Dear fld_FIRST_NAME,

Welcome to Minot State University! You are currently a H.DESCR major. This program has been identified as one that could potentially meet state educational requirements for a licensed profession.

As of our last review, we have made the determination that our H.DESCR program meets the educational requirements for licensure in your home state of C.DESCR. This applies to educational requirements only. States may also have additional requirements such as exams, supervised field experiences, background checks, fees, etc. Requirements can also change without notice, so it is important that you stay in contact with your advisor about licensure requirements.

If you relocate or plan to pursue licensure in another state, this program may not meet the educational requirements in that state. You should work with your advisor to investigate the licensure requirements in that state. More information about the educational requirements for licensure can be found on this website: www.minotstateu.edu/licensure.

If you have additional questions about licensure requirements, please contact us.

Dear fld_FIRST_NAME,

Welcome to Minot State University! You are currently a H.DESCR major. This program has been identified as one that could potentially meet state educational requirements for a licensed profession.

As of our last review, we have made the determination that our H.DESCR program does not meet the educational requirements for licensure in your home state of C.DESCR. However, we believe the number of additional courses or other requirements to meet the licensure requirements are minimal. We strongly encourage you to visit with your advisor to determine how you can meet the requirements.

If you relocate or plan to pursue licensure in another state, this program may not meet the educational requirements in that state. You should work with your advisor to investigate the licensure requirements in that state. More information about the educational requirements for licensure can be found on this website: www.minotstateu.edu/licensure.

If you have additional questions about licensure requirements, please contact us.

Dear fld_FIRST_NAME,

Welcome to Minot State University! You are currently a H.DESCR major. This program has been identified as one that could potentially meet state educational requirements for a licensed profession.

We have not made the determination if our H.DESCR program meets the educational requirements for licensure in your home state of C.DESCR. This does not mean that our program does not meet the requirements; we simply do not know at this time. We strongly encourage you to visit with your advisor to determine how you can meet the licensure requirements of your state.

If you relocate or plan to pursue licensure in another state, this program may not meet the educational requirements in that state. You should work with your advisor to investigate the licensure requirements in that state. More information about the educational requirements for licensure can be found on this website:
