

TECHNICAL STANDARDS FOR ADMISSION

The Athletic Training Program at Minot State University is a rigorous and intense program that places specific requirements and demands on the students enrolled in the program. An objective of this program is to prepare graduates to enter a variety of employment settings and to render care to a wide spectrum of individuals engaged in physical activity. The technical standards set forth by the Athletic Training Program establish the essential qualities considered necessary for students admitted to this program to achieve the knowledge, skills, and competencies of an entry-level athletic trainer, as well as meet the expectations of the program's accrediting agency (Commission on Accreditation of Athletic Training Education [CAATE]). The following abilities and expectations must be met by all students admitted to and enrolled in the Athletic Training Program. In the event a student is unable to fulfill these technical standards, with or without reasonable accommodation, the student will not be admitted into the program or be allowed to remain enrolled in, or to graduate from the program. Compliance with the program's technical standards does not guarantee a student's eligibility for the BOC certification exam.

Candidates to be admitted or to maintain enrollment in the Athletic Training Program the must demonstrate:

1. The mental capacity to assimilate, analyze, synthesize, integrate concepts and problem solve to formulate assessment and therapeutic judgments and to be able to distinguish deviations from the norm.
2. Sufficient postural and neuromuscular control, sensory function, and coordination to perform appropriate physical examinations using accepted techniques; and accurately, safely and efficiently use equipment and materials during the assessment and treatment of patients.
3. The ability to communicate effectively and sensitively with patients and colleagues, including individuals from different cultural and social backgrounds; this includes, but is not limited to, the ability to establish rapport with patients and communicate judgments and treatment information effectively. Students must be able to understand and speak the English language at a level consistent with competent professional practice.
4. The ability to record physical examination results and treatment plans clearly and accurately.
5. The capacity to maintain composure and continue to function well during periods of high stress.
6. The perseverance, diligence and commitment to complete the athletic training program as outlined and sequenced.
7. Flexibility and the ability to adjust to changing situations and uncertainty in clinical situations.
8. Affective skills and appropriate demeanor and rapport that relate to professional education and quality patient care.

Candidates for selection to the athletic training program are required to verify

they understand and meet these technical standards or that they believe that, with certain accommodations, they can meet the standards.

If a student's ability to meet the standards changes while enrolled in the program, as deemed so by the program director, a hearing with the student, program director, additional faculty member and a representative from the Office Of Disability Services will be held to determine the best course of action.

The *Minot State University Office of Disability Services, LM-South lower level or 858-3371*, will coordinate documentation and evaluation of a student who states he/she could meet the program's technical standards with accommodation. The student must provide appropriate documentation of a qualified disability and properly request a reasonable accommodation pursuant to applicable laws. If the stated condition is a qualified disability, the University will confer with the student and appropriate medical professionals to identify possible reasonable accommodations and determine whether the student can meet the technical standards with a reasonable accommodation. The accommodation shall not jeopardize clinician/patient safety, or the educational process of the student or the University, including all coursework, clinical experiences and internships deemed essential to graduation.

I certify that I have read and understand the technical standards for admission listed above, and I believe to the best of my knowledge that I meet each of these standards without accommodation. I understand that if I am unable to meet these standards I will not be admitted or be allowed to remain enrolled in the program.

Alternative statement for students requesting accommodations:

I certify that I have read and understand the technical standards for admission listed above and I believe to the best of my knowledge that I can meet each of these standards with a reasonable accommodation. I will contact the Minot State University Office of Disability Services, LM-South lower level or 858-3371, to document my disability, and request and identify reasonable accommodations. I understand that if I am unable to meet these standards with or without accommodations, I will not be admitted or allowed to remain enrolled in the program.
