 - Sept 3 meeting yielded new ideas to publicize, and some institutional support for limited invitations, publicity and reception.
- **Charges to Committees**
 - **Academic Hall of Fame**—The committee should connect with campus entities that can help with planning. They may need to clarify distinction between Golden Awards and Academic Hall of Fame when seeking nomination.
 - **Academic Policies**—Set up a schedule to review policies so that outdated policies are updated and the best and most correct information is available. Part of this discussion includes developing a policy for who makes policy, which is a larger campus discussion. For the upcoming year, the Academic Policies Committee is asked to create a schedule to review policy, which may develop into a policy that details how often we should be reviewing and updating policies.
 - **Athletic Policies**—Charged to clarify how their responsibilities differ from the institutional Athletic Committee.
 - **Budget and Salary**—Go back and explore revisions or other funding models within the state and beyond for best practices regarding adjunct salary schedules. Share that information with all faculty receiving those contracts, specially our online and adjunct faculty.
 - **Committee for the Peer Review of Teaching**—Bring to FS proposed change to their mission, and take a more proactive approach in meeting their original committee charge by actively reaching out to faculty seeking promotion and tenure.
 - **Constitutional Review Committee**—Faculty Senate approved a motion to move the Curricular Diversity and Campus Climate Committee (CDCCC) duty of certifying courses to the General Education Committee duties, to insert language about a member of the CDCCC serving on the General Education Committee, and to record that part of CDCCC's charge is to attend to Diversity on campus which does include examining course offerings and experiences within the Faculty Senate (FS) bylaws. The Constitutional Review committee was requested to recommend appropriate language make the above changes in the FS bylaws.
 - **Faculty Research Committee**—Include Cari Olson as a non-voting member.

- **General Education**—Create language for the webpage clarifying that undergraduate special students are not required to take Gen Ed courses, and encourage programs to submit upper level courses for designation as Developmental Content courses in the Gen Ed sequence.
 - 1) Continue to review potential new Gen Ed courses for inclusion in the new Gen Ed option list.
 - 2) Continue to educate the campus community on the new Gen Ed by attending departmental/division meetings when deemed helpful.
 - 3) Review the Gen Ed appearance on the MSU website to be sure that forms and information are up to date and easily assessable.
 - 4) Develop pamphlets for both faculty and students to explain the new Gen Ed and also, the rationale behind its development.
 - 5) Report the progress of the new Gen Ed to Faculty Senate when necessary.
 - 6) Review the 2015-2016 Catalog information when it becomes available to be sure that any new courses and policies are updated appropriately.
 - Nilsen recommended the committee use the FAQ in the Gen Ed document that was created by the Gen Ed Ad Hoc committee as a starting point.
 - See *Report to Faculty Senate on Proposed New Model for General Education* located here: <http://www.minotstateu.edu/academic/GeneralEducationReform.shtml>
- **Summary of 2014 Faculty Satisfaction Survey Results**
 - Summary of the survey questions were distributed
 - President DeVera Bowles spoke about the work Andy Bertsch and Harry Hoffman did and thanked them for their efforts.
 - Indicated she spoke with President Shirley about the results
 - At the next meeting, Andy Bertsch and Harry Hoffman will present their results of the trend analysis of all surveys from 2006 to the most present one.

5. Approval of Christopher Keller as the Parliamentarian

- *Motion to approve Chris Keller as Parliamentarian (Nilsen/Hoffman); motion approved.*

6. Approval of at-large positions for Faculty Senate Executive Committee:

- *Motion to approve Joseph Jastrzembski and Lisa Borden-King to serve on FSE (Westby/Olson); motion approved.*

7. Administrative Reports

a. President's Report – Dr. Steve Shirley

- Measure 3—Will likely see more PR on the measure in the coming weeks. Encouraged faculty to read the language closely on the ballot measure.
- State Board of Higher Education (SBHE)—SBHE is planning to have a new strategic plan out in October; has not seen a draft version yet; their plan will impact our strategic plan
- Enrollment—down about 5.5% compared to a year ago; the enrollment model

indicated we'd be down about 2.5%; we do need to get enrollment turned around

- CTE Project—All campuses go before the SBHE every even year and present ideas. Each campus gets to bring two projects forward and UND and NDSU get to bring three projects. Chancellor indicated MSU's proposed projects would not be prioritized. Thus, in July new project ideas were developed at the last minute and a new proposal was put forward, which was unanimously approved by the SBHE. The project will travel through the next steps of the process. Met with both K-12 superintendents and community members as well.
 - President Shirley addressed faculty questions about how the CTE project fits MSU's mission, curriculum support, and daycare.

b. VPAA's Report – Dr. Lenore Koczon

- Welcome back and good luck this semester!
- Thanked those who helped with new faculty orientation.
- Thanked those who participated and gave mini-sessions at convocation.
- Keep U Safe Campaign on campus—a grant program to educate students about Title IX rights and to provide programs and services on campus.
- PTSD training session on campus via Veterans Affairs Office
- Reminder: BSE degrees switching to BSEd degrees
- Dual credit—HLC changed their rules and regulations going into this year; dual credit instructors need to participate in assessment activities at the campus (e.g., Gen Ed, etc.)
- Wrapping up interviews for coordinator of the Graduate School
- Dr. Neil Nordquist will retire in December
- Considering restructuring the Graduate School and Office of Sponsored Programs
- Affordable Care Act (ACA) issues are being worked out for different employees—adjuncts, RAs, graduate students; need to consider how many hours adjunct instructors work and where should the healthcare start. Federal guidelines are 2.25 x credit hours but these do not consider labs or studio hours or other types of different teaching formats.
- Reinforce Academic Hall of Fame info—moving the day and time will hopefully create a better turnout.
- Extend hope and prayers to Dick Jenkins who is quite ill.

8. Report by SGA Representative – Chelsea Geis, Kevin Gilgallon

- Welcome back activities last week
- SGA retreat the Monday before classes
- First official meeting with Dr. Shirley on the lawn next week
- September 23 elections for Homecoming King and Queen
- Next state meeting is in Wahpeton

9. Report by Staff Senate Representative – Rebecca Porter

- Staff Senate will be creating a cookbook to sell to raise funds
- Thank you for the help with the picnic
- Tuition waiver program – online courses 50% supported by campus and 50% by individual

- Measure 3 – NDSU will have debate that will be broadcast

10. New Business

a. Faculty Senate Exec Committee appointments and elections.

- DeVera acknowledged the open positions on committees
- See handout

 - Consider: Where the survey results should be housed, how to publicize results, the function of the survey—to help FS President and MSU President to understand the campus climate and how to put the info to its best use
 - *Motion to approve the committee (Willoughby/Nilsen); motion approved.*
 - Discussion: we need an additional member from each college; ShaunAnne Tangney (CAS), Johanna Westby (COTEHS), agreed to participate
 - DeVera will contact deans of COB and COTEHS for two more members
- *Ad hoc* Committee on evaluating committees: Kevin Neuharth, Linda Cresap, Daniel Ngugi, Chris Keller—one additional member needed.
 - Purpose: To assess whether existing standing committees should still exist, if they are doing their work, if they need to change their mission/charge
 - *Motion to approve the committee (Hayton/Hoffman); motion approved.*
 - Discussion: Ann Beste-Guldberg pointed out no COTEHS member and agreed to find a member.
- Suspension Appeals Committee—Kenneth Bowles agreed to be a member
- Student Association liaison—Jean-Francois Mondon requested Faculty Senate vote on another Student Association liaison to attend Student Association meetings.
