

# Critical Competency: Collaboration (CC 6)

## Description:

Students will learn to communicate effectively with others when figuring out solutions to complex problems.

## Intended Learning Outcomes:

*Students will ...*

1. build interpersonal skills and relationships via respect for diversity and being open minded on the one hand and by effective communication on the other.
2. manage time effectively.
3. run effective meetings.
4. value and engage in meaningful dialogue with other points of view.
5. employ conflict management.
6. reach a consensus.
7. set group goals.
8. identify and assign deadlines for tasks.
9. pinpoint obstacles and means to overcome them.
10. assist others in achieving group goals.
11. assess progress toward shared goals and adjust as needed.
12. acknowledge the contributions of each group member.

## Course Guidelines:

1. The course must provide students with the knowledge and skills useful to complete a group project in which they collaborate with one another.
2. The course must require students to complete assignments which require them to work collaboratively.

## Application for Inclusion in the General Education Curriculum

Area: CC 6 Collaboration

Course:
