

# ALTERNATE PROCUREMENT REQUEST

(September 2021)

## INSTRUCTIONS TO REQUESTORS

North Dakota Century Code requires that State agencies and institutions make all purchases through full competition with fair and equal opportunity to all qualified vendors. NDUS institutions must prepare an Alternate Procurement (AP) Request when they plan to obtain less competition than required by purchasing thresholds or when there is an exception to the procurement process. There are some instances in which an AP Request is not required, such as purchases from government entities and state sources of supply. See below for goods and services that do not require an AP Request.

Limited and non-competitive procurements should only be used when truly necessary and authorized by state law or State Board of Higher Education (SBHE) Policy. Contact your institution's procurement office or Core Technology Services for assistance. If using federal funds or a grant, check whether the funding source has requirements around noncompetitive purchases.

### **Process and Approval Authority**

Each institution may have unique processes for completing this document. Please check with your institution's procurement office for the correct steps to take. The Core Technology Services (CTS) chief procurement officer must approve all NDUS System Office and CTS Alternate Procurement Requests.

### **Notice of Intent to Make a Limited or Noncompetitive Purchase**

Notice of intent to make a limited or non-competitive purchase may be issued to attempt to identify alternate sources for the needed commodity or service. A notice of intent must be issued when entering an approved cooperative agreement. Documentation must be retained in the institution's solicitation files. A notice template is available on the [CTS Procurement Management](#) website. The notice describes the required commodity or service thought to be available only from limited sources or one source, and it invites vendors to contact the procurement officer to propose an alternate source. Use the State Procurement Online system to issue the notice to the appropriate state bidders list and any other known potential bidders. For purchases requiring the Alternate Procurement form, attach the notice, bidders list, and/or any responses received to the Alternate Procurement form.

### **Determination Not Required - Exemptions**

In accordance with [NDUS Procedure 803.1 \(5\)](#), Alternate Procurement determinations are not required for the following:
