

Minot State Community,

A quick update regarding Beaver Athletics this fall:

This morning in our Board of Directors meeting, the Northern Sun Intercollegiate Conference (NSIC) Board voted and unanimously approved a recommendation to delay the start of Fall Athletics for all 16 member institutions of the NSIC. Therefore, instead of the traditional practice starting dates in early/mid-August for our fall athletes, those practices will now begin in early September with the current plan for competition to begin in late September and early October.

More information can be found in this afternoon's press release:

<https://msubeavers.com/news/2020/7/27/general-nsic-delays-start-of-fall-sports-competition.aspx>

With nearly 400 student-athletes at MSU, and many of those participating in fall sports, this is a significant decision impacting arrival dates for many of our on-campus students during the coming weeks.

Thanks,

Steve
