

[MC2 New and Readmitted Students & Not Meet - Email to newly admitted students and readmitted students with a Home address in states where we do not meet educational requirements for licensure]

June 6, 2024

fld_NAME_DISPLAY

fld_EMAIL_ADDR

Home State: C.DESCR

Dear fld_FIRST_NAME,

We received your recent application for the H.DESCR major. Minot State University is required to provide students with information regarding whether their selected program meets the requisite educational requirements for licensure eligibility in the student's home state. In doing so, Minot State University is dedicated to exploring and assisting your path forward to licensure in your home or desired state of employment.

As of our last review, we have determined that our H.DESCR program does not meet the educational requirements for licensure in your home state of C.DESCR. If you plan to pursue licensure and work in your home state after graduation, we will not be able to process your application and a hold will be placed on your account preventing enrollment. However, students do have the option of completing a form affirming their future state of employment that is different from their current state of residence. If that is the case, please contact me to discuss your career plans, and we can review the licensure requirements for that state.

We encourage you to review the educational requirements for licensure information for any state or territory where you may seek employment after completing the program. Additional information may be found at: www.minotstateu.edu/licensure

Licensure requirements are subject to changes at any time. While a program may originally meet the educational requirements for licensure, changes in requirements could impact the program's ability to meet new educational requirements. Students should periodically check with the state licensure board or agency in the state(s) they intend to work in to confirm licensure requirements.

Only licensure boards or agencies can determine whether a program has met requirements. These boards and agencies make that determination after someone graduates or completes the program and applies for a license. After all reasonable efforts, we have provided our best assessment of how our program matches up to educational requirements for the license.

Minot State University cannot guarantee the ability to earn any professional license, in any field, in any state or territory.

If you have additional questions, please contact me.

Sincerely,

Jolina Miller

Dear fld_FIRST_NAME,

We received your recent application for the H.DESCR major. Minot State University is required to provide students with information regarding whether their selected program meets the requisite educational requirements for licensure eligibility in the student's home state. In doing so, Minot State University is dedicated to exploring and assisting your path forward to licensure in your home or desired state of employment.

We have not yet determined whether our H.DESCR program meets the educational requirements for licensure in your home state of C.DESCR. If you plan to pursue licensure and work in your home state after graduation, we will not be able to process your application and a hold will be placed on your account preventing enrollment. Please contact me to discuss the possibility of making a determination in the near future.

However, if you plan to pursue licensure or work in a different state, we may already meet the education requirements in that state. If that is the case, please contact me to discuss your career plans, and we can review the licensure requirements for that state. Students do have the option of completing a form affirming their future state of employment that is different from their current state of residence.

We encourage you to review the educational requirements for licensure information for any state or territory where you may seek employment after completing the program. Additional information may be found at: www.minotstateu.edu/licensure.

Home State: C.DESCR

Dear fld_FIRST_NAME,

We received your recent major or address change. Minot State University is required to provide students with information regarding whether their selected program meets the requisite educational requirements for licensure eligibility in the student's home state. In doing so, Minot State University is dedicated to exploring and assisting your path forward to licensure in your home or desired state of employment.

The B.DESCR program does not meet the educational requirements for licensure in the state you are currently residing, C.DESCR. A hold has been placed on your account preventing enrollment. However, students do have the option of completing a form affirming their future state of employment that is different from their current state of residence. If that is the case, please contact me to discuss your career plans, and we can review the licensure requirements for that state.

We encourage you to review the educational requirements for licensure information for any state or territory where you may seek employment after completing the program. More information about the educational requirements for licensure can be found on this website: www.minotstateu.edu/licensure.

Licensure requirements are subject to changes at any time.
