## Administrative Offices

### Academic Affairs

Vice President for Academic Affairs -----	Laurie Gellar
Assistant Vice President for Academic Affairs -----	T. Erik Kana
Associate Vice President for Graduate, Online, Distance and Continuing Education .....	Jacek Mrozik
Executive Director, ND Center for Persons with Disabilities -----	Brent Askvig
Director, Library -----	Stephen Banister
Director, Center for Engaged Teaching and Learning -----	Beth Odahlen
Director, International Programs -----	Libby Claerbout
Director, Honors Program -----	Jessica Smestad
Director, Office of Sponsored Programs -----	VACANT
Registrar -----	Rebecca Porter
Director, Institutional Research -----	Cari Olson

### College of Arts and Sciences

Chair, Division of Humanities -----	Bill Harbort & Robert Kibler
Chair, Department of Mathematics and Computer Science -----	Scott Kast
Chair, Division of Music -----	Erik Anderson
Chair, Department of Science -----	Robert Crackel
Chair, Department of Biology -----	Alexander Deufel
Chair, Division of Social Science -----	Dan Ringrose
Chair, Department of Criminal Justice -----	Gary Rabe
Director, Northwest Arts Center -----	Avis Veikley
Executive Director, Rural Crime and Justice Center -----	Gary Rabe

### College of Business

Chair, Department of Accounting and Finance -----	Jay Wahlund
Chair, Department of Business Information Technology -----	Lori Willoughby
Chair, Business Administration -----	Deanna Klein

### College of Education and Health Sciences

Chair, Department of Communication Disorders -----	Ann Beste-Guldborg
Chair, Department of Teacher Education and Human Performance -----	Terry Eckmann
Coordinator, Master of Education Program -----	Deb Jensen
Coordinator, Elementary Education Program -----	Kathy Hintz
Coordinator, Physical Education and Human Performance Program -----	Terry Eckmann
Director, Advisement and Field Placement -----	Lisa Borden-King
Chair, Department of Addiction Studies/Psych/Social Work -----	Vicki Michels
Director, School Psychology -----	Joseph Engler
Director, Addiction Studies -----	Vicki Michels
Director, Social Work -----	

Chair, Department of Nursing ----- Nicola Roed  
Chair, Department of Special Education----- Holly Pedersen

### **Student Affairs**

Vice President for Student Affair ----- Kevin Harmon  
Director, Multicultural Support Services ----- Annette Mennem  
Director, POWER Center ----- Holly Major  
Director, Student Health Center ----- Michelle Fettig  
Director, Residence Life ----- Devin McCall  
Director, Student Center ----- Leon Perzinski  
Director, Student Success Center ----- Lynda Bertsch  
Director, Student Health and Development ----- Devin McCall  
Director, Veterans Services ----- Andrew Heitkamp  
Director, Enrollment Services ----- Katie Tyler  
Coordinator, Student Activities ----- Aaron Hughes  
Coordinator, Disability Services ----- Evelyn Klimpel  
Student Publications ----- Nicole Thom-Arens  
Nurse Practitioner ----- Heidi Peterson  
Counselor, Student Development ----- Nancy Mickelson  
Coordinator, Fitness Center ----- Paul Brekke  
Coordinator, Residence Life----- Camila Van Dyke

### **Administration and Finance**

Vice President for Administration and Finance ----- Brent Winiger  
Assistant Vice President, Business Services Controller ----- Jonelle Watson  
Director, Facilities Management ----- Brian Smith  
Director, Information Technology Center ----- George Withus & Darren Olson  
Director, Human Resources ----- Marc Wachtfogel  
Director, Safety and Security ----- Gary Orluck  
Director, Financial Aid ----- Laurie Weber  
Manager, Bookstore ----- Gerri Kuna

### **Advancement**

Vice President for Advancement ----- Rick Hedberg  
Director, Marketing ----- Teresa Loftesnes  
Director, Publications and Design ----- Doreen Wald  
Director, Public Information ----- Michael Linnell  
Director, Alumni & Annual Giving ----- Janna McKechnie  
Officer, Major Gifts ----- Dan Langemo  
Coordinator, Advancement ----- Kate Marshall

**University Athletics**

Director, Athletics -----	Andy Carter
Assistant Athletic Director for Development-----	Brock Wepler
Assistant Athletic for Compliance and Student Life -----	Steve Swenson
Director, Sports Information -----	Mike Linnell
Director, Marketing and Promotion -----	Sara Wiedmaier
Head Women's Basketball -----	Sheila Green Gerding
Head Men's Basketball -----	Matt Murken
Head Men's Golf -----	Randy Westby
Head Women's Golf -----	Spencer Hilde
Head Volleyball -----	VACANT
Head Women's Soccer -----	Jason Spain
Head Cross Country -----	Stu Melby
Head Football -----	Shane LaDage (Interim)
Head Softball -----	Bill Triplett
Head Baseball -----	Scott Eul
Head Wrestling -----	Evan Forde

Data Source: NDUHSRA- Headcounts and FTE Enrollments Pg. 5 Institution Totals.-Data provided by Registrar's Office 4<sup>th</sup> Week Official Enrollment Data – September 2011.  
Headcount indicates all students enrolled regardless of the number of credit hours for which they are enrolled (NDUS) \* Includes two classified as unknown (1 full-time and 1 part time)  
Percentage Change= Subtract old value from the new value, then divide by the old value, multiply by 100 for percentage.  $\frac{\text{New Value}-\text{Old Value}}{\text{Old Value}} * 100 = \text{Percentage Change}$

**Registrar's Office: Enrollment Report ID# NDUH2SRA pg 5 (4<sup>th</sup> Week Data)**

\* **FTE/Total** refers to full-time equivalent of total credit hour production (Total undergraduate credit hours divided by 16 or Total graduate credit hours divided by 12.). "Total credit hours" is the number of credit hours the full-time and part-time students enrolled in.

<http://www.csgnetwork.com/percentchange.html> FTE numbers were calculated by dividing total credit hours from first table by 15 for undergraduates and by 12 for graduates. Prior to 2006, the calculation was 16 for undergraduates and 9 graduates

## **Mission Statement**

The Office of Institutional Research at Minot State University supports the university's planning and decision-making efforts so that the university can fulfill its larger mission. The office responds to requests from constituencies of the university in order to support decision making, assessment, policy analysis, effective management, projections and planning. It also responds to requests for information from outside agencies and other institutions and generates annual fact books and reports showing trends and comparisons to the North Dakota University System.

The goals of IR are to ensure that reports and analyses are accurate, timely and useful to Minot State University students, administrators, faculty and staff. To guarantee that MSU's mission is carried forward, the institutional research director works carefully to ensure that files dealing with student course and personnel data are as accurate and consistent as possible.

Source: North Dakota University System Office: Fall Enrollment Report <http://www.ndus.edu/information/>

Data Source: North Dakota University System. Headcount is the total number of students enrolled regardless of the number of credit hours. NDUS reports the headcount as the number of students enrolled on the 4<sup>th</sup> week of classes in the term.

<sup>1</sup> "Enrollment at some institutions includes students who were registered but had not made payment or been granted an extension based on documented good cause as of the census date. This includes 24 students at NDSU, 40 students at UND, 71 students at NDSCS and 239 students at LRSC for a total of 374 students." (Creating a University System for the 21<sup>st</sup> Century, 2007 Fall Enrollments, November 2007, p. 1)

Source: NDUHSRA- Headcounts and FTE Enrollments Pg. 5 Institution Totals (4<sup>th</sup> Week Data) **Note:** Undergraduate Special (UG Special) refers to an individual who has previously earned a bachelor's degree and is taking additional undergraduate coursework. **\*Note:** PeopleSoft software initiated in 2005. Undergraduate Special category no longer exists. These individuals are now included as seniors. To compare data for the seniors in 2005, the 2004 number used is the Senior + UG Special. **Note:** Undergraduate Special numbers were added to senior status for this chart.

## ***Student Activity Fee Distribution***

The per-semester fee for full-time students is separated into two portions: the university fee and the Student Government activity fee. The university fee supports activities that benefit the student body as a whole, while the Student Government activity fee goes toward supporting specific activities. The tables below provide a breakdown of the allocation of these fees. These are added to the tuition and are charged per semester.

<b>University Fee</b>	<b>07-08</b>	<b>08-09</b>	<b>09-10</b>	<b>10-11</b>	<b>11-12</b>	<b>12-13</b>	<b>13-14</b>	<b>14-15</b>	<b>15-16</b>	<b>16-17</b>	<b>17-18</b>

Note: PeopleSoft does not separate ND and Military from ND residents. Total nonresident includes all enrollments minus ND and military.

\* Includes two students who did not identify gender. The "Total Non-Resident" category contains all students that are not residents of ND, including: out-of-state and international (including Canadian). Percentage change: <http://www.csghnetwork.com/percentchangepcalc.html>

**FACTBOOK: Technology at Minot State University**

Information Technology (IT) is a strategic necessity for Minot State University. Fundamental tools including e-mail, calendaring, file sharing, telephone and Web access are important for administrative, academic, and research functions, and basic day-to-day operations. High speed networking and performance computing, collaborative voice, video and data tools, and other advanced technology services create innovative opportunities for the institution.

A reliable and redundant network infrastructure is the backbone on which all other services depend. IT infrastructure refers to the entire technology architecture that supports student, faculty, staff, and administrative computing activities on campus and from a distance. Components that make up the current technology architecture include, but are not limited to, switched and routed network backbone, wireless Internet access, and production support servers and appliances (email, calendar, and voicemail integration, file and print, backup, Web, network support, directory services, identity management, firewall, filtering/bandwidth management, intrusion detection, patch management, antivirus gateway, spam filtering, remote access control, rapid application deployment, network/application resource monitoring, and secure network access).

The network infrastructure is the key component to support expanding technological developments across campus. The wired network needs to be reliable, robust, and a secure transport system to meet the needs of the campus community and support access to the latest voice, data, and video technologies. Today, all edge switches support transfer rates up to 1 Gigabyte per second (1000 Mbps) from the core to the desktop. Construction of a centralized data center with optimized environmental controls and expansion capability to house and support campus fiber connectivity and the campus server farm was completed in September 2012. The new air-blown, single mode fiber network is also complete. Core data transfer rates now reach 10 Gigabytes per second (Gbps) on the campus backbone.

Infrastructure binds information technology systems together and allows systems to communicate with each other over a network. MSU participates in StageNET, the state-funded wide area network (WAN) consortium. StageNET offers reliable, cost-effective network services, enables convergence of voice, data, and video, and provides linkage through Internet2 and the Northern Tier Network to national and international research and development networks. Recent StageNET upgrades increases the state backbone to a 10 gigabit/second Ethernet ring with redundant failover links located in Fargo, Grand Forks, Minot, and Bismarck.

A critical component of the current and future technology infrastructure is security. In the past, access to computing and network resources was maintained in a relatively controlled environment with minimal remote or online access. Extensive availability to information over the network/Internet and via Web-based applications has increased the risk of unauthorized access and/or inappropriate use of information. Data security measures have been implemented, especially with regard to the campus document imaging system. ImageNow has upped the security controls and alleviated the time-consuming inefficiencies of manually filing and retrieving documents for the Financial Aid Office, Records Office, Enrollment Management, Graduate School, and other on-campus departments. Contract negotiations are currently underway for system-wide ImageNow licensing to reduce user costs and expand user access across the NDUS.

Single sign-on utilizing one user id and password was implemented fall 2013 for all faculty, staff, and students. User authentication is required to access campus online resources including CampusConnection, wireless, email, voicemail, etc. The campus ID card system is designed to simplify access to services, events, and secure locations throughout campus. Security cameras are strategically located in campus buildings and selected outside areas (parking lots, etc.) to maximize visual security for all campus constituents. Other security and data protection initiatives in place relate to regular patching of critical systems, robust antivirus and SPAM filtering, and reliable archives (real-time on and offsite storage, disk-to-disk-to-tape) of critical data in the event of hardware or application failure. The Assurance emergency notification system ensures timely notifications to all faculty, staff, and students in the event of a campus, local, or regional emergency. Blue lights, campus-wide speaker system, and “panic” buttons are now in place and functional.

Information technology is an important component of the instructional and learning experience and is integral to research, teaching, and learning. MSU supports over 350 computers in twelve general access and teaching labs on campus and at the Minot Air Force Base Education Center. Software for campus labs is distributed and maintained from a common set of software images providing timely distribution, rapid install application packages, and critical Windows and antivirus signature file updates. Numerous niche labs exist in support of specialized training for students (arts, sciences, humanities, nursing, education, business, etc.). Internet capable learning spaces and kiosks are strategically located across campus to “informally” engage students in learning opportunities. Computer systems equipped with assistive technologies including Jaws, ZoomText, 21-inch monitors, monitor lifts, etc., are made available in open-access computer labs for persons with disabilities or special needs. Email is required for all students to receive official campus communications regarding Add/Drop Deadlines, Registration Information, Financial Aid, Campus Events, Emergency Notices, and more. Additional functionality with Office 365 for students is online space for file storage, file sharing, collaboration, and access to a free download of Office 365 ProPlus (MS Word, Excel, PowerPoint, etc.), a Microsoft workforce readiness initiative. A collaborative classroom is available to allow students to work on projects as a group, along with 2 collaborative spaces designated in the library.

Students attending Minot State University join a community of people devoted to creating and sharing information—activities that can be enhanced by information technology. Whether a full- or part-time student, living on campus or commuting, technology is available that allows for communication, personal development, and getting together (in person and virtually). BlackBoard Learn is the campus course management system supporting over 200 fully online courses as well as “blended courses” in which faculty enhance their face-to-face classes with interactive online learning experiences. Six degree programs are currently available totally online. Online orientation and full library services are available to all students. Blackboard supports deployable hosted and 3<sup>rd</sup> party building blocks for added functionality including Blackboard Collaborate, Tegrity lecture capture, Mobile Web, Cloud Services, Respondus lock down browser for secure testing, SafeAssign, and other product integrations. Blackboard Learn empowers instructors to engage every learner by motivating them on the personal devices they rely on. Several “flex” classrooms have been configured to support both face-to-face students and distance students in a synchronous hybrid environment. Students in the classroom and online are able to see, hear, and interact with each other and the instructor.

Collaborative teaching tools provide an interactive and engaged teaching and learning environment for faculty and students. Microsoft Sharepoint Services creates a single access point for faculty and students to engage in document sharing and team-based learning. Other Web-based collaboration tools are available to students and faculty including blogs, wikis, and other social media sites.

Maple T.A. complements the online course management system by providing Web-based testing and assessment for mathematics, science, or any course that requires mathematics.

A majority of the classrooms on campus are equipped with permanently installed video projection systems and other technology enhancements. Incorporating AppleTV and iPads/tablets has increased the level of collaboration for students and faculty in the classroom. Classroom technology, whether permanently installed or delivered on demand, is available in all academic buildings. Five classroom locations have videoconferencing capability, including high definition. A full-time IVN coordinator provides the scheduling and daily support for all video-enabled classrooms. Videoconferencing software is available for both PCs and Macs to allow users to join a traditional IVN class in session from their home or office or collaborate via “Meet Me”, bridging the “on site” requirement gap. Through an NDUS sponsored initiative, a Tegrity system is now available in each IVN classroom. Tegrity lecture capture makes class time available all the time for students by automatically capturing, storing and indexing every class session for replay to be access online at a later time via laptop, iPad, tablet, or a variety of other mobile devices. As interest increases, additional classrooms will be made “Tegrity” ready across campus.

Centralized IT staff provides support for a broad range of technology-enhanced services for faculty, staff, and students. Increased availability of and access to computing resources requires equally robust support services that make it easier for all students to succeed. MSU recognizes the strong connection between the quality of education and the quality of technology services available to students. IT Central (ITC) is a centrally located service organization comprised of a director, senior systems administrator, network operations manager, campus lab/desktop coordinator, electronics specialist, Help Desk coordinator, wiring technician, and Web designer/developer. In addition to working in a specific area of specialization, all technicians provide desktop support and actively test and evaluate new server- and network-based technologies to achieve increased flexibility and improve system responsiveness.

The Help Desk is a significant component of ITC. The office is open 5 days, 50 hours per week and is the University's first line of support relative to computer software and hardware issues, the use of instructional technology, access to server support services, and resolution of network-related problems. Help Desk services for students include hardware and software installation, equipment checkout (laptop, desktop, digital camera, projector, mini hub, etc.), removal of spyware and computer viruses, file storage, Web space, and software downloads, available free to all students. Wired and wireless Internet access is available in the residence halls and across campus free of charge. There are over 1200 active data ports and 250+ wireless access points.

MSU implemented numerous information services and systems, transforming the way the campus engages in educational and business processes. Active Directory authentication streamlines the process for rolling out new and innovative services. ShoreTel provides call management and voicemail services. Microsoft Office 365 currently provides email, calendaring, instant messaging and many other user collaboration services.

Tuitions and fees are for on-campus courses. The tuition and fees charged for most on-campus courses cap at 12 credits. Undergraduates may take up to 18 credits before an additional fee is charged. Graduate credits are capped at 12 credits for the tuition noted above.

Distance education courses do not cap at 12 credits, charges are calculated on all credits. In addition to the tuition and fees listed above, all distance courses will be charged an additional fee. Distance education courses are charged an additional access fee. The access fee is a per credit charge to a student to cover the added costs associated with delivery of a course. The fee varies from \$5 per credit for Bismarck courses to \$42.50 per credit for online courses.

A full-time student, for tuition purposes, is a person who is enrolled in 12 or more semester hours of credit.

The cost of tuition and fees for part-time enrollments is prorated. Some distance education courses pay per credit. These courses are not part of the 12 credit cap for charges.

\*\* Western Undergraduate Exchange Enrollment. In 2005-06, states that are a member of WUE include:

Alaska, Arizona, California, Colorado, Hawaii, Idaho, Nevada, New Mexico, Oregon, Utah, Washington, Wyoming and Commonwealth of the Northern Marianas Islands (CNMI). Montana and South Dakota are also members of WUE, students from these states receive the contiguous tuition rate.
