

CONFIDENTIALITY AND NON-DISCLOSURE AGREEMENT FOR
STUDENT PARTICIPATION IN FACULTY RESEARCH

In consideration of the opportunity to gain research experience by participating in the research project of (defined herein as the Project Director) at Minot State University beginning , I hereby, acknowledge that the Intellectual Property created in this project belongs to the Project Director, and agree to maintain the said Intellectual Property in confidence.

I understand that Intellectual Property includes technical information, know-how, show-how, copyrights, models, patterns, drawings, specification, prototypes, inventions, lab books, notes. etc., that may be developed in association with or in any way directly related to the research project.

I further hereby agree to safeguard and maintain as confidential, to the best of my ability, any Confidential Information, including all Intellectual Property, that is understood at the time of disclosure to be confidential, or that may be disclosed to me during the course of the above-mentioned research project. I further agree that I shall regard information pertaining to the research project as confidential even if there is no explicit indication of such and will obtain permission from the Project Director before I disclose such information. I also acknowledge and agree that only the non-confidential part of the research, identified by the Project Director, can be used in my graduation paper (thesis) and that the Project Director shall be able to review and edit my graduation paper (thesis) prior to its presentation and/or publication to exclude any inadvertently included confidential information.

I agree that upon the completion or termination of my participation in the research project, I shall promptly return to the Project Director my lab books, draft notes and all written records produced in association with or in any way directly related to the research project.

I also agree that upon the completion or termination of my participation in the research project, I shall be entitled to use and disclose general experiences, learning, and training acquired during the said participation so long as such disclosure or use does not relate to specific Confidential Information of the project. (For greater certainty, I acknowledge that the Project Director will conduct an exit review with me at the termination of my participation in the project to define any specific confidential information, which I shall be restrained from using or disclosing.)
