Campus Connection: Importing Grades from Blackboard

Grades Integration provides an option for instructors to import grades from their SAIP (PeopleSoft)-created Blackboard course directly into Campus Connection instead of entering grades manually. This document provides a step-by-step overview of how the process works.

1. In Campus Connection navigate to
 - a. **Self-Service**
 - b. **Faculty Center**
2. **Grade Roster** Click on **Import Grades** button as shown below. This will pull grades displayed in the "CC Final Grade" column from the Blackboard course into Campus Connection.

The screenshot displays the 'Grade Roster' page for 'CS Test 8.55' in the 'Faculty Center'. The user is Darrell Neubert. The course is 'MRKT 301 - 1 (14432)' titled 'Principles of Marketing (Lecture)'. The table below shows student grades with columns for ID, Name, Roster Grade, Official Grade, Grading Basis, Program and Plan, and Level. A red box highlights the 'import grades' button in the 'Grade Import' section.

ID	Name	Roster Grade	Official Grade	Grading Basis	Program and Plan	Level
1				GRD	Administration - BS-Business Administration/Major Accounting	Senior

2. In Campus Connection, you will import grades for each section.
 - a. When you import grades in the first section, all grades will populate for the students in this section; and student in the other section(s) will show in the 'Grade Import Error Log' with the error 'Student does not exist on Roster'.

FN, UN, FNN, and UNN GRADES

When grading in Blackboard, remember to use FN, UN, FNN, UNN in the following situations:

FN, UN	Use these grades when a student stops attending class, and earned an F or U. You will need to enter the last date of attendance in the Grade Roster in Campus Connection.
FNN, UNN	Use these grades when a student never attended your class.

**These grades are used by Financial Aid in determining if disbursed funds are required to be sent back.*

Additional Notes

The "CC Final Grade" column is pre-configured to be the default Learn grade column used with the Campus Connection grade import. This column can be hidden but not deleted and is not required to be used. Another grade column could be used for importing grades as long as that column meets these conditions:

- Column is set as the External Grade Column
- Primary display of the column uses a Learn Letter Grading Schema that matches the Campus Connections Grading Basis. Learn schema options have been added to match the most common Campus Connections Grading Basis. These Learn schemas start with CC Final Grade + the Campus Connection Grading Basis abbreviation.
