

BRADY MARTZ AND ASSOCIATES SCHOLARSHIP

Brady Martz & Associates, PC proudly traces its roots back to 1927 when Edward W. Brady opened his accounting firm in Grand Forks. Baldwin Martz worked for Edward Brady for a while and then moved to Minot. Baldwin became a partner in Janz & Inverson in 1947. In 1957, Baldwin and his wife, Shirley, created Baldwin Martz & Associates. The Brady and Martz firm's paths crossed again in 1981 when the two firms merged to create Brady Martz & Associates.

In 1987, Brady Martz acquired the Moser, Christenson office in Thief River Falls, MN. Not done with expansion yet, Brady Martz saw the opportunity to open an office in Bismarck, ND in 1989 and continued the growth of this office with the acquisition of Orser, Olsen & St. Peter in 1992.

More recently, Brady Martz was pleased to announce a merger with Reichert, Fisher of Williston and Dickinson in 2009.

Brady Martz's long history and progressive future have established it as a premiere accounting and consulting firm in the region.
