***Please stop in so our tutors may assist you in reaching your goals!***

◆ Attend tutoring sessions early in the semester and return regularly.

◆ Plan ahead! Don't wait until the last minute - panicking is not productive.

◆ Attempt assignments on your own BEFORE seeing a tutor. Come to tutoring with questions in mind.

◆ It is important to attend class - tutors will not take the place of your instructor.

◆ Tutors will not simply give you the answers or do your homework for you.

◆ *Please be patient - tutors may be assisting more than one student at a time.*

***The ultimate responsibility for reaching your academic goals rests with YOU, not the tutor.***
