

Adding the YuJa Recording Tool to the Course Content Page

1. Click the circled + icon  in a module or directly on the Course Content page, then select Content Market.
2. Look for the **YuJa – MiSU** tool.
3. Select the circled + icon .
4. The YuJa Recording tool link should now be on the Content Page. Be sure to make the tool visible if you have assignments that require students to use the tool.
