Help us Revitalize

SUMMER THEATRE

Current Condition

Project Description

A total revitalization of the MSU Summer Theatre complex. Overhaul would include the complete re-location of the main restrooms from the upper level of the amphitheater to the lower/ground level of the complex, providing additional accommodations and increase physical accessibility for our patrons. The concession stand will also be re-located to the ground level, which will take on more of a mall or plaza-like appearance. Enhancement and expansion of cast dressing rooms and the box office/ticketing area are being planned, along with the addition of a canopy covering the stage. A number of other improvements to the facility will greatly enhance the comfort and convenience of the audience.

Project Benefits

A revitalized Summer Theatre facility will ensure continued audience enjoyment of high quality musical and dramatical productions by thousands of patrons each season, for years to come.

The project is consistent with the overall Vision for Summer Theatre, which is “to create a thriving, vibrant community by providing a safe, accessible and aesthetically pleasing environment that promotes and supports the performing arts, while enhancing the quality of life of our patrons.”
