

PEARL STUSRUD MEMORIAL SCHOLARSHIP

Pearl Stusrud was born and raised in McVille, ND. She graduated from Minot State Teachers College with a degree in Business Education and from the University of Denver with an MBA. She was in business with her parents at a local restaurant that catered to Minot State — the Beaver Palace. Pearl taught at Minot State for over thirty years beginning as a part-time teacher in the Division of Business at Minot State. She eventually started teaching accounting full-time at Minot State and remained there until she passed in 1983. This scholarship was created in August 2006 by contributions from family and friends in memory of Pearl.
