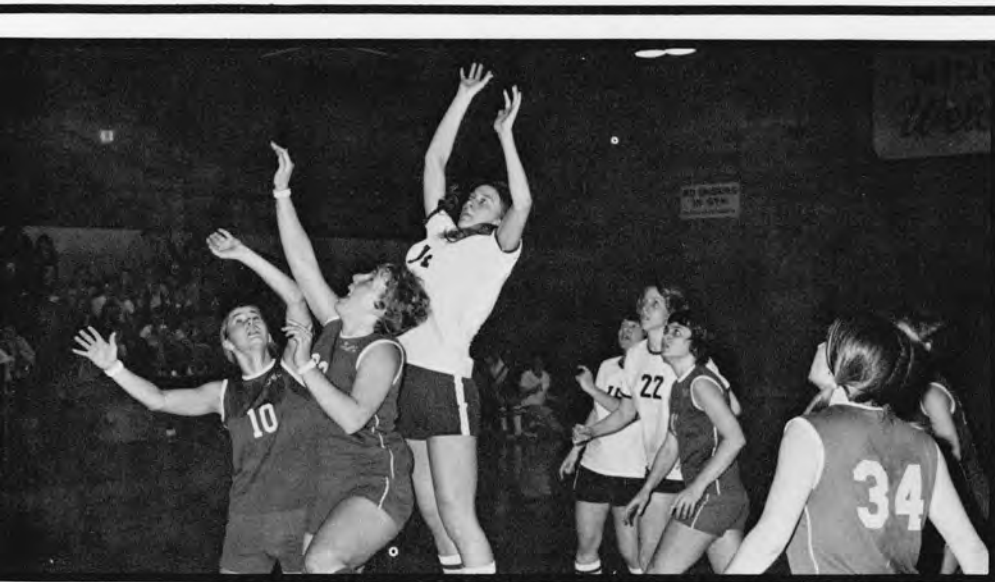

A narrow 16-14, 16-14 loser to Dickinson in the first round, Minot ripped Jamestown 15-6, 15-6 for third place in the Sakakawea Conference Tourney, which it hosted.

The Beavers failed to place in the State Tourney at Fargo, losing to the University of North Dakota 15-8, 15-13 and to Valley City State 15-7, 11-15, 15-9.

Women Cagers Fourth in North Dakota Tournament

For a two-game span late in its season, Kathy McCann's MSC women's basketball team was probably as good as any other in the state.

Those games were: 1—the 56-26 rout of UND-Williston in the regular season finale, and 2—the 44-32 win over North Dakota State in the first round of the North Dakota State Tournament, held in Swain Hall.

The Beavers cooled off after that, though, dropping consecutive decisions 66-47 to eventual champion Dickinson and 44-33 to Williston to finish fourth in the state tourney.

At the time this was written, the Minot girls had an 8-8 record. Their last action of the year was to come in a two-day tournament in Brandon, Manitoba.

Front row: Phyllis Bivins, Nancy Harrum, Kathy Tryhus, Lorelee Holub, Kathy Saylor, Karen Johner. **Middle row:** Sheryl Solberg, Marla Ludwig, Kris Hauge, Bev Johnson, Pat Thome, Barb Bickel. **Back row:** Coach Kathy McCann, Peggy Uecker, Wanda Shores, Fran Llewellyn, Colleen Peterson, Vicki Pitzer.

Short Softball Season For Minot State Women

Kathy McCann's 1973 women's fastpitch softball team completed a rather abbreviated schedule with a second place finish in the State Tournament at Fargo.

The Beavers, who started their campaign by falling 11-8, 10-7 in a double-header against Mandan, won their only game of the year when they beat Valley City 8-5 in the semifinals of the state classic.

In the state championship contest the MSC women were shutout 6-0 by host North Dakota State University.

Women's Track Records

Fall To Mary Gessner

The Highlight of the 1973 women's track season at MSC was the performance of Mary Gessner.

A sophomore from Minot, Mary was a winner in eight of the 15 individual events she participated in. At the State Meet in Bismarck she set records in the 100-yard dash (11.7 seconds) and 220-yard dash (27.2).

Mary qualified for the nationals with a school record 11.4-second clocking in the 100-yard dash at her final meet of the year. She set other school standards in the indoor 60-yard dash (7.4) and the outdoor 220 (26.4).

Carol Lavia's Beavers finished fourth out of nine schools in the State Meet, then concluded a five-meet season with a third place showing among eight schools at Dickinson, behind Dickinson State and Flathead Valley Community College of Kalispell, Mont.—third best women's team in the nation.

Seated: Lynn Tangedal, Mary Gessner, Sandy Sandman, Cherie Andreson, Jackie Spiros Rauschenberger, Julie Keller. **Kneeling:** Norma Edwards, Pam Larson, Sue Rademacher, Deb Allshouse. **Standing:** Claudia Pottinger, Aleta Heckaman, Coach Carol Lavia, Becky Best, Linda Haugen.

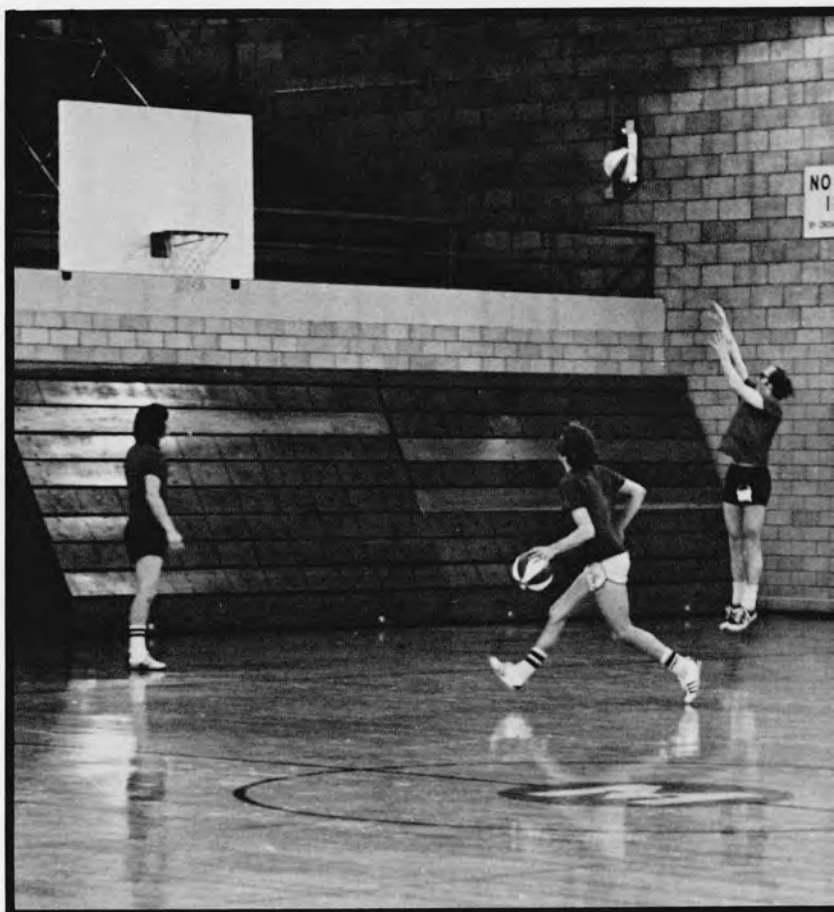

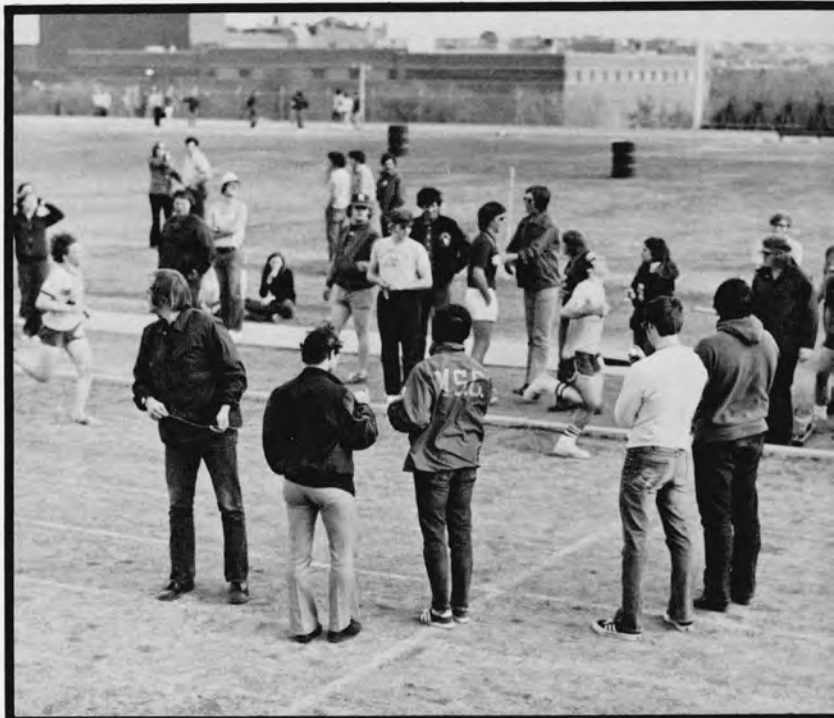

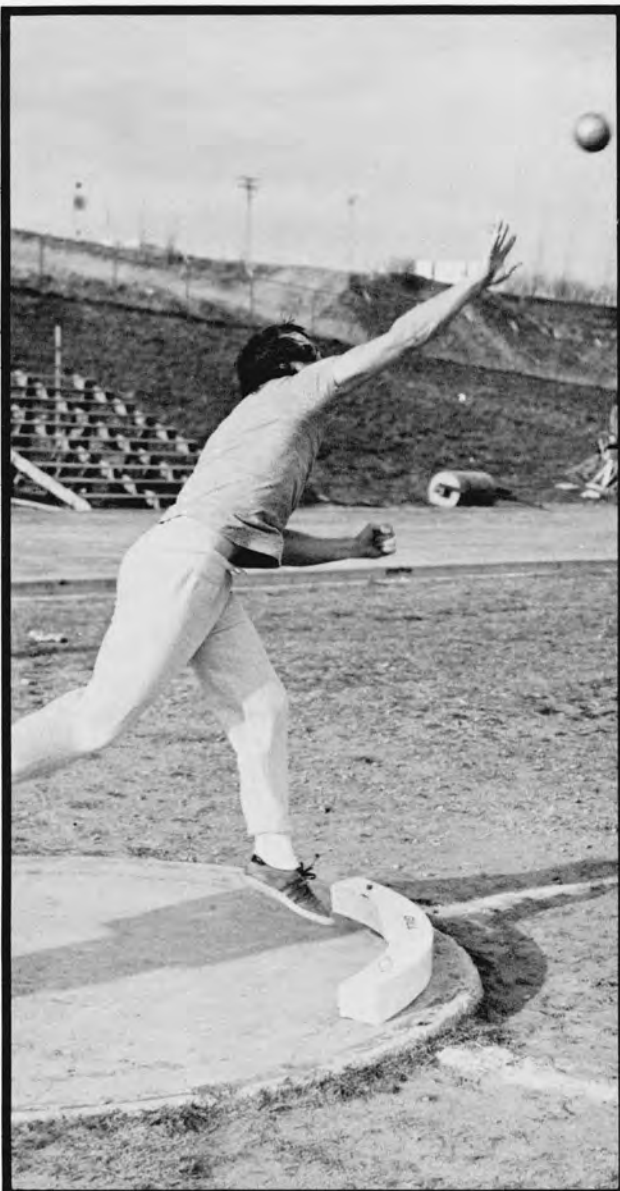

Competition Intense In
MSC Intramural Program

Students at Minot State are invited to participate in one or more of the various sports which make up the intramural program.

For the men, directed by Wiley Wilson, there are 11 different sports, with the competition intense between the three fraternities and several independent groups.

Defending overall champion is SSPPC #1, an independent group composed largely of varsity athletes. Threatening to dethrone that outfit at this writing was Sigma Tau Gamma fraternity, which had copped titles in touch football and wrestling.

There are fewer sports making up the women's intramural program, which is under the direction of Kathy McCann. Binger's Bombers claimed the championship in volleyball, the only completed sport at the time of this writing.

President Olson Reviews The Year

During the summer of 1973 the college started constructing a new classroom building located between the college library and Swain Hall. The facility will house an art program, a dramatics program, our mathematics offerings and a limited number of offerings in music. Hopefully a new wing will be added to the building within the next few years.

During the fall of 1973 certain areas in the basement of Old Main were renovated.

On October 15, 1973 the college experienced a fire in Pioneer Hall. We were most fortunate that no one was seriously injured during the fire. The students are to be commended for the responsible manner in which they responded to the alarm. They should also be commended for their tolerance in putting up with a good many inconveniences during the cleanup and renovation period following the fire.

An accrediting team representing North Central Accreditation Association visited the college in the spring of 1973. As a result of this visit, the undergraduate programs were accredited for 10 years. The association will periodically review the new offerings and programs at the master's level.

The curriculum has been significantly modified during the year. The college was authorized to offer a new master's degree in learning difficulties in special education effective the fall of 1973.

At the December meeting of the Board, the college was authorized to offer a minor in Indian studies. They also approved several course revisions and modifications. The Board currently has under advisement the college request to offer Associate Degree Programs in accounting, wild life studies and engineering studies.

ACADEMIC DIVISIONS

We often think of ourselves as living in a world
which no longer has any unexplored frontiers.
We speak of pioneering as a thing of the past.
But in doing so we forget that the greatest
adventure of all still challenges us —
what Mr. Justice Holmes called
“the adventure of the human mind.”

Men may be hemmed in geographically, but
every generation stands on the frontiers of the mind.

In the world of ideas, there is always pioneering
to be done, and it can be done by anyone who will
use the equipment with which he is endowed.

The great ideas belong to everyone.

Mortimer J. Adler, 1902-

Allied Health

The Division of Allied Health professions offers three degree programs in the health science field. These are a bachelor of science degree in medical technology, bachelor of science degree in nursing, and a bachelor of science degree in radiologic technology.

The division also supervises very flexible programs for students who desire to obtain their pre-professional programs at Minot State. These programs include pre-medical, pre-dental, pre-pharmacy, pre-physical therapy, pre-optometrist, and pre-occupational therapy.

Business

To meet the changing educational needs of students, the Division of Business expanded its two-year Associate Degree program offerings to include an Associate of Science degree in Accounting. This program is geared to provide the technical competencies required for entrance into jobs with independent businesses, CPA firms, and government organizations. Other associate programs include the Associate of Arts in Mid-Management and the Associate of Science in Secretarial Studies. These programs were introduced in the past two years.

The three-year exemplary grant project for the preparation of an office education coordinators' manual conducted by Dr. Dale D. Atwood and Miss Doris Slaaten was completed. The report was presented by Miss Slaaten at the annual vocational education conference sponsored by the State Board For Vocational Education in August, 1973.

Several staff changes were noted during the past year. The Division has a new doctorate in the person of Dr. Robert Sando, who completed his program in August, 1973 at the University of North Dakota. A new staff member, Mr. G. Mark Pippin, is a management specialist. Mr. Pippin, originally from Hobbs, New Mexico, completed his graduate work at Eastern New Mexico University at Portales. Miss Doris Slaaten was on sabbatical leave during the spring quarter doing graduate work at Colorado State University at Fort Collins, Colorado.

Miss Carol Lovro has been the Division secretary during the past year. A work experience program is being planned for management students to be initiated in the summer of 1974.

Education & Psychology

The Division of Education and Psychology offers future teachers and psychology majors a wide variety of experiences and great flexibility in academic preparation. The Campus Elementary Laboratory School, with grades K-6, acquaints students with innovative teaching techniques. The Minot schools are another source of valuable preparation in areas of teaching and psychology.

Notable in the division is Dr. Frank Bauman's student teaching program. Dr. Bauman has placed student teachers out of state and in other countries, such as Canada and Columbia, South America (see map, opposite page).

The campus is fortunate to have the College Placement Bureau, under the directorship of Dr. Herbert Johnson. The Bureau places over 75% of registered graduates, both teaching and non-teaching degree, besides providing job listings and career pamphlets. Part time student employment was also available through the office this year.

The Education-Psychology Division sponsored a program in July 1974 where participants spent 22 days in London, England and the surrounding area to study the English Open Classroom. Dr. Warren Allen served as the accompanying professor to the program.

Experimental College

The third year of Minot State's Experimental College was again marked by excitement and the unexpected. A fire in Pioneer Hall caused serious smoke and water damage to the Experimental College offices. A redecorating job, planned by Jane Heilmann with the assistance of Holly Pope, changed the quarters into a colorful, artistic display after the fire.

Off-campus experiences for students included a winter quarter in Israel for Jolene Mueller, Kris Fougner, and Tom Krise; a week in the Upper Michigan peninsula for a group of geology students; and a month of caving in Missouri and Mexico for Wally Hapip and Mark Zeltinger. Bill Stevenson, Gary Summerfield, Tom Hoffman, Clark Markell, and Eric Clausen presented professional papers on the educational innovations in Experimental College to several regional and national societies. Kathe Lemmerman, assisted by Jenny Redlin, developed an intensive sociological study of Columbus and Noonan, North Dakota.

The monthly Journal of the Experimental College changed its name to the Ten O'Clock Scholar and broadened its scope, becoming more a magazine for all teachers and learners all over the state. Editor George Slinger was assisted by Pat Aasen and Barbara Fletcher and a changing cast of staff members.

Computer Center use grew by leaps and bounds. Nearly five hundred students made use of the computer center. Campus School students spent an hour each day working with computer assisted instruction supervised by Mike Trudeau and Doris Hartsoch. Ken Haarstad continued to do a fantastic job of preparing programs for classroom use.

A wide selection of evening classes brought members of the community in to study Religious Poetry, Computer Programming, Geology, and the Civil War. Summer field trips for the general public went to Glendive, Marmarth, and Devils Lake.

Fine & Applied Arts

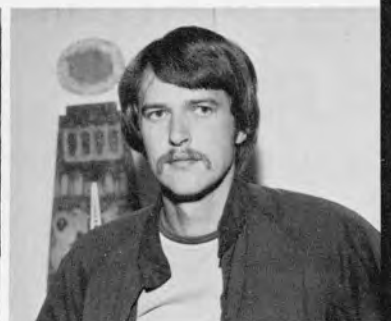

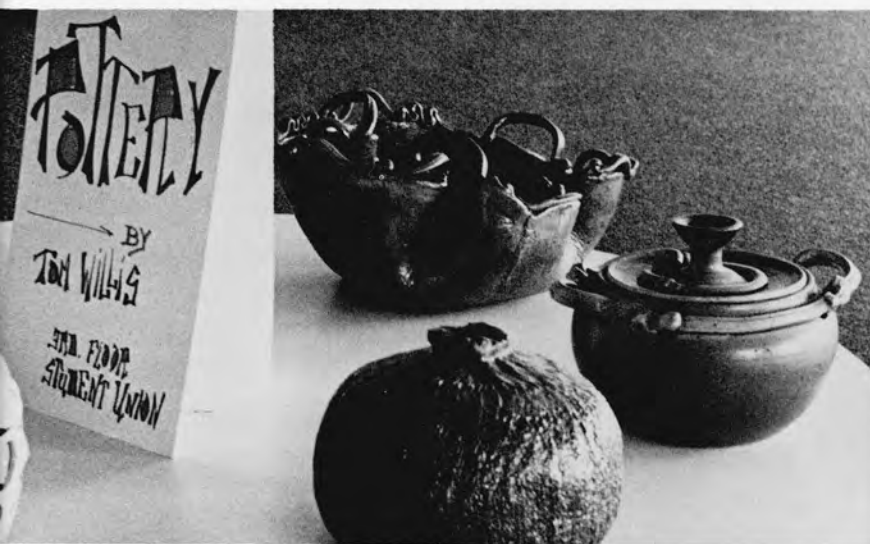

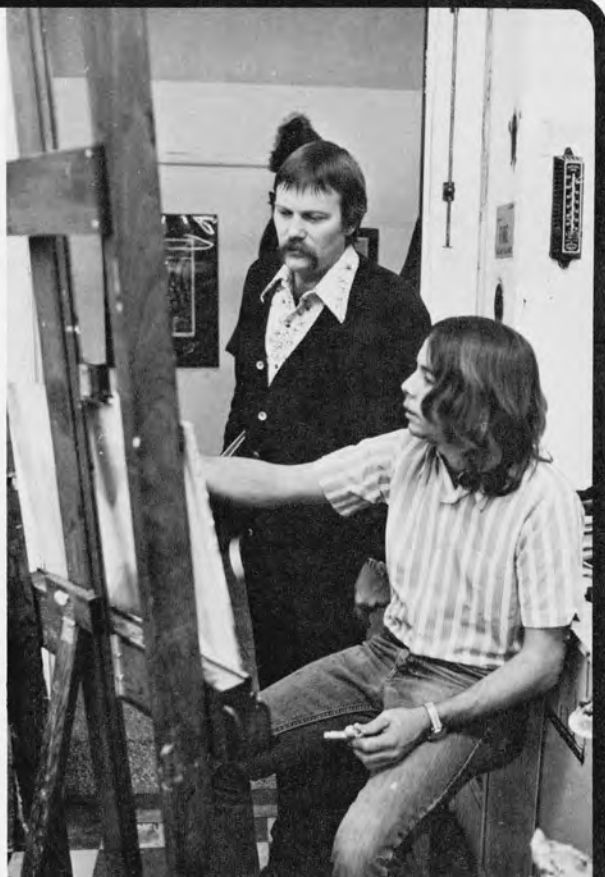

Paintings, prints, and drawings exhibited in Old Main and the Student Union are part of a nearly 200 piece permanent art collection of the Fine Arts Division. The items are either works of students or of professional artists who have had shows at Minot State or are purchase award winners from the National Print and Drawing Exhibition. The collection, which has been accumulated over the last five years, was organized into an art loan program this year, allowing any campus organization to borrow the art works.

Artists whose works were added to the collection this year were: Ann Anderson of Minneapolis, MN; Lorence Anderson of Lincoln, NB; H. Crittton Boodman, of Lexington, MA; Richard Brunkow of Oxford, OH; James T. Dormer of Loveland, CO; James M. Mullen of Oneonta, NY; and Richard M. Ash of Wichita Falls, TX.

The National Print and Drawing Exhibition in February was an important feature of the Fine Arts Exhibition Program. Funds were received from the MSC Student Association and from the North Dakota Council on the Arts and Humanities to sponsor the national competition.

Popular among art courses this year were Walter Piehl's photography classes, which were new offerings, and Tom Willis' ceramic courses.

Health & Physical - Education

Department Operates
On Three Main Levels

The Health, Physical Education and Recreation program at MSC is operated on three levels. The first, and theoretically the most important, involves regularly scheduled courses.

These courses are helpful to the students in many ways. Some, such as Dancing or Swimming, teach students socially desirable skills. Others, like Conditioning Exercises or Weightlifting, merely offer a means of keeping in shape. Still others, e. g. Kinesiology or Athletic Injuries, prepare students for careers in such physical education fields as coaching or teaching.

The most publicized level on which the physical education division operates is, of course, the intercollegiate level, where a limited number of the school's best athletes represent it in competition with other colleges. In 1973-74, as it has been for several years, Minot State was well represented on this level by a large number of very exceptional athletes.

Finally, there is the intramural level, where all male and female students are eligible to compete in a wide variety of competitive sports, either as parts of a team or as individuals.

Memorial Library

80,000 books . . .
1,400 different magazines . . .
500 cassettes . . .
and three buffalo heads are only some of the many things found in Memorial Library. And just as the curriculum is expanding to meet the needs of today's students, so is the library's collection expanding to meet their needs.

The majority of the material is in the form of books, magazines and government publications, but microfilm (back issues of magazines and newspapers), microfiche (ERIC publications and BIA annual reports), film strips (Indians of the United States, Japanese internment camps during WW II, etc.) and cassettes of music and the spoken word (educators, social scientists, dramatists) are also available. Microform readers and printers, film strip previewer, cassette players (some of which can be checked out), and a video tape viewer are becoming increasingly more popular. Faculty and students are encouraged to recommend purchase of new material, and though some requests cannot be acquired, most are, and all are given consideration.

The circulation period for most books has been lengthened to four weeks to lessen the need for renewals and the problems of overdue books (librarians don't like fines any more than library users do!).

Strip mining, Watergate, Garrison Diversion, the energy crisis—all have added to the increased use of the Government Depository publications. The depository collection also includes a great deal of general interest material, such as U.S. Census figures, NASA material, agriculture bulletins, Smithsonian Institution publications, Bureau of American Ethnology reports, as well as Congressional hearings, bills and laws.

After being slighted for several years, the childrens book collection is now being enlarged because of the increased budget. This collection, used by childrens literature and library science classes, now includes many new titles, covering recent fiction as well as non-fiction on contemporary social issues—abortion, drug abuse, birth control, ecology, and minority groups.

The Special Collections room contains books, pamphlets and documents relating to the Indians of the Northern Plains, the settlement of Dakota Territory, and the state of North Dakota. With the approach of the Bicentennial year, increased interest and use of the collection is anticipated.

In keeping with this Northern Plains theme, prints by Bodmer, Remington and Russell have been hung, and a display of Sioux arrows and 19th Century rifles is near the entrance.

Head Librarian George Clark has a staff of six librarians whose prime duty is to aid faculty and students in the optimum use of the library—from locating House Bill 2347 to explaining the serial print-out to locating Dr. Seuss' real name to pointing out the three buffalo heads—if somehow they were missed.

Literature & Language

The Division of Literature and Language operated on its revised curriculum this year. The revision enabled freshmen to complete general education English requirements in one year by lengthening many courses to four quarter hours and regrouping courses.

The Theatre Arts department continued its Drama Composite class with changes from last year's experimental class. The composite enabled upper-classmen to work entirely in any area of the theatre for one quarter, earning up to 16 quarter hours of credit.

The Summer Theatre saw its eighth season, the third in the amphitheatre, by producing "A Man For All Seasons", starring John Carradine; "You're A Good Man Charlie Brown"; and "Guys and Dolls".

The division added an Associate of Arts degree in Telecommunications. With the success of the classes in Radio and Television and Radio Broadcasting, plans are underway for an FM radio station on campus to be operated by students.

Music

The Music Division expanded its curriculum by offering a new concentration in composition and an elementary music speciality. Beginning piano and keyboard harmony students are now able to benefit from the piano laboratory which contains 12 electric pianos and a master piano for the supervising instructor. The lab will be moved to the new fine arts building upon the building's completion in the fall of 1974. The music division also added a moog synthesizer to its collection of electronic instruments.

Concerts, and faculty and senior recitals are now recorded on an improved sound system and filed in the division's permanent music collection. Portions of the performances are replayed on the "Music From Minot State" program, a half hour radio broadcast on Sunday evenings on KCJB-FM and KLPM-AM radio stations.

Two instructors received their doctorates this year; Virginia Geesaman, PhD from the University of Iowa and John E. Anderson, PhD from Columbia University. John Spoelstra, MSC instructor for 18 years, retired upon completion of the school year. The MSC Division of Music was recognized and accepted as an associate member of the National Association of Schools of Music in 1972.

Science & Mathematics

The Science and Mathematics Division, long known for setting high goals and achieving them, out did itself this year.

The science department added to its long list of specialized instruments with the fall quarter arrival of a long awaited electron microscope. A kidney research project, utilizing rats and rabbits, developed into a highly organized research team performing extensive surgery on dogs. The department initiated Selected Topic Courses, a program in which students may obtain courses, including those not offered, on the basis of a petition signed by ten students.

The degree offerings of the division were expanded to include a Bachelor of Science degree in Environmental Science and Associate of Arts degrees in Wildlife, and Engineering.

Social Science

The Division of Social Science saw expansion and flexibility in its offerings to students this year. The Law Enforcement program nearly doubled when it was expanded into a Criminal Justice program. The American Indian Studies program will develop into an American Indian Studies minor by the fall of 1974.

Students were able to gain experience working with such community organizations as the Minot Commission on the Aging, the Vocational Workshop, and area social services. Darold Bauer interned with the Minot Chamber of Commerce and Barry Selberg obtained practicum experience at City Manager John Arnold's office (**Pictured at right**).

New equipment acquired during the year included a movie camera, projector, recorder, calculators, and cartography equipment.

Two professors were added to the division's faculty; Dale Howard, geographer and cartographer, and Robert Hubbard, policeman and criminal justice expert. Lyle Fogel, economist, was granted leave to complete his doctorate at UND. This was Dr. Morrison's last year as division chairman.

Special Education

The Special Education Division at Minot State College prepares people for a profession of ever-growing importance. Children whose needs differ from those of the ordinary child require special programs not available in regular education programs to help develop their potentials to the fullest.

The Division of Special Education is comprised of people who plan to use their professional training to help those who are less fortunate. Speech Pathology, Mental Retardation, and Education of the Deaf are three specific areas of study. A Master's Degree program offers students the opportunity to develop more advanced and specific skills.

The Speech and Hearing Clinic in the department is equipped with the latest in equipment. The Clinic provides students with valuable experience as it offers its services to the students at MSC as well as people from the immediate and surrounding area.

We have entered an age in which education is not just a luxury
permitting some men an advantage over others.
It has become a necessity without which a person
is defenseless in this complex, industrialized society . . .
We have truly entered the century

JACK ANDERSON

As writer of the Washington Merry-go-round", which appears in 746 newspapers, Jack Anderson is the most widely read political columnist in the United States. He started with the column in 1947, sharing the by-line with Drew Pearson until Pearson's death when he inherited the column.

Born in 1922 to Mormon parents (Swedish father, Danish mother) he grew up in Utah and began his newspaper career at 15, as editor of the Boy Scout page in a Salt Lake City paper. By the time he was 18, he was a reporter for the **Salt Lake Tribune**.

After serving his two years' ministry in the Mormon Church, he joined the Merchant Marines in 1943. In 1945, he left the Merchant Marines and was inducted into the army, where he served in the Quartermaster Corps in China until 1947, at which time he began working for Pearson.

An investigative reporter and advocacy journalist, Anderson has brought to light such political scandals as the "Five-percenters" of the Truman Administration and the Sherman Adams "Vicuna Coat" affair of the Eisenhower Administration. During Nixon's first administration, Anderson uncovered the ITT-Dita Beard case, and his disclosures of the Nixon Administration policy during the India-Pakistan crisis brought him the Pulitzer Prize for 1972.

Because of his open and humorous delivery, Jack Anderson is always in demand for public appearances. One of his appearances in May, 1971, was at Minot State College, at which time he spoke of the secrecy surrounding Washington and of his belief that the citizens of this country have the right to know what their elected officials are doing.

Mr. Anderson's selection was made from information sheets completed by the candidates, an audio-visual tape of the pageant, and photographs of the finalists in formals, fur coats, and street attire.

Seek goodness everywhere, and when it is found, bring it out of its hiding-place and let it be free and unashamed. Place in matter and in flesh the least of these values, for these are the things that hold death and must pass away. Discover in all things that which shines and is beyond corruption. Encourage virtue in whatever heart it may have been driven into secrecy and sorrow by the shame and terror of the world. Ignore the obvious, for it is unworthy of the clear eye and the kindly heart.

Be the inferior of no man, nor of any man be the superior. Remember that every man is a variation of yourself. No man's guilt is not yours, nor is any man's innocence a thing apart. Despise evil and ungodliness, but not men of ungodliness or evil. These, understand. Have no shame in being kindly and gentle, but if the time comes in the time of your life to kill, kill and have no regret.

In the time of your life, live
so that in that wondrous
time you shall not add to the
misery and sorrow of the
world, but shall smile to the
infinite delight and mystery
of it.

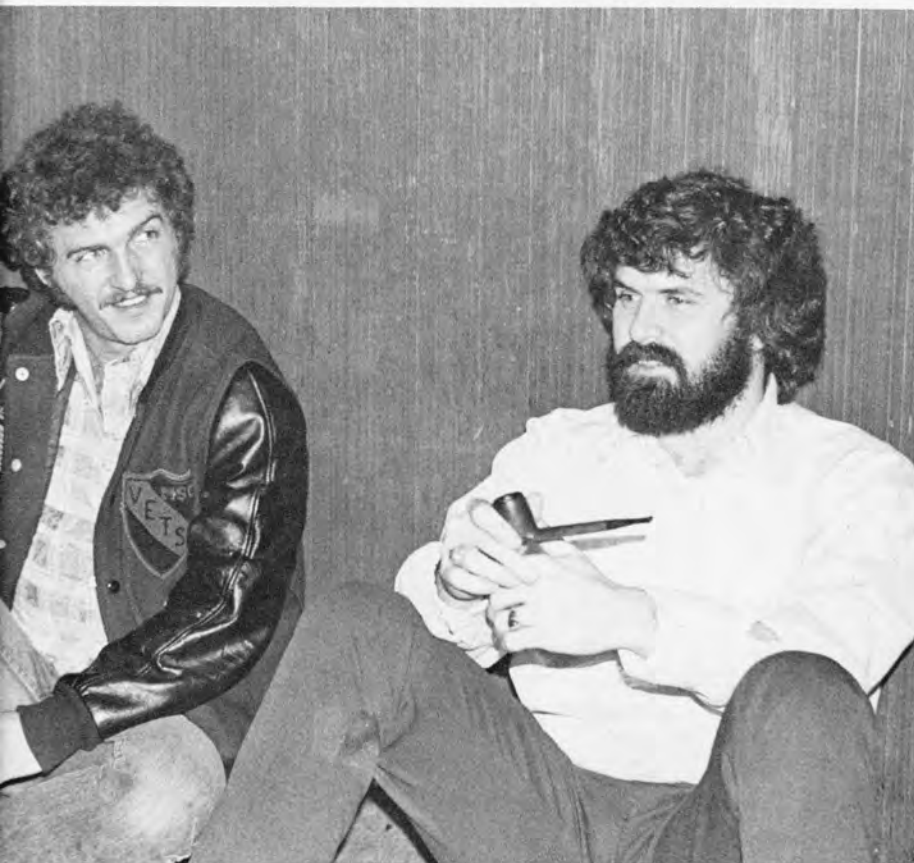

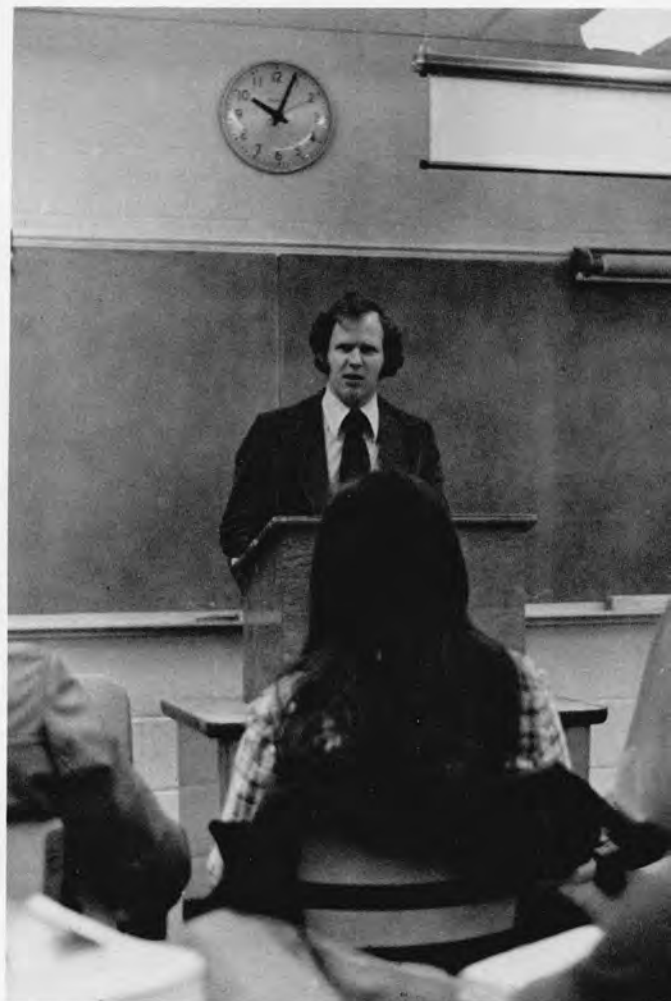

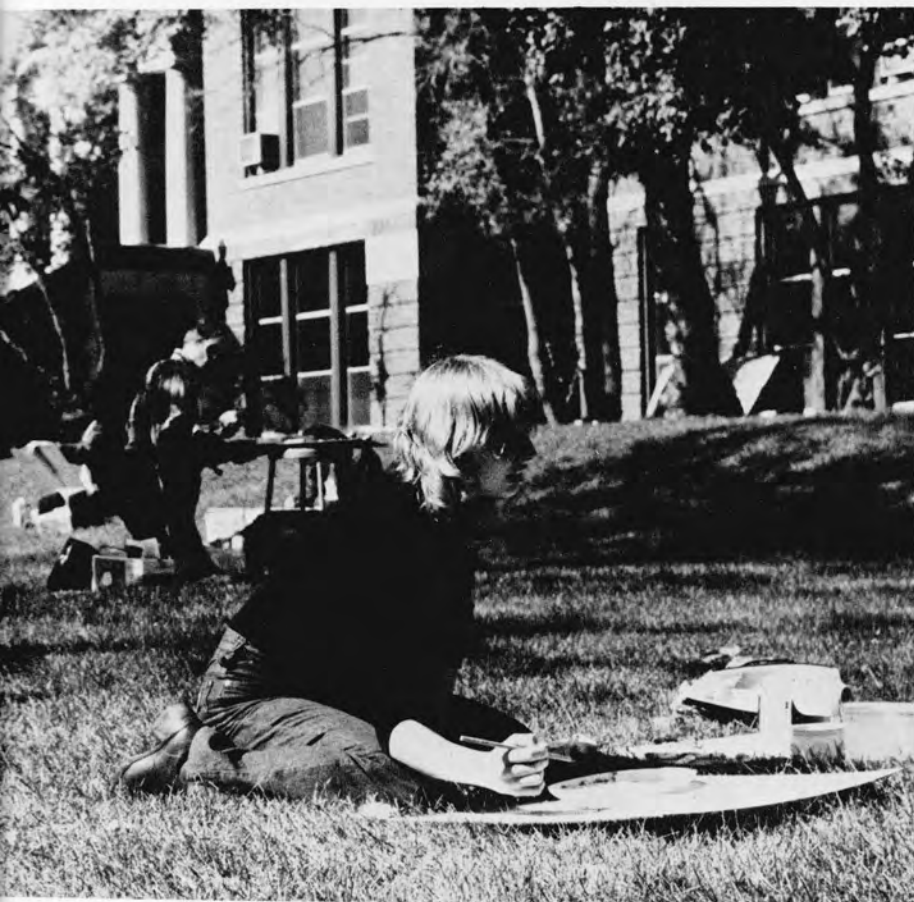

THE TIME OF YOUR LIFE
by William Saroyan
1908-

BELIEVE

I believe in an all-wise and all-loving God, named by whatever name, and that the individual's highest fulfillment, greatest happiness, and widest usefulness are to be found in living in harmony with His will.

I BELIEVE

I believe that love is the greatest thing in the world; that it alone can overcome hate; that right can and will triumph over might.

John D. Rockefeller, Jr.
1874-1960

The world is round, and
the place which may seem
like the end may be only
the beginning.
Ivy Baker Priest, 1905-

The 1974 BEAVER yearbook staff chose a Fabrikoid American Embossed and Grained Design for the cover. The Endsheets were designed by the staff selecting Mediterranean Blue and White to match the cover colors.

The book is printed on 80-pound premium double-gloss enamel stock except for Signatures 14 and 15 which are printed on 80-pound Stippleton.

Type font used throughout the book is News Gothic, in 12, 10, and 8 point. News Gothic, a sans-serif face, has elegant simplicity of style, giving a clean clear type impression. News Gothic is a strong face, without typographical eccentricities and reflects a contemporary feeling in typography. Headlines and subheadlines were set in varied sizes of News Gothic ranging from 14pt. to 72pt., with the majority set in 18pt. and 24 pt. A special lettraset type face headline was used in the Opening: YAGI Link Double.

A more creative use of design elements, increased use of color and graphics, emphasis on action photography were innovations to broaden reader appeal.

The 1974 BEAVER was printed by Josten's/American Yearbook Company, Visalia, California.
