A NEWSLETTER FOR EMPLOYEES AND FRIENDS OF MINOT STATE UNIVERSITY

MSU spring enrollment holds even in 2009

Minot State University realized increases in key enrollment categories, as the spring 2009 enrollment came in even, compared to the same time last year. Spring 2009 enrollment is set at 3,322, a zero percent change from enrollment in spring 2008.

“Our commitment to Minot State’s strategic enrollment priorities remains strong,” said MSU President David Fuller. “We saw healthy increases in the number of Ward County students, international and Canadian students, as well as an increase in those taking classes either at Minot Air Force Base or in Bismarck.”

The population of Ward County students has seen steady increases over the past two years. With almost 1,800 students from the immediate region surrounding the Magic City, that marks a 12 percent increase from spring 2007.

The total number of international (non-Canadian) students jumped almost 80 percent from spring 2008. Minot State currently enrolls 61 international students compared to 34 last year.

The number of Canadian students also increased to 272, up 15 percent.

Diversity on the Minot State campus continues to grow, as 132 Native American students are attending spring 2009 classes, a five percent increase.

Minot State teaches a variety of courses away from our main campus, in traditional classrooms, and has seen a steady increase in these numbers as well. At the Minot Air

Force Base, 248 students take one or more of their courses and 102 enroll in one or more courses in Bismarck.

The total number of graduate students enrolled at Minot State University increased 2 percent, compared to the same time last year, and now sits at 300, in 10 available graduate programs.

Due to workforce needs and a desire by some students to start jobs before graduating, a recent enrollment trend at Minot State has shown fewer individuals interested in being full-time students, but increases, as much as 15 percent, in students taking classes part time.

Minot State University helps with North Dakota College Goal Sunday

On Feb. 22, Minot State University staff will participate in the second annual North Dakota College Goal Sunday. They will be available to help college-bound students and their families complete and submit college financial aid applications online in Main 314 and 316, 1-3 p.m.

This is a free event for students interested in furthering their education after high school. Many students and their families are unfamiliar with the financial aid application process. College Goal Sunday's objective is to get students on the right track toward applying for aid to pay for college.

Most colleges, universities and vocational and technical schools in the nation require students seeking federal financial aid, including grants and loans, to complete the Free Application for Federal Student Aid. Because many types of aid are awarded on a first-come, first-serve basis, this form should be completed as soon as possible after Jan. 1. March 15 is the priority deadline in North Dakota. While forms may still be submitted after this date, students may miss aid opportunities.

"At College Goal Sunday, we help students complete the FAFSA properly and before important deadlines," said Merri Jo Connoles, financial aid counselor.

As an added bonus for participants, all students who complete a FAFSA at North Dakota College Goal Sunday will receive a flash drive. Each potential student also has a chance to win a \$500 scholarship, a laptop or other prizes. Prizes have been sponsored by the Bank of North Dakota, Basin Electric Power Cooperative, Bremer Bank of Grand Forks, Education Assistance Corporation, Standing Rock Sioux Tribe Education Department and Student Loans of North Dakota.

Participants should bring the following documentation to College Goal Sunday:

- Social Security Number (student's and parents')
- Alien registration card (if not U.S. citizen)
- 2008 Federal Tax Return and W2 (student's and parents')
- 2008 untaxed income records (veteran non-education benefits, child support, worker's compensation)
- Driver's license (if any)

The Indiana Student Financial Aid Association, with funding from Lilly Endowment Inc. and supplemental support from Lumina Foundation, created College Goal Sunday for Education. The North Dakota Association of Student Financial Aid Administrators received a grant from Lumina Foundation to implement a program in North Dakota. More than 125 local

volunteers will be assisting students throughout the state on Feb. 22.

Other cities taking part in North Dakota College Goal Sunday are Belcourt, Bismarck, Dickinson, Fargo, Fort Totten, Fort Yates, Grafton, Grand Forks, New Town and Williston. For specific time and site information, visit www.collegegoalnd.org, call (866)454-3308 or e-mail collegegoal@nd.gov. For specific questions for the Minot site, contact the MSU Office of Financial Aid at 858-3375.

Victim Assistance Academy looking for training participants

Individuals who routinely work with crime victims have a unique opportunity to participate in a weeklong academy this summer at Minot State University, June 7-12. The deadline to sign-up for this first-time program is March 2.

A U.S. Department of Justice grant, given to MSU's Rural Crime and Justice Center, funds the Victim Assistance Academy for North Dakota. This year, a large portion of the academy's costs is supported by

the grant. The total cost for 40 hours of skills-based training, tuition, meals, lodging and materials is \$70 per student.

The program will benefit law enforcement officers, social workers, prosecutors, advocates or any professional who works with crime victims.

"What we plan to do with this program is enhance the knowledge and skills of those professionals who spend their

time, day in and day out, with crime victims in North Dakota," said Nancy Murphy, Victim Assistance Academy coordinator. "The Rural Crime and Justice Center is all about conducting research, evaluation and training through the use of state-of-the-art technology and a well-educated, experienced staff."

For more information, or to request an application, contact Murphy at 1-800-777-0750 ext. 3447 or nancy.murphy@minotstateu.edu. Educational credit for the academy is available, pending approval.

Linares inducted into his alma mater's Hall of Fame

Thomas Linares, chair of Minot State University's

Department of Communication Disorders and an associate professor of communication disorders, has devoted his career to bettering the lives of others, both locally and internationally. For this reason, Linares was inducted into the Western Oklahoma State College Alumni Association Hall of Fame on Feb. 6. WOSC, a community college in Altus,

Okla., used to be known as Altus Junior College when Linares attended there from 1968-70.

"It is truly an honor for us to have the opportunity to bring friends and alumni of the college together to help us pay tribute to a very outstanding recipient, Dr. Thomas Linares. He has truly demonstrated his commitment and dedication to Western, as he has carried his pride for this institution into his other education endeavors, career and personal life," said Larry Duffy, vice president of development and alumni relations at Western Oklahoma State College. "We are excited to have this opportunity to bring one of our own 'home' to thank, recognize and honor as the 2009 Inductee into the WOSC Alumni Association Hall of Fame."

"While attending Altus Junior College, I quickly learned the meaning of 'faculty mentorship.' Each of my instructors took the time to meet with me, counsel me, motivate me and challenge me to go as far as I could in life," Linares said. "To this date, I recall each of their names and faces. This tells me that my instructors had an impact on my life, which I would like to share with my students."

Linares continued his education by earning his bachelor's and master's degrees in communication disorders from Oklahoma State University in Stillwater, Okla., and his doctorate from Northwestern University in Evanston, Ill. During the summers of 1995 and 1996, Linares organized two trips to Central America, where he, along with doctors, nurses and students, brought medical supplies and provided medical services to over 1,000 people.

Minot State's communication disorders program is rated one of the best and recognized nationally for the highly qualified students enrolled. Linares has worked with the North Dakota

Department of Public Instruction to solicit full-ride scholarships and arranged graduate-paid externships.

Linares and his wife, Jackie, have three children, Gordon, Justine and Garrett.

The WOSC Alumni Association Hall of Fame began in 1996. Linares is the 15th inductee to receive this prestigious honor.
