

MSU Students, Faculty, and Staff,

A reminder there is **COVID testing ongoing this morning until Noon on the 3rd Floor of the MSU Dome.**

I just finished getting tested and the entire process took less than 10 minutes. Some have had past concerns about the nasal swab; **today's test is a throat swab. It is very quick and painless** – takes about 5 seconds. We want as many tests today as possible since we know during the final two testing opportunities we have on Monday and Tuesday next week there will be many more students on campus. If you have not yet done, please head over to the Dome this morning and get your test.

Pre-registration only takes a couple minutes and it will expedite the process; available here:

<https://testreg.nd.gov/>

Thanks,

Steve
