Administrative Offices

Academic Affairs

Vice President for Academic Affairs -----	Laurie Gellar
Assistant Vice President for Academic Affairs -----	T. Erik Kana
Associate Vice President for Graduate, Online, Distance and Continuing Education	Jacek Mrozik
Director of Academic Assessment	Michael Brooks
Executive Director, ND Center for Persons with Disabilities -----	Brent Askvig
Chair, Library -----	Jane la Plante
Director, Center for Engaged Teaching and Learning -----	Beth Odahlen
Director, International Programs -----	Libby Claerbout
Director, Honors Program -----	Jessica Smestad
Director, Office of Sponsored Programs -----	VACANT
Registrar -----	Rebecca Porter
Director, Institutional Research -----	Cari Olson

College of Arts and Sciences

Chair, Division of Humanities -----	Bill Harbort & Robert Kibler
Chair, Department of Mathematics and Computer Science -----	Scott Kast
Chair, Division of Music -----	Erik Anderson
Chair, Department of Science -----	Robert Crackel
Chair, Department of Biology -----	Alexander Deufel
Chair, Division of Social Science -----	Dan Ringrose
Chair, Department of Criminal Justice -----	Gary Rabe
Director, Northwest Arts Center -----	Greg Vettel

College of Business

Chair, Department of Accounting and Finance -----	Jay Wahlund
Chair, Department of Business Information Technology -----	Lori Willoughby
Chair, Business Administration -----	Lori Willoughby

College of Education and Health Sciences

Chair, Department of Communication Disorders -----	Ann Beste-Guldborg
Chair, Department of Teacher Education and Human Performance -----	Terry Eckmann
Coordinator, Master of Education Program -----	Deb Jensen
Coordinator, Elementary Education Program -----	Kathy Hintz
Coordinator, Physical Education and Human Performance Program -----	Terry Eckmann
Director, Advisement and Field Placement-----	Lisa Borden-King
Chair, Department of Addiction Studies/Psych/Social Work -----	Vicki Michels
Director, Addiction Studies -----	Vicki Michels
Director, Social Work -----	Nancy Gordon
Chair, Department of Nursing -----	Nicola Roed Chair,
Department of Special Education-----	Holly Pedersen

Student Affairs

Vice President for Student Affairs	Kevin Harmon
Director, Multicultural Support Services	Annette Mennem
Director, POWER Center	Holly Major
Director, Student Health Center	Michelle Fettig
Director, Residence Life	Devin McCall
Director, Student Center	Leon Perzinski
Director, Student Success Center	Lynda Bertsch
Director, Student Health and Development	Devin McCall
Director, Veterans Services	Andrew Heitkamp
Director, Enrollment Services	Katie Tyler
Coordinator, Student Activities	Aaron Hughes
Coordinator, Disability Services	Evelyn Klimpel
Student Publications	Nicole Thom-Arens
Nurse Practitioner	Heidi Peterson
Counselor, Student Development	Nancy Mickelson
Coordinator, Fitness Center	Paul Brekke
Coordinator, Residence Life	Camila Van Dyke

Administration and Finance

Vice President for Administration and Finance	Brent Winiger
Assistant Vice President, Business Services Controller	Jonelle Watson
Director, Facilities Management	Brian Smith
Director, Information Technology Center	George Withus
	Darren Olson
Director, Human Resources	Marc Wachtfogel
Director, Safety and Security	Gary Orluck
Director, Financial Aid	Laurie Weber
Manager, Bookstore	Angi Brown

Advancement

Vice President for Advancement	Rick Hedberg
Director, Marketing	Teresa Loftesnes
Director, Publications and Design	Doreen Wald
Director, Public Information	Michael Linnell
Director, Alumni & Annual Giving	Janna McKechnie
Officer, Major Gifts	Dan Langemo
Coordinator, Advancement	Kate Marshall

University Athletics

Director, Athletics -----	Andy Carter
Assistant Athletic Director for Development-----	Brock Weppler
Assistant Athletic for Compliance and Student Life -----	Steve Swenson
Director, Sports Information -----	Mike Linnell
Director, Marketing and Promotion -----	Sara Wiedmaier
Head Women's Basketball -----	Mark Graupe
Head Men's Basketball -----	Matt Murken
Head Men's Golf -----	Randy Westby
Head Women's Golf -----	VACANT
Head Volleyball -----	Dana Cordova
Head Women's Soccer -----	Jason Spain
Head Cross Country -----	Mark Del Monaco
Head Football -----	Mike Aldrich
Head Softball -----	Dave Kivett
Head Baseball -----	Scott Eul
Head Wrestling -----	Evan Forde

Data Source: NDUHSRA- Headcounts and FTE Enrollments Pg. 5 Institution Totals.-Data provided by Registrar's Office 4th Week Official Enrollment Data – September 2011.

Headcount indicates all students enrolled regardless of the number of credit hours for which they are enrolled (NDUS) * Includes two classified as unknown (1 full-time and 1 part time)

Percentage Change= Subtract old value from the new value, then divide by the old value, multiply by 100 for percentage. $\frac{\text{New Value}-\text{Old Value}}{\text{Old Value}} * 100 = \text{Percentage Change}$

Graduate and Undergraduate Combined

Data Source: NDUHSRA- Headcounts and FTE Enrollments Pg. 5 Institution Totals (4th Week Data)

Headcount indicates all students enrolled regardless of the number of credit hours for which they are enrolled (NDUS)

Percentage Change= <http://www.csgnetwork.com/percentchangealc.html>

Headcount Enrollment by Level

Headcounts include all students enrolled (FT and PT)

Source: NDUHSRA- Headcounts and FTE Enrollments Pg. 5 Institution Totals- (4th Week Data). Undergraduate Special (UG Special) refers to an individual who has previously earned a bachelor's degree and is taking additional undergraduate coursework. PeopleSoft includes these students in Senior Status.

Registrar's Office: Enrollment Report ID# NDUH2SRA pg 5 (4th Week Data)

* **FTE/Total** refers to full-time equivalent of total credit hour production (Total undergraduate credit hours divided by 16 or Total graduate credit hours divided by 12.). "Total credit hours" is the number of credit hours the full-time and part-time students enrolled in.

<http://www.csgnetwork.com/percentchange.html> FTE numbers were calculated by dividing total credit hours from first table by 15 for undergraduates and by 12 for graduates. Prior to 2006, the calculation was 16 for undergraduates and 9 graduates

Mission Statement

The Office of Institutional Research at Minot State University supports the university's planning and decision-making efforts so that the university can fulfill its larger mission. The office responds to requests from constituencies of the university in order to support decision making, assessment, policy analysis, effective management, projections and planning. It also responds to requests for information from outside agencies and other institutions and generates annual fact books and reports showing trends and comparisons to the North Dakota University System.

The goals of IR are to ensure that reports and analyses are accurate, timely and useful to Minot State University students, administrators, faculty and staff. To guarantee that MSU's mission is carried forward, the institutional research director works carefully to ensure that files dealing with student course and personnel data are as accurate and consistent as possible.

Source: North Dakota University System Office Webpage.

Data Source: North Dakota University System. Headcount is the total number of students enrolled regardless of the number of credit hours. NDUS reports the headcount as the number of students enrolled on the 4th week of classes in the term.

¹ "Enrollment at some institutions includes students who were registered but had not made payment or been granted an extension based on documented good cause as of the census date. This includes 24 students at NDSU, 40 students at UND, 71 students at NDSCS and 239 students at LRSC for a total of 374 students." (Creating a University System for the 21st Century, 2007 Fall Enrollments, November 2007, p. 1)

Source: NDUHSRA- Headcounts and FTE Enrollments Pg. 5 Institution Totals (4th Week Data) **Note:** Undergraduate Special (UG Special) refers to an individual who has previously earned a bachelor's degree and is taking additional undergraduate coursework. ***Note:** PeopleSoft software initiated in 2005. Undergraduate Special category no longer exists. These individuals are now included as seniors. To compare data for the seniors in 2005, the 2004 number used is the Senior + UG Special. **Note:** Undergraduate Special numbers were added to senior status for this chart.

Student Activity Fee Distribution

The per-semester fee for full-time students is separated into two portions: the university fee and the Student Government activity fee. The university fee supports activities that benefit the student body as a whole, while the Student Government activity fee goes toward supporting specific activities. The tables below provide a breakdown of the allocation of these fees. These are added to the tuition and are charged per semester.

University Fee	07-08	08-09	09-10	10-11	11-12	12-13	13-14	14-15	15-16	16-17	17-18	18-19

Note: PeopleSoft does not separate ND and Military from ND residents. Total nonresident includes all enrollments minus ND and military.

* Includes two students who did not identify gender. The "Total Non-Resident" category contains all students that are not residents of ND, including: out-of-state and international (including Canadian). Percentage change: <http://www.csgnetwork.com/percentchangealc.html>

FACTBOOK: Technology at Minot State University

Information Technology (IT) is a strategic necessity for Minot State University. Fundamental tools including e-mail, calendaring, file sharing, telephone, and Web access are important for administrative, academic, and research functions, and basic day-to-day operations. High-speed networking and performance computing, collaborative voice, video, and data tools, and other advanced technology services create innovative opportunities for the institution.

Reliable and redundant network infrastructure is the backbone on which all other services depend. IT infrastructure refers to the entire technology architecture that supports student, faculty, staff, and administrative computing activities on campus and from a distance. Components that make up the current technology architecture include, but are not limited to, switched and routed network backbone, wireless Internet access, and production support servers and appliances (file and print, backup, web, network support, directory services, CCTV cameras, firewall, filtering/bandwidth management, intrusion detection, patch management, antivirus gateway, remote access control, rapid application deployment, network/application resource monitoring, and secure network access).

The network infrastructure is the key component to support expanding technological developments across campus. The wired network needs to be reliable, robust, and secure transport system to meet the needs of the campus community and support access to the latest voice, data, and video technologies. Today, all edge switches support transfer rates up to 1 Gigabyte per second (1000 Mbps) from the core to the desktop and 10 Gigabytes per second on the campus backbone. A centralized data center with optimized environmental controls and expansion capability to house and support campus fiber connectivity an air-blown, single-mode fiber network infrastructure.

Infrastructure binds information technology systems together and allows systems to communicate with each other over a network. MSU participates in StageNET, the state-funded wide area network (WAN) consortium. StageNET offers reliable, cost-effective network services, enables convergence of voice, data, and video, and provides linkage through Internet2 and the Northern Tier Network to national and international research and development networks. Recent StageNET upgrades increase the state backbone to a 10 gigabit/second Ethernet ring with redundant failover links located in Fargo, Grand Forks, Minot, and Bismarck.

A critical component of the current and future technology infrastructure is security. In the past, access to computing and network resources was maintained in a relatively controlled environment with minimal remote or online access. Extensive availability to information over the network/Internet and via Web-based applications has increased the risk of unauthorized access and/or inappropriate use of information. Data security measures have been implemented, especially with regard to systems containing large amounts of personal information. Users with elevated access are required to pass additional verification processed to access sensitive areas such as Two-factor authentication.

Single sign-on utilizing one user id and password was implemented fall 2013 for all faculty, staff, and students. User authentication is required to access campus online resources including Campus Connection, wireless, Office 365, etc. The campus ID card system is designed to simplify access to services, events, and secure locations throughout campus. Security cameras are strategically located in campus buildings and selected outside areas (parking lots, etc.) to maximize visual security for all

campus constituents. Other security and data protection initiatives in place relate to regular patching of critical systems, robust antivirus, and reliable archives (real-time on and offsite storage, disk-to-disk-to-tape) of critical data in the event of hardware or application failure. The Assurance emergency notification system ensures timely notifications to all faculty, staff, and students in the event of a campus, local, or regional emergency. Blue lights, campus-wide speaker system, and “panic” buttons are in place for emergency and informational needs.

Information technology is an important component of the instructional and learning experience and is integral to research, teaching, and learning. MSU supports computers in numerous general access, specialized training, and teaching labs on campus and at the Minot Air Force Base Education Center. Software for campus labs is distributed and maintained from a common set of software images providing timely distribution, rapid install application packages, and critical Windows and antivirus signature file updates. Internet capable learning spaces and kiosks are strategically located across campus to “informally” engage students in learning opportunities. Computer systems equipped with assistive technologies including large monitors, monitor lifts, etc., are made available in open-access computer labs for persons with disabilities or special needs. Email is required for all students to receive official campus communications regarding Add/Drop Deadlines, Registration Information, Financial Aid, Campus Events, Emergency Notices, and more. Additional functionality with Office 365 for students is online space for file storage, file sharing, collaboration, and access to a free download of Office 365 ProPlus (MS Word, Excel, PowerPoint, etc.), a Microsoft workforce readiness initiative. Collaborative spaces are available to allow students to work on projects as a group.

Students attending Minot State University join a community of people devoted to creating and sharing information—activities that can be enhanced by information technology. Whether a full- or part-time student, living on campus or commuting, technology is available that allows for communication, personal development, and getting together (in person and virtually). BlackBoard Learn is the campus course management system supporting fully online courses as well as “blended courses” in which faculty enhance their face-to-face classes with interactive online learning experiences. Multiple programs are currently available totally online. Online orientation and full library services are available to all students. Blackboard supports deployable hosted and 3rd party building blocks for added functionality including Blackboard Collaborate, Tegrity lecture capture, Mobile Web, Cloud Services, Respondus lock down browser for secure testing, SafeAssign, and other product integrations. Blackboard Learn empowers instructors to engage every learner by motivating them on the personal devices they rely on. Several “flex” classrooms have been configured to support both face-to-face students and distance students in a synchronous hybrid environment. Students in the classroom and online are able to see, hear, and interact with each other and the instructor.

Collaborative teaching tools provide interactive and engaged teaching and learning environment for faculty and students. Microsoft Sharepoint Services creates a single access point for faculty and students to engage in document sharing and team-based learning. Other Web-based collaboration tools are available to students and faculty including blogs, wikis, and other social media sites. Maple T.A. complements the online course management system by providing Web-based testing and assessment for mathematics, science, or any course that requires mathematics.

A majority of the classrooms on campus are equipped with permanently installed video projection systems and other technology enhancements. Incorporating smartphones and iPads/tablets have increased the level of collaboration for students and faculty in the classroom. Classroom technology, whether permanently installed or delivered on demand, is available in all academic buildings. Six classroom locations have high definition videoconferencing capability. A full-time IVN coordinator

provides the scheduling and daily support for all video-enabled classrooms. Videoconferencing software is available for both PCs and Macs to allow users to join a traditional IVN class in session from their home or office or collaborate via “Meet Me”, bridging the “on site” requirement gap. Through an NDUS sponsored initiative, a lecture capture system is now available in each IVN classroom. Tegrity or YuJa lecture capture makes class time available all the time for students by automatically capturing, storing and indexing every class session for replay to be accessed online at a later time via laptop, iPad, tablet, or a variety of other mobile devices.

Centralized IT staff provides support for a broad range of technology-enhanced services for faculty, staff, and students. Increased availability of and access to computing resources requires equally robust support services that make it easier for all students to succeed. MSU recognizes the strong connection between the quality of education and the quality of technology services available to students. IT Central (ITC) is a centrally located service organization comprised of a director of desktop services, director of network services, network operations manager, mac/classroom specialist, security control officer, helpdesk coordinator, wiring technician, and Web designer/developer. In addition to working in a specific area of specialization, all technicians provide desktop support and actively test and evaluate new server- and network-based technologies to achieve increased flexibility and improve system responsiveness.

The Help Desk is a significant component of ITC. Requests may be submitted online at <https://www.minotstateu.edu/helpdesk> or by emailing helpdesk@minotstateu.edu. The office in Old Main 108 is open Monday-Friday from 7:30am-4:30pm and is the University's first line of support relative to computer software and hardware issues, the use of instructional technology, access to server support services, and resolution of network-related problems. Help Desk services for students include hardware and software installation, equipment checkout (laptop, desktop, camera, projector, microphone, etc.), removal of spyware and computer viruses, file storage, Web space, and software downloads, available free to all students. Wired and wireless Internet access is available in the residence halls and across campus free of charge. There are over 1200 active data ports and 250+ wireless access points.

Tuitions and fees are for on-campus courses. The tuition and fees charged for most on-campus courses cap at 12 credits. Undergraduates may take up to 18 credits before an additional fee is charged. Graduate credits are capped at 12 credits for the tuition noted above.

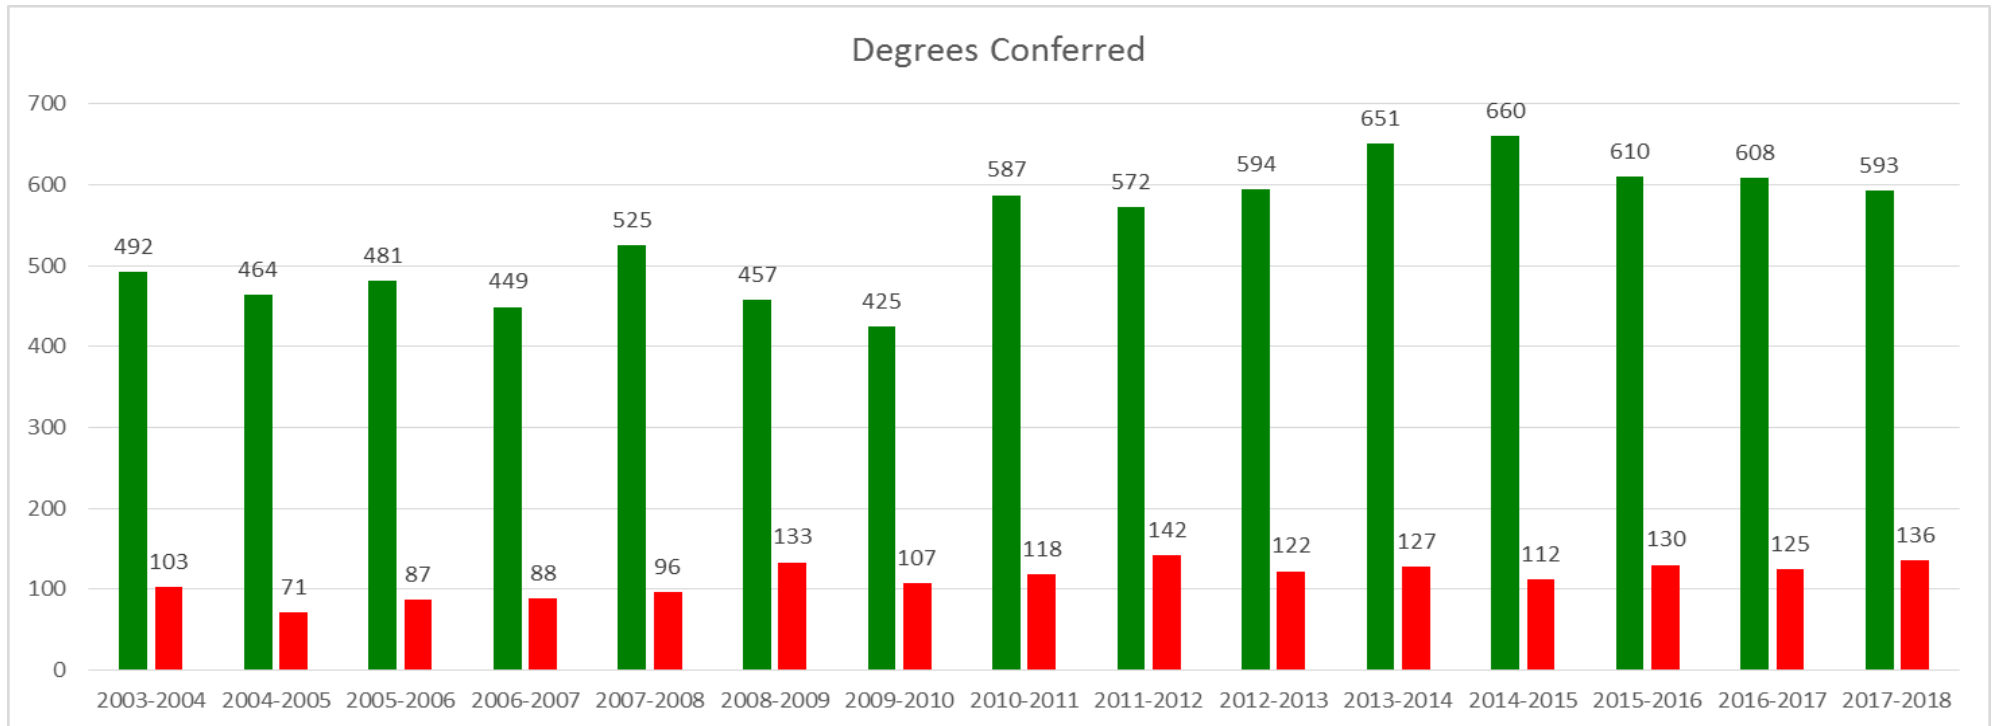

Distance education courses do not cap at 12 credits, charges are calculated on all credits. In addition to the tuition and fees listed above, all distance courses will be charged an additional fee. Distance education courses are charged an additional access fee. The access fee is a per credit charge to a student to cover the added costs associated with delivery of a course. The fee varies from \$5 per credit for Bismarck courses to \$42.50 per credit for online courses.

A full-time student, for tuition purposes, is a person who is enrolled in 12 or more semester hours of credit.

The cost of tuition and fees for part-time enrollments is prorated. Some distance education courses pay per credit. These courses are not part of the 12 credit cap for charges.

** Western Undergraduate Exchange Enrollment. In 2005-06, states that are a member of WUE include:

Alaska, Arizona, California, Colorado, Hawaii, Idaho, Nevada, New Mexico, Oregon, Utah, Washington, Wyoming and Commonwealth of the Northern Marianas Islands (CNMI). Montana and South Dakota are also members of WUE, students from these states receive the contiguous tuition rate.

Data Source: Completions Data for NDUS Provided by Registrar's Office. Graduation data for first majors is from the annual publication "North Dakota University System: Programs Offered/Completed at North Dakota Institutions of Postsecondary Education."
